

Hoy-Beck.

A very pretty wedding took place at the home of Mr. and Mrs. John Beck, at Nittany, on Wednesday at eleven o'clock a. m., when their younger daughter, Miss Ruth Beatrice, became the bride of J. Nevin Hoy, formerly of Hubersburg, and now an electrical engineer in the signal and switch department of the Pennsylvania Railroad in Philadelphia.

The ceremony was performed by Rev. J. W. Shultz, of St. Mark's Lutheran church, of Snydertown, the ring service being used. The bride was attired in white silk marquisette over white chamusee and was attended by her cousin, Miss Alice Walker, of Williamsport, who wore a gown of white silk poplin. The groom's brother, Harold Hoy, acted as best man and Master Jack Brandt, of Pittsburg, a nephew of the bride, was ring bearer. About fifty guests were present, consisting of relatives and the members of a social club of which the bride and groom were both members.

The house was prettily decorated with rhododendrons and roses. A wedding breakfast was served immediately after the ceremony, after which the bride and groom left for a short tour to New York city and up the Hudson, after which they will reside in Philadelphia.

DEATHS.

After being totally helpless for about a year and speechless for some months due to several strokes of paralysis, William Ripka passed away at his home in Georges Valley, on Monday forenoon. Interment was made on Wednesday morning, in the Georges Valley cemetery, Rev. F. W. Barry officiating. There survive these children: George A., at home; Franklin P., Spring Mills; John E., Zion; William O., Spring Mills; Mary C., wife of D. W. Sweetwood, Spring Mills. Two children—Anna and Maggie—are dead. Mrs. Ripka, whose maiden name was Miss Mary Rupp, also survives.

He was born April 16, 1836, making his age over seventy-seven years. He, like nearly all his brothers, was a wood-worker, and did much work in finishing houses throughout the county. It has been intimated to the writer that the Penn Central Electric Company would again make an effort to secure a franchise in Centre Hall borough. The Reporter at this time wishes to state that it will not oppose a franchise with reasonable conditions embodied in it. This paper, now, as in the past, will not stand in the way of progress, but it will oppose any measure that has the appearance of fastening unreasonable burdens upon the people of Centre Hall.

The Neighborhood Traveler.

It is written, and the world believes it, that travel is the infallible, exclusive cure for provincialism. Perhaps! Ultimately that depends on what the man takes with him in his wanderings. Merely to go accomplishes naught. In fine, one need not travel at all. If the man with the common eye will but use his eyes he may bring all the world to him. The Alps and the Rockies are worth seeing, indeed, but the man who is capable of really seeing them, if among them, is capable also of beholding landscape and glory in his own neighborhood.—Booklovers' Magazine.

Slightly Inconsistent.

"Do you think golf a suitable game for women?" "I should say not. Why, I saw a man playing once, and all he did was to walk around a field with a club in his hand and stop every few minutes to swear."—Buffalo Express.

Your farm work will be easier if you use good implements

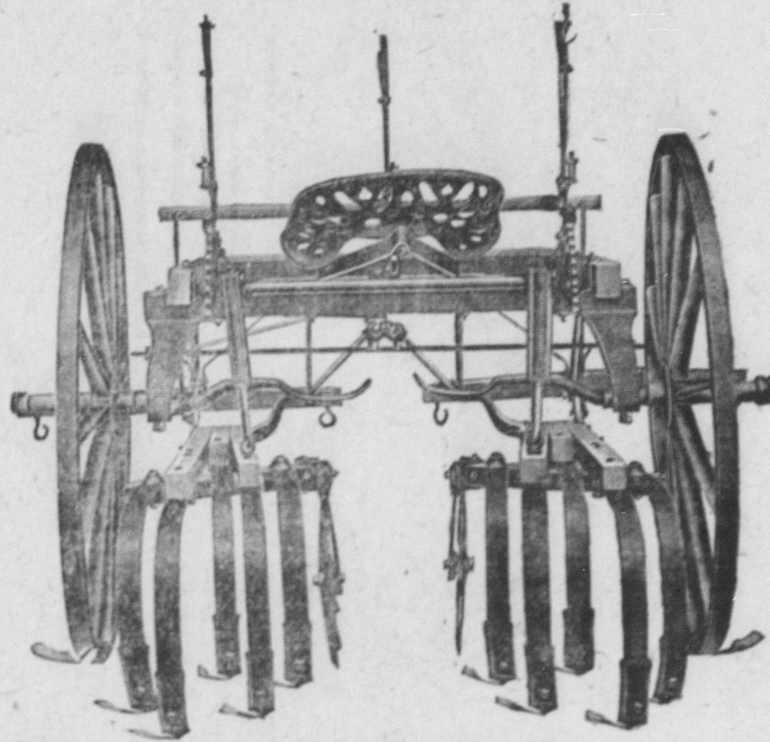

Make your work on the farm easier by using machinery that works well under all conditions, thus eliminating all the worry which comes from using inferior implements.

We handle only the best line of machinery it is possible to buy. Nothing is purchased by us until we are satisfied it will meet the exacting demands of the farmer, who is ever on the lookout for any implement which will save time and labor, better prepare the soil, and better harvest the crop.

The most needed farm implement right now-- Albright Riding Cultivator

This Spring Tooth Riding Cultivator is beyond a doubt the most durable, convenient and efficient Riding Cultivator made. The design of the machine employs all the latest improvements. It has improved pivoted extension spindles which give the easiest operation possible, open tongue, separate hoisting levers to raise and lower the gangs which can also be set to use but one lever, spring connection for applying pressure on the gangs, lever for adjusting the space between the gangs, lever to guide the machine while the operator walks, etc.

These Cultivators are well painted, striped and varnished and will please the most critical buyer.

IT'S NOT TOO EARLY TO PREPARE FOR THE HAYING SEASON

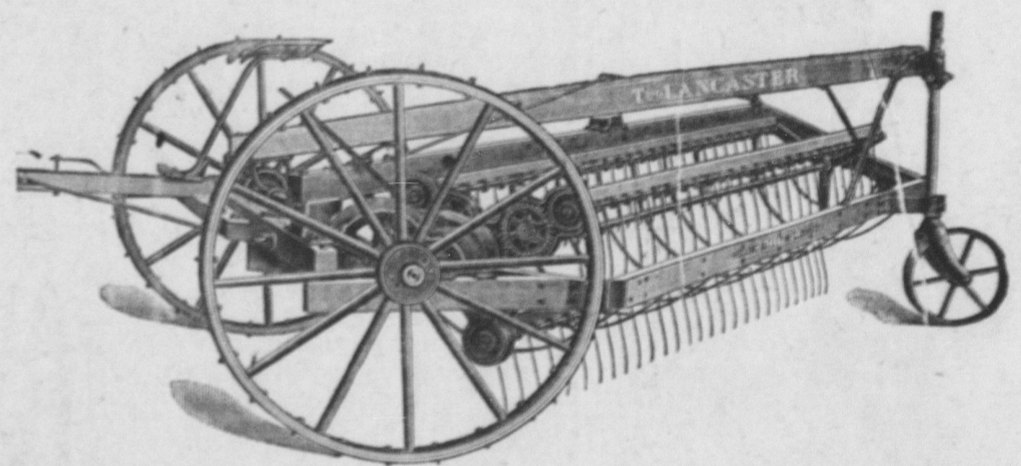

The "Lancaster" Side-Delivery Hay Rake

is a true friend of the farmer with the heavy hay crop.

The "Lancaster" gathers up the hay in a continuous, loose and fluffy windrow, which allows the wind to pass through freely.

Note its simple construction, strength is one of its chief qualities. All gears are protected and long timothy is delivered clean instead of becoming wrapped in the gearing as is the case with other machines. It rakes the shortest blue grass as well as the heaviest clover and timothy.

More farmers are purchasing the Lancaster every year, which means more satisfied farmers.

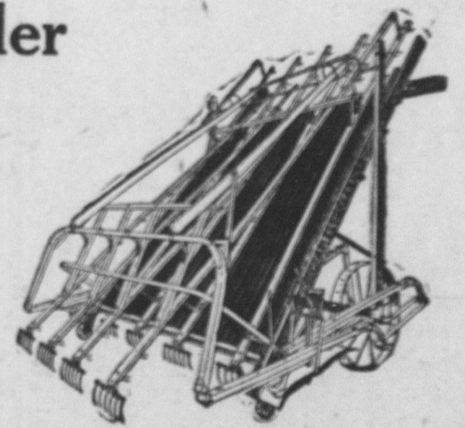

The "Gearless" Hay Loader

Cleans up the hay field in short order

Its name describes it—it is gearless, and has no gears to break, clog up, chains and sprockets to break, run off and cause no end of trouble. The long easy stroke delivers the hay whether heavy or light, on the wagon in better shape without chewing it up, without tearing off the lever or without threshing out the seed as other loaders do.

The GEARLESS Hay Loader is not the cheapest hay loader you can buy but it is the best one. They are worth more than is asked for them.

The GEARLESS does its own loading. It pushes the hay well up onto the wagon; it does not need a watchman to keep it from clogging. The Gearless is sold on its merits, because it never fails to perform the work it is sold to do. The Gearless will pick up and load windrows and haycock which other machines cannot handle.

JOHNSTON MOWER. Make sure of a perfect cutting of grass this summer by using a Johnston Mower on your hay crop. We are well acquainted with all makes of mowers and think the Johnston the best investment. Ask us more about it.

We have described only a few machines here, but we have on hand many more. Our business is to serve the farmer, and serve him well. If you are interested, see us.
