

SUFFERED AWFUL PAINS

For Sixteen Years. Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Moretown, Vermont.—"I was troubled with pains and irregularities for sixteen years, and was thin, weak and nervous. When I would lie down it would seem as if I was going right down into some dark hole, and the window curtains had faces that would peek out at me, and when I was out of doors it would seem as if something was going to happen. My blood was poor, my circulation was so bad I would be like a dead person at times. I had female weakness badly, my abdomen was sore and I had awful pains.

"I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash and they certainly did wonders for me. My troubles disappeared and I am able to work hard every day."—Mrs. W. F. SAWYER, River View Farm, Moretown, Vermont.

Another Case.
Gifford, Iowa.—"I was troubled with female weakness, also with displacement, I had very severe and steady headache, also pain in back and was very thin and tired all the time. I commenced taking Lydia E. Pinkham's Vegetable Compound and I am cured of these troubles. I cannot praise your medicine too highly."—Mrs. IMA MILLSLAGE, Gifford, Iowa.

ALL TO HELP IN GOOD WORK

Aid of Everyone Interested in Fight Against Ravages of Tuberculosis Is Assured.

Churches, schools, labor unions, fraternity orders and other organizations to the number of 200,000 at least will be asked to join the anti-tuberculosis workers of the country in the observance of the Fourth National Tuberculosis day, which has been designated for December 7, according to an announcement by the National Association for the Study and Prevention of Tuberculosis. The movement will be furthered throughout the country by more than 1,000 anti-tuberculosis societies working through various state organizations and the National association. Personal appeals will be made to clergymen, school principals and leaders of various organizations urging them to set aside a definite time during the week preceding or the week following December 7, for a lecture on tuberculosis.

ECZEMA ON HEAD AND FACE

Reedy, W. Va.—"My baby boy when three weeks old took the eczema on the head and face. It broke out in pimples and first they looked like blisters and a yellow water would run from them. His head was perfectly raw and his hair was all gone. Everybody said he would never have any more hair. As the sores spread his hair came out. The breaking out itched so badly that we had to keep gloves on his hands to keep him from scratching his head and face. It caused disfigurement. He couldn't rest at night it burned and itched so badly.

"He was treated for eight months and he got worse all the time. So I decided to try Cuticura Soap and Ointment. In two months he was completely cured after using the Cuticura Soap and two boxes of Cuticura Ointment." (Signed) G. A. Dye, Jan. 7, 1912.

Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. L, Boston."—Adv.

KEY WAS UNDER DOOR MAT

Important Information for Which Conductor of Indianapolis Car Held the Passengers.

The South East street car was hurrying on its way toward the end of the line. Near the ten hundred block the single line branches out into a switch. The cars slow up and the passengers, generally known personally by the conductor, often have time to exchange pleasantries as the cars pass. A German woman was on the car coming downtown the other day. As the car slid on the switch and started to pass the other she got up excitedly and waved toward the car headed for the end of the line.

"Oh, Charlie! Oh, Charlie!" she shouted at a youth on the other car, evidently her son, on his way home. Charlie did not catch the signal at first, and the cars gathered speed.

"Charlie! Charlie!" came the voice, this time more insistent. Then Charlie looked around and saw the other car going off the switch, with the woman still waving excitedly.

The motorman was aroused by this time and, thinking that the summons was urgent, stopped the car and Charlie jumped off and made a bee-line for mother.

She met him at the door. "I just wanted to say that the key is under the mat at the back door!" she yelled. And Charlie jumped off, waved at his conductor and caught his car amid the cheers of the other passengers.—Indianapolis News.

Some men never brace up because they take too many braces.

BIG GAME CARTRIDGES

The time of all others when reliable cartridges are invaluable is in big-game hunting. A miss-fire, an inaccurate cartridge, or one having poor penetration may mean the loss of a coveted trophy or even injury to the hunter. Winchester, the W brand of cartridges, smokeless or black powder, can always be relied on to be sure fire, accurate, and to have speed and penetration. ALL WANT TO NAME THE BABY

Advice Heaped in Profusion on Keepers of Big City's Zoological Gardens.

"The arrival of a baby animal or bird of any kind from a hippopotamus to a canary at either of the city zoos gives people all over town a chance to spread themselves in the matter of names," said a New York park keeper.
"Everybody wants the honor of naming the baby. Letters come from all parts of the city, and from the surrounding country suggesting names that the writers think appropriate. Patriotism runs high among our correspondents. If they had their way half the animals in the park would be called 'Abe' Lincoln, and a large part of the other half 'Teddy' Roosevelt. Regardless of the sex of the youngster, these two presidential appellations are urged upon us.

"Classical and Scriptural names also have their advocates. Hercules and Plato in particular are proposed.
"Of all the ladies of antiquity Niobe seems to have first call. Once in a while a writer of a sentimental turn of mind suggests a more modern romantic name. Out of consideration for the animal fancy names are taboo to start with. To call a beast of the jungle Violet or Queenie is enough to shame the most docile of infants into a reversion to type.

Proving it.
"Men are worth much more than women."
"No such thing!"
"Yes, they are. Husbands are not easy to get always, but brides are just given away."—Baltimore American.

Forty Years in Style.
City Cousin—But, Cousin Eben, you can't go to the party in those clothes. Your grandfather wore those at least 40 years ago.
Country Cousin—That's all right. You don't suppose there'll be anybody at the party who saw him in them, do you?

Abandoned Project.
"Two hearts that beat as one." The museum manager mused.
"Oh, well," he went on, continuing his soliloquy, "I suppose we could get up a freak like that, but she wouldn't be in it with the two-headed girl, anyway."—Puck.

Never Touched Him.
"Want to go to the theater tonight?"
"I have nothing to wear," said his wife peevishly.
"That won't matter. I only meant one of those moving picture theaters, where it's dark."—Louisville Courier-Journal.

Evening Things Up.
"Mamma," said four-year-old Thelma, "Harry wants the biggest piece of pie and I think I ought to have it."
"Why, dear?" queried the mother.
"Cause," replied Thelma, "he was eating pie two years before I was born."—National Food Magazine.

Know Him?
"Why does Noknob wear that uniform?"
"He's a scout."
"What kind?"
"A good old."

Honesty may be the best policy, but there are a lot of men from Missouri.

Strength

Does not come from exercise alone, but also from the food one eats.

For real strength there is no better food than

Grape-Nuts

A breakfast dish of Grape-Nuts and cream is the regular morning custom of a mighty host who know the value of right food.

Being partially predigested, Grape-Nuts is quickly converted into strength for body and brain—the power to "do things."
