No. 849. Provision may be made by cities of the second class for the care and maintenance of the families of aged, retired, disabled or injured policemen and firemen. No. 850. The law requiring a temporary hospital at each anthracite mine is amended to require one at the surface as well as in the mine. No. 851. Relates to hearings by courts of common pleas of disputes arising as to the reasonableness of license fees fixed by municipalities for telegraph, telephone, light or power companies. No. 854. The Public Service Commission law. Defines public service companies. Prescribes and defines their duties. Limits their powers, and regulates their incorporation. Creates commission for their regulation, giving exclusive power over construction, alteration or abolition of crossings, and lays upon the commission the duty of enforcing existing laws, governing public service corporations. No. 855. Provides for refunding to several counties the amounts advanced for care and maintenance of criminal insane. No. 856. Authorizes Boyd L. Hunter of Centre county to sue the state for the death of his son, while said son was employed by the state. No. 857. Permits any municipality to create a Bureau of Mine Inspection and surface support, to be headed by a practical engineer, with power to enter, inspect, examine and survey any mine within city limits. Requires owners of mines to provide bureau with an accurate map of mine, and to record extensions. Requires mine owners to erect artificial supports under streets and alleys. JAPS HERE; SENT BY MIKADO Railroad Official and Student of Mining Investigate American Methods. Pittsburgh, Pa.—Commissioned by the Mikado, two Japanese subjects are here gleefully investigating industrial and educational matters to be put to practical use when they return to their native land. Yakichi Haga, traffic manager of the Imperial Railroad in Japan, is making a trip around the world, having left Japan last winter. He spent several months on the western and gulf coasts. Haga was interested in Pennsylvania's new public utilities law. In seven years, he says, Japan has revolutionized its railroad system. It is that time 17 private railroads have been absorbed by the government and amalgamated into one road, covering the entire Japanese domain. He is traffic manager of this road. Haga is of the opinion that government ownership in this country, from what he has been able to learn, would be a great thing. He says Japan has, in a few years, placed the transportation facilities on a basis that would otherwise have taken decades. This has been done, he says, by sending students to the United States to study railroading here. Keosuke Kanako, who is from Akita, Japan, is on his way to Japan from Berlin, Germany, where he has been a student in the Royal Technical School for three years. When he returns to Japan he will assume a professorship in the Royal School of Mines. While here Kanako will inspect the Carnegie Steel plants and the educational institutions of the city. LUCKLESS CHILD'S ARM BROKEN Both Legs Have Been Fractured, Kicked By Horse and Suffered Every Ill. Washington, Pa.—Riley Walters has again proved his right to the title of the most luckless boy in Greene county. Riley is aged 2 years and 11 months, and his brief career has been one almost continual round of accidents and mishaps. He fell, and when he was picked up it was found one of his arms was broken. The boy but recently recovered from injuries sustained when he tried to swing on the tail of a horse grazing in a pasture. The horse kicked and the boy was injured about the head. On his first birthday young Riley's right leg was broken and the day he was aged 2 years his left leg was fractured. Between accidents he has suffered practically every ailment known to childhood. Hunters' License Blanks. Harrisburg, Pa.—Application blanks and other papers for the enforcement of the new hunters' license act were sent by the state game commission of county treasurers. The cost will be one dollar for licenses secured directly of county treasurers and \$1.15 for those secured through justices of the peace. Descriptions of applicants must be made on the blanks.

Most men are too polite to adhere strictly to the truth. Mrs. Winslow's Soothing Syrup for Children teething, softens the gums, reduces inflammation, allays pain, cures wind colic, &c. a bottle 40c. Paradoxical Effort. "Pop, why do they put stops on an organ?" "To make it go." Wright's Indian Vegetable Pills put the stomach in good condition in a short time. Try them for Sick Stomach, Biliousness and Indigestion. Adv. Its Definition. "How do you make this out to be a case of light assault?" "Please, your honor, the defendant hit the plaintiff with the lamp." For Sunburn, Insect Bites, Icy Poison or any other skin inflammation use Tyree's Antiseptic Powder and get quick relief. 25c. at drug stores. Sample sent free by J. S. Tyree Washington, D. C.—Adv. Stoppage at Source. Friend—What does the doctor say? Casey—He seems to be elated because he has the fever nearly down to where it was when he started.—Puck. Already Converted. "No man can serve two masters," observed the good person, who was visiting the penitentiary. "I know it," replied Convict 1213. "I'm here for bigamy." Its Use. "After all, dust is a great publicity promoter." "How so?" "Doesn't it keep the streets and public highways in the eye of the people?" Japanese Courtesy. A country where courtesy is a business, and business but a gentle avocation, reflects its peculiarity in the most trifling details of conduct. Such a country is Japan and such a detail recently came into notice when a city electric bureau of Tokyo asked the patrons on its street car lines how they preferred to be addressed when it was necessary to urge them to "move up." Out of the 2,719 suggestions sent in the independent selects and translates six, as follows: "Those not getting off, to the middle, please!" "The middle is more comfortable!" "I'm sorry, but all move on by one strap!" "There's a pretty girl about the middle of the car!" "A pickpocket has just come on board!" The municipal authorities frowned somewhat upon the last three suggestions, but the conductors will be taught to use some of the other forms. Is it possible that the Japanese hope to enjoy an efficient traction service on such terms? Apparently they hope to, and we pass along the Japanese idea as a helpful hint to the gentlemen who jerk a gong on the bear of our own street cars. Peculiar Live Stock Farm Canadian Has Pleasant Possibilities in His Proposed Raising of Black Foxes. Probably few, if any, men in this province have started a black fox farm at less cost than Robert Rowley, proprietor of the Laurentide preserves at Lake Edward, says a Quebec correspondent of the Montreal Gazette. While up at Roberval Mr. Rowley heard that a man there had four young pups, part red and part black. It is said that nobody wanted to buy the animals, though the price was about \$10 or so a head. Mr. Rowley gave the man his price. The next morning Mr. Pridman, manager of the black fox ranch of Lieutenant Governor Wood of New Brunswick, who had been scouring the country for young stock, saw the foxes and immediately went into the hotel and in front of every one present offered Mr. Rowley several thousand dollars, but was refused. When the villagers realized the offer some of them almost collapsed on the spot and the place has been fox crazy ever since. Mr. Rowley is also purchasing a pure black dog fox at a very small sum and will cross it with the litter which he got so cheaply. He expects to have a litter of pure black foxes next spring. Quaint Critic. George B. Luks, the painter, said to a critic in his New York studio: "Your criticism is at any rate original and amusing, my boy. It reminds me of the colored laundress in the Uffizi Gallery. "When this colored laundress visited the Uffizi, her mistress led her up to Correggio's masterpiece. "There, Hannah, what do you think of that?" she said. Hannah, shaking her head lugubriously, stared a long while at the pictured angels whose white robes were all yellowed by time, and then, with a sigh and a disapproving shake of the head, she said: 'De saints is de last folks to put up wiv bad laundry work.'" What She Wanted. She walked into the public library and sweetly said: "I would like 'The Red Boat,' please." The librarian diligently searched the catalogue and came back with: "I don't think we have such a book." Flushing a bit, she said sweetly: "May the title be 'The Scarlet Yacht'?" Again he looked, with the same result. Then with her pretty fingers she dived into her bag, consulted a slip of paper, and said: "Oh, I beg your pardon. I meant the 'Rubiyat.'"—Glasgow Weekly Herald. Norway is to have one of the world's greatest hydroelectric plants, developing 216,000 horsepower. Some girls fall in love, and some others are pushed in by anxious mothers.

Rheumatism Is Torture Many pains that pass as rheumatism are due to weak kidneys—to the failure of the kidneys to drive off uric acid thoroughly. When you suffer aching, bad joints, backache too, dizziness and some urinary disturbances, get Doan's Kidney Pills, the remedy that is recommended by over 150,000 people in many different lands. Doan's Kidney Pills help weak kidneys to drive out the uric acid which is the cause of backache, rheumatism and lumbago. Here's proof. A GEORGIA CASE. O. A. Askey, Sparta, Ga., says: "I was so stiff and lame that I couldn't get around without help. There was a soreness just above my right knee joint, with swelling. I had to walk on crutches. Doan's Kidney Pills relieved me quickly and I have been since one hundred per cent. better ever since. I am grateful to Doan's Kidney Pills." Get Doan's at Any Store, 50c a Box. DOAN'S KIDNEY PILLS FOSTER-MILBURN CO., BUFFALO, N. Y. FROM THE BALL ROOM TO HELL. Its endorsement by both pulpit and press should be recommendation enough for placing it in every library; price 25c; read it, and if not satisfied return it and get your money back. Address Home Co., Ansonville, Pa. BANISH THOSE WRINKLES. Crow's feet, and lines from your face, if your skin is wrinkled, seamed, furrowed, faded and sagging you need the Peerless Wrinkle Treatment. JACOB A. GARY, Hildreth, Ia. Very Warm. A party of commercial travelers were drawing the long-bow and spinning yarns of wonderful adventures on sea and land. A silent listener sat in the corner. Presently one of the company addressed him. "Have you traveled much, sir?" "A little. I've been round the world seven times." "Then you must have had some striking experiences. Perhaps you would like to tell us one or two." "Well," said the stranger, "perhaps the most remarkable was on my last voyage. At one time we found the heat so terrific that we used to take it in turns to get down into the stokehold to get a cooler." "No more yarns were related that evening." In the Stone Age. "Here are sign words, professor, on the walls of this cave." "So I see." "They tell, no doubt, a tale of great historical value." "Not exactly. This is just the lease of the cave. Says the tenant must pay forty clamshells per month in advance and isn't allowed to keep dinosaurs, pterodactyls or sabre-toothed tigers." Professional Comfort. "That photographer ought not to have been dejected when his best girl refused him." "Why oughtn't he?" "Because he certainly got a good negative."

Cracking Good— Post Toasties and cream A Royal Treat
