

WORLD CIRCLING TOUR

Series Probably Be Inaugurated in Chicago in October.

Special Train to Coast to Be Decorated With Flags of All Nations to Be Visited—Japan First Foreign Country.

The world circling series between the Chicago White Sox and the New York Giants will be inaugurated with a contest at Cincinnati on October 18. After the game the tourists will board their train, which will be decorated with the flags of all the nations to be visited. A band of music will accompany the party as far as the Pacific coast to enliven the trip and furnish entertainment before the games to be played on the way west.

An entire month will be spent in reaching Vancouver, from which place the party is booked to sail on November 10. On the way to the coast the teams will play games in the middle south and southwest, and will enter California by way of Los Angeles. Games are to be played in that city and in San Francisco, Sacramento, Portland, Tacoma, Seattle and Vancouver before boarding the steamer for Japan.

The first stopping place after quitting the United States will be Japan, where the native sons already have acquired a great liking for and considerable knowledge of the American pastime. The tourists will continue their trip to China, then to the Philippine Islands, where they will be on United States soil again.

From Manila the athletes will travel to Australia, with games booked for the leading cities of that great sporting country. More long-distance traveling will be in order after quitting Australia. India, possibly Calcutta, will draw a game, and then Cairo, Egypt, where a battle will be waged at the foot of the sphinx. If this doesn't bring the sphinx back to life and make him talk, his case may be considered hopeless. Italian cities, Rome, Venice, Genoa and Florence, will next be visited. France, Germany and Austria will be visited before the Americans leave the continent for the British Isles.

It is hardly likely that any games will be played in John Bull's backyard. The weather at that time of the year is too inclement for pastime. The big cities will be visited, however, with a grand finale at Dublin before departing by steamer from Queenstown. The teams will then hustle back to America to go into their respective training camps.

The players who will be selected to make up the two teams will be picked as much for their personalities as for their baseball skill. It is realized that the great American game will be on trial in all of the countries visited, and it is the aim of the promoters to insure sportsmanlike conduct both on and off the field throughout the trip. Men who will realize and attempt to uphold the dignity of their nation's game will be chosen, in so far as possible.

The National commission will select an umpire to accompany the team and officiate as the representative of baseball's "supreme court" during all the games. This will avoid the risk of giving the sport a black eye in foreign lands through disputes or controversies that would be almost certain to grow out of inexperienced umpiring.

MAX CAREY MAKES A RECORD
Fast Pittsburgh Outfielder Scores Four Runs in Recent Game Without Being "At Bat."

When Max Carey scored four runs without making a hit in a recent game against the Phillies, a record was claimed for him. The claim is well founded, as far as the majors are concerned, but back in 1895 Billy Hulen, then with Minneapolis, drew six bases on balls and scored as many times.

Max Carey.

No Chance for Trade. There is absolutely no chance of Tinker getting Bob Harmon from the Cardinals for Bob Becher and Pitcher Suggs. Huggins says Tinker will not listen to the trade, even if he wanted to put it over.

Connie Mack has failed to land one college player he wanted—Sam Felton, the Harvard pitcher, who declined an offer to play with the Athletics.

The veteran Cy Seymour is managing a semi-pro team in New York and he avers that it can beat any of the major league teams that wish to hook up with it in exhibitions.

LEFT-HANDED STAR SHOWS GREAT FORM

Rube Marquard of Giants.

The return to form of Rube Marquard has been highly pleasing to the baseball fans of the metropolis. Rube has done fine work for the Giants this season and has made himself solid once more with the followers of the Giants. Last season he hung up a record of 19 consecutive games won in the early part of the year. After that he struck a big slump and lost almost as many games as he had won in the earlier part of the campaign.

During the world's series Rube did effective work in the box. Much speculation was indulged in this year as to whether or not he would be of much assistance to the Giants in their pennant fight. At the start of this season Rube did not show anything wonderful, but as the season wore on he has gradually struck his stride and has been a big factor in keeping the Giants at the top in the National league race.

AS THE PITCHER WINDS UP.

From Second Base—Put 'er right over, big as a barn—he can't hit it. From Right Field—Make 'im hit it, ol' man; make 'im hit it.

From the Shortstop—'Nother strike out, ol' sport. This is a punkin.

From the Side Lines—Make 'em put it over. Wait fer a good one. Make 'im cut the plate.

From the Catcher (signaling for a straight ball)—Now one o' them curly ones under the chin. Throw it right at his bill.

From the Left Field—Ho! Ho! Here's an easy one! Toss it to 'im.

From the Bench—Soak 'er down this way, ol' 'dub, an' watch me eat it.

From Third Base—Cut the pan, ol' sport; cut the pan—they can't touch it in a 'ousand years.

From the Bleachers—Right on the nose, Chimmie; right on the nose. A nice, clean single, bo; a nice, clean single.

"Han' 'im one of them fade-aways."

"Move the fielders back about a mile."

"A home run, Chimmie; a home run."

"Send 'er down to shortstop—he can't never stop it."

"Wait fer a base on balls, ol' man—the pitcher's wild."

"Knock the cover off'n it."

"Kill it! Kill it!"

"Here's five dollars, me boy, for a home run."

"Make 'em be good, ol' scout; make 'em be good."

Then from the umpire, as the pitcher is about ready: "Hey, hold on a minute. Say, there, somebody dust off the plate a little."

And then it all begins again—Puck.

Mathewson is Greatest.
A number of ball players anxious to discover the reason for the remarkable effectiveness of Mathewson, Plank, Sallee, Miner, Brown, Chief Bender and other veteran pitchers this season studied the records the other day and their research brought to light the fact that Mathewson was the greatest all-round twirler of all times. The specialties and strength of each big league twirler were examined and the ranking was found to be the following:

Most speed—Walter Johnson.
Best curve—Amos Rusie.
Hardest to hit—George Edward Waddell.

Greatest all-round pitcher—Christopher Mathewson.

Disapproves of Change.
Walter Johnson is not strong for the change in systems. Walter thinks that Ban Johnson should keep the record of games won and lost and not how many earned runs were made off the pitcher.

Honus Wagner a Writer.
Hans Wagner is writing the story of his life for a Pittsburgh paper. Unlike the articles with the names of other diamond stars attached to them Honus is said to be really penning the stories himself.

COMMERCIAL
Weekly Review of Trade and Market Reports.

Dun's Review says:

"Business confidence is strengthening and there is slightly more disposition to extend operations further into the future. Most advices indicate a larger volume of trade than a year ago, while some industrial centres report more machinery active, with a reduction in the number of unemployed."

"Labor troubles exert a retarding influence in a few sections, but disturbances of a serious nature are absent. Lower temperatures have had a stimulating effect on distribution of merchandise at retail and the fall season appears to be opening up fairly well. "Less conservatism is manifest in the market for wool. Buyers of leather are operating more freely. Both retail and jobbing trade in footwear is moderately active. Pig iron reflects increased firmness, with heavy sales of Southern iron a feature. The strong statistical position of copper has been reflected in a continued rise in prices."

"Failures numbered 282, against 291 last year, and 20 in Canada, compared with 24."

HENPECK HAS LITTLE JOKE

For Once He Turned the Tables on His Wife, and Surely Had a Right to Laugh.

Henpeck was in a state of delight all the evening; it was so evident that at last we asked whether some one had left him a fortune.

"No, but it is the joke of the age. I have been laughing all day. This morning when I went into the dining room at breakfast time there was no meal visible. I went into my wife's room and there she was still asleep. So unlike Bertha, you know. I called her: 'Say, Bertha, it's eight o'clock; I want my breakfast.' Not a movement. I shouted; shook the bed; brought in the frying pan and beat the reveille upon it. All to no purpose. What was I to do? Time was passing and I didn't feel inclined to go to work hungry. Get my own breakfast? Not on your life. What am I married for? Then a bright thought struck me. I took off my shoes, crept as quietly as I could along the passage, a board creaked; in a moment Bertha was awake.

"James, where have you been?"
"And you should have seen her when she realized the truth. Ha! ha!"

Ready for Him.
A conductor stumbled twice over the foot of a small boy. Looking back at the mother, the conductor said:
"Some people seem to have very awkward children."

"Yes," said the mother; "I was just thinking your mother'd one."

DIDN'T KNOW
That Coffee Was Causing Her Trouble.

So common is the use of coffee as a beverage, many do not know that it is the cause of many obscure ailments which are often attributed to other things.

The easiest way to find out for oneself is to quit the coffee for a while, at least, and note results. A Virginia lady found out in this way, and also learned of a new beverage that is wholesome as well as pleasant to drink. She writes: "I am 40 years old and all my life, up to a year and a half ago, I had been a coffee drinker."

"Dyspepsia, severe headaches and heart weakness made me feel sometimes as though I was about to die. After drinking a cup or two of hot coffee, my heart would go like a clock without a pendulum. At other times it would almost stop and I was so nervous I did not sleep at all."

"If I took a walk for exercise, as soon as I was out of sight of the house I'd feel as if I was sinking, and this would frighten me terribly. My limbs would utterly refuse to support me, and the pity of it all was, I did not know that coffee was causing the trouble."

"Reading in the papers that many persons were relieved of such ailments by leaving off coffee and drinking Postum, I got my husband to bring home a package. We made it according to directions and I liked the first cup. Its rich, snappy flavor was delicious."

"I have been using Postum about eighteen months and to my great joy, digestion is good, my nerves and heart are all right, in fact, I am a well woman once more, thanks to Postum."

Name given by Postum Co., Battle Creek, Mich. Write for copy of the little book, "The Road to Wellville."

Postum comes in two forms: Regular Postum—must be well boiled. Instant Postum is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly. Grocers sell both kinds.

"There's a reason" for Postum.

He Was on Duty.

Herbert stood on a chair. The chair stood in the pantry.

The jam stood on the shelf. Herbert's mother stood on the threshold. Herbert stood his ground.

"My son," said the mother, pointing at him with astonishment. "I am surprised." To think that my little boy would do a thing like that."

Herbert, resourceful and not at all abashed, looked at his mother straight in the eye. "Please do not interfere with the 'minnives' of a boy scout," he said.
