The election returns are indefinite as to majorities, but from all sections come returns of Democratic victories, except from Philadelphia, where the Republicans are so strongly entrenched that they have no fear of the ballot.

The indications are that Amendment No. 1, providing for a road loan of \$50,000,000 was defeated. The rural districts stoutly opposed the loan under present conditions. In some districts on the south side of Centre county the vote was almost unanfmously against the loan.

It Happened In China.

An American commercial traveler who was in China soon after the downfall of the empire was approached one day by a Chinaman, who told him, in fairly good English, that he had a brick of pure silver, weighing thirty pounds, which had been looted from one of the government subtreasuries during a riot. The Chinaman explained that to only an American would be trust the secret and said that he would sell the silver for a sum which amounted to \$5 in our money.

Not being one who would look such a gift horse in the mouth, the American promptly paid the \$5 and took possession of the silver bar.

Soon after, being in Hongkong and wishing to test the value of his purchase, the American took the silver bar to a Chinese assayer and asked for its weight.

The pigtailed savant of the scales carefully tested the metal, weighed it and then remarked laconically, "He him as afore weigh lead."-Chicago Record-Herald.
