The rumor that T. M. Granby had purchased the farm of his brother-in-law, T. W. Walker, is incorrect. The rumor, no doubt, grew out of transactions entirely foreign to the sale of a farm.

On Sunday afternoon, Sarah, wife of Jacob Gehhart, died very suddenly. Although her health had been failing for over a year, her death came very unexpectedly. She ate dinner with the family, and soon afterwards was a corpse. She was the mother of eleven children, six of whom are living.

Friday a week a unanimous call was extended to Rev. Metzger of Pennbrook to become the pastor of the Rebersburg Lutheran church. Rev. Metzger preached for the three congregations on Sunday a week, and after the close of the respective services a unanimous vote was cast inviting him to become the regular pastor. The congregation at this time has not had a reply from the minister as to his acceptance or refusal of the call.

Senator Burkett, Saturday night.

This is the Car

that put them all to route in the last Glidden Tour, a 1,300-mile course from Minneapolis to Glacier National Park. The Metz "22" was pitted against cars costing from five to ten times as much, yet the three Metz cars were the only team that held a Perfect Score, without additional allowance or time extension of any, for the entire eight days of the contest.

EQUIPPED COMPLETE 1914 IMPROVEMENTS

METZ "22" \$475

WINNER OF THE GLIDDEN TOUR

The Gearless Car—No Clutch to Slip—No Gears to Slip

The Metz "22" won the Glidden Tour and captured the Glidden and Minneapolis News trophies simply because it is a practical car, best suited to overcome all road conditions without strain or injury. The three regular stock cars that composed the Metz team were the only cars in the tour equipped with Gearless transmission.

The METZ "22" is fitted throughout with standard equipment, including 4-cylinder 22 h. p. water-cooled motor, Bosch magneto, 30 in. artillery wheels, best quality Goodrich clincher tires, etc. It is a high grade, fully guaranteed car, torpedo semi-enclosed body, left-hand drive and center control, and the most economical on the market to operate. Travels from 25 to 32 miles on one gallon of gas oil, and from 10.00 to 12.00 miles on a set of tires. Makes from 5 to 55 miles per hour on high speed, and climbs hills as fast as any regular stock car made, regardless of its price.
