RINGWORM ITCHED TERRIBLY

1545 Aisquith St., Baltimore, Md .-

"My children were afflicted with what

they called ringworm of the scalp

contracted from a house-cat they were

playing with. The ringworm formed

on their scalps about the size of a

silver dollar and their hair fell out,

leaving a round scale or crust on their

scalps. Their hair fell out in round

spots. There was terrible itching, and

they scratched till the blood came.

They were very fretful and could not

sleep at night, and they were very

months with no improvement whatso-

ever. I was told they would never

have any hair and would always be

bald. Then I began using Cuticura

Soap in connection with Cuticura

Ointment and the first week I could

see the wonderful remedies were do-

ing all they were claimed to do and in

six weeks' time they were entirely

cured. They all have a beautiful

growth of hair." (Signed) Mrs. Sadie

ALWAYS WILLING TO OBLIGE This Is Vital to Every Owner

Also to all Owners of Stoddard-Dayton, 1905 to 1914; Columbia Gasoline and Electrics, 1906 to 1914; Everitt Cars of Any Model; Brush, Sampson and Courier Cars

THEREARETHREE GOOD REASONS why you should have your car overhauled now and worn parts replaced.

FIRST: The garage man can give you better service -and you can spare the car better now than later. No matter whether you are going to keep the car, or sell or trade it in on a new one-it will pay you well to have it thoroughly overhauled, worn parts replaced by new ones and body repainted.

SECOND: We are able to furnish replacement parts for all models of above makes of cars within 48 hours from receipt of order. Have concentrated this branch of the business at Newcastle, Ind. (center of population of the U.S.) Here we have a \$1,750,000 investment in plant and stock. 45,000 separate bins of parts.

THIRD: And perhaps the best reason why you should secure your requirements now-we must increase prices 20% January 1st, when the new parts price lists will be off the presses.

NOW NOTE THIS-Never before in the history of this industry has a new concern, having bought the plants and assets of a bankrupt one, taken upon itself the obligation of furnishing replacement parts for the cars it never made.

THE MAXWELL MOTOR COMPANY DID. We considered it good business. even if not a moral or legal obligation.

WE FOUND 122,000 owners out in the cold, as it were -pleading for parts. Their cars laid up and useless in most cases.

WE'VE INVESTED about one and three-quarters millions (\$1,750,000) dollars in a plant and stock of parts, for over 150 different models, made by the concerns that comprised the United States Motor Company, whose assets we purchased from the Receiver thru the U. S. Courts.

WE TOOK THE NAME MAXWELL solely for the protection of 60,000 persons who had bought cars under that name.

HAD WE CHOSEN AN-OTHER NAME those 60,-000 cars would have had almost no value in the second-hand market. As it is, they have a definite value. And by the replacement of the worn parts your car will be good for a long time to come.

ANY RECOGNIZED DEALER or repair manwhether he handles the present Maxwell line or not -can procure these parts for you. Or you can order direct. Shipment will be made within 24 to 48 hours after receipt of the order at Newcastle,
