COMMERCIAL Weekly Review of Trade and Market Reports.

Dun's Review says: "Weather conditions were an important factor in the business situation this week. Recent storms impeded railroad traffic and retarded the distribution of merchandise yet certain lines of trade benefited by the heavy snowfall and zero temperature. There was a notable increase in the movement of footwear and heavy-weight apparel, while fuel was in greater demand. Sentiment in commercial and industrial channels remains optimistic and evidences of improving conditions accumulate."

Bradstreet's says: "Optimism as to the future is unimpaired. Industrial operations are expanding at an encouraging rate, the gain of production in several leading lines having been considerably speeded up, high-grade bonds continue to receive a good reception from investors, retail trade in winter apparel has been stimulated by heavy snowstorms and zero weather, the coal trade has been benefited and fall-sown wheat, apparently uninjured thus far is in excellent condition and gives promise to an enormous yield if it goes to maturity without further untoward developments. On the other hand, inclement weather, particularly in the East, has impeded shipments and stiffened prices of some commodities."

DRUG HOUSE ENJOINED BY FEDERAL COURT

Judge Jeremiah Neterer, of the United States district court, to-day granted a permanent injunction in behalf of the Centaur Company of New York, the manufacturers of Fletcher's Castoria, against the Stewart & Holmes Drug Company of this city. The controversy arose from the simulating of the labels of this well-known preparation, and from the evidence filed in the case it was shown that the infringing label was first discovered on sale in Honolulu, and was traced to its origin here in Seattle. The defendant company is one of the oldest and largest concerns of its kind in the Northwest. The decree carries with it an order that the Stewart & Holmes Company recall the goods which are on the market under the infringing label, and to pay all costs in the suit and damages assessed at \$400.—Seattle, Wash., "Times"—Adv.

HAD TOLD THE EXACT TRUTH

Lecturer's "Outpouring" Was Just as Had Been Stated in His Letter of Recommendation. A lecturer went to Yonkers with a letter to a Yonkers citizen from a man in New Rochelle and succeeded in getting an engagement. His three-hour lecture proved dull, dry and uninteresting. Next day Mr. Yonkers met Mr. New Rochelle. "What did you mean?" asked Yonkers, "by recommending that lemons lecturer?" "I didn't recommend him." "Well, I just guess you did. I've got your letter right here in my pocket."

DEEP CRACKS ON JOINTS

P. O. Box 378, El Paso, Texas.—"My trouble began December, 1911. It commenced on me by causing a scurf-like skin and my toe joints, finger joints and lips commenced to crack and split open. My finger cracks would bleed all day long; the cracks were very deep and my thumb seemed to be cracked to the bone. My hands were so bad that I had to sleep with gloves on. The cracks in my lips would bleed often during the day and I used to put adhesive plaster across them to try to keep them closed. My toes would bleed, and I would find blood in my socks when the day's work was done. The skin around the cracks was red and inflamed. I wore shoes one size too large on account of my feet being so sore. I used to become frantic with pain at times. My hands and feet used to smart. "I suffered agony for four months. I went to town and got some Cuticura Soap and Ointment. From the time I commenced with the Cuticura Soap and Ointment until completely cured was just nineteen days." (Signed) Jack Harrison, Nov. 19, 1912. Cuticura Soap and Ointment sold throughout the world. Sample of each free with 25-p. Skin Book. Address post-card "Cuticura, Dept. L, Boston."—Adv.

SUTTON STILL IS CHAMPION

May Refuses to Stand Aside on Account of Arrival of Little Tennis Player at Her Home. There will be no successor to May Sutton as tennis champion unless it is May Sutton Bundy. While the tennis world has been counting her out, figuring that she would not "come back," the girl tennis wonder calmly declares that she has been there all the time and doesn't have to come back. When Nathan Bundy, Jr., arrived, the tennis experts immediately began to pick his mother's successor. But she declines to be succeeded. To prove this she recently gave a tennis party, beat both her sisters, and all the other women tennis stars of the coast. After this test she decided to keep her crown and calmly eliminates all other contestants. Her reasoning is very simple. Her sister, Florence, she says, has no

forearm strokes worthy of the name. Moreover, she has too mild a disposition for a champion and is not aggressive enough. "She is almost too steady," says Mrs. Bundy. "That means that she rarely springs uncomfortable surprises. Ethel Bruce is really a better player than Florence in some ways. She plays a more aggressive game. "Mary Browne is a stunning player," she says, "but I am afraid she is too erratic to become a strong champion. Besides, she, too, has too sweet a disposition to make a good fighter." So, because she does not believe that there is anyone able to take it from her, May Sutton Bundy has decided to be her own successor.

Lewis Through With the Ring. Harry Besterman, better known to ring followers as Harry Lewis, who is slowly improving at his home in Philadelphia from the injuries he received last October, when he was knocked out in the fifth round of a bout with Joe Borrell, declares he will never again don a glove.

GIRL PITTED AGAINST MAN

Girl Champion Swimmer Will Meet Harry Eliot on Greatest Endurance Race Ever Recorded. Rose Pitonof, Boston's champion girl swimmer of the world, will meet Harry Eliot of New London, Ia. what is likely to be the greatest endurance swim on record in June next in Boston harbor. Miss Pitonof's father, Eli Pitonof, has deposited a check for \$50,000, covering a similar forfeit made on behalf of Eliot, who had previously accepted Miss Pitonof's challenge to the world for such a race. Under the terms made by Pitonof, each of the contestants must deposit \$450 more at least ten days before the date of the race. The contest will therefore be a \$500 match affair—a \$1,000 match. The date of the race will be fixed before June 1. The terms call for a battle to a finish—such a swimming contest as was never held before in the world. The contestants must swim back and forth between Charlestown bridge and Boston Light until one or the other is forced to quit. When one gives up, the other—if he or she goes as far as the one who surrenders has gone—will become the champion and will win the money. To swim from Charlestown bridge to Boston Light once is an amazing water stunt. Few have done it. To go to the Light, turn a buoy and return has been considered a well-nigh impossible feat.

Driscoll Spurns Offer. Jim Driscoll, former featherweight boxing champion of England, recently turned down a \$10,000 offer from the National Sporting club of London, as he did not like to take the chance of reducing from 140 pounds to the featherweight limit. Driscoll is reported to have cleaned up about \$30,000 on the race tracks last season.

Many English Games. The London (England) county council report for the year ending in September of facilities afforded for the playing of games at the parks and open spaces there, states that there were 144,642 games of lawn tennis, 124,896 of bowls, 23,182 of cricket, 15,514 of football, 3,059 of quoits, 1,912 of croquet, 1,827 of hockey and 69 of lacrosse. Easy for Mathewson. Christy Mathewson is getting a salary of \$11,000 from the New York club, besides a royalty on four books he has written, salary of \$150 a week for writing a newspaper story daily and \$100 for playing two games a week in California during the winter. These are the reasons the Federal league scouts have kept away from him.

Miss Pocock Instructing Scullers. Miss Lucy Pocock, who has won the women's championship of England at sculling, is now teaching the female students at Washington State university how to handle the oars.

HOPPE RETAINS HIS TITLE

ship against the challenger, George Sutton of Chicago. Hoppe won by a score of 500 to 225 in 17 innings. His average was 29.7-17 and his runs were 99, 70 and 65.

Kelly and Drew to Enter. Frank Kelly, who won the 110-meter hurdle race at the Olympic games in Stockholm, and Howard Drew, the Springfield training school sprinter, have notified the University of Pennsylvania authorities of their intention to compete at the annual relay races on April 25. Drew was also a member of the Olympic team, but pulled a tendon before the final heat of the 100-meter race and was unable to compete. Both athletes are attending college in California.

Durborow's Friends Aroused. The friends of the Charles Durborow, the Philadelphia swimmer, are aroused over the claim of Sam Richards of Boston to the national championship as regards endurance in the water. Durborow's friends assert that the Philadelphia swimmer has accomplished feats that discount anything done by Richards. Durborow has challenged the Boston swimmer to a finish match and is waiting for an acceptance of the challenge.

Made a Good Fight. Although he was knocked down in the first round, Eddie Moy of Allentown, Pa., made a strong showing in his six-round contest at Philadelphia against Johnny Kilbane, featherweight champion.

FOR WORLD'S TENNIS TITLE

Jay Gould, Amateur Champion, to Compete With G. F. Covey, Professional, in Philadelphia. The articles of agreement for the world's championship court tennis match to be held in Philadelphia between Jay Gould, the amateur champion, and G. F. Covey, the professional champion, have been approved by Covey, according to a communication received from London by W. H. T. Huhn, chairman of the athletic committee of the Racquet club. Neville S. Lyton, on behalf of Covey, writes that the agreement which provides for a series of 13 sets to be played on March 16, 18 and 21, are perfectly satisfactory. The Racquet club has subscribed for a purse of 250 pounds, which will be awarded to Covey if he is the victor, while if Gould wins, he will be presented with a cup. In addition, Covey will be presented with two-thirds of the gate money whether he wins or loses and his expenses are to be paid. Covey is expected to arrive here some time next month.
