RINGWORM SPREAD ON HAND

R. F. D. No. 2, Box 67, Ellijay, Ga.—
"My son's ringworm began on the back of his hand. A fiery red spot came about as large as a dime and it would itch so badly he would scratch it till it bled. It began to spread till it went all over his hand. He would just scream every time I went to wash it. The nail came off on the middle finger.

"I used _____ and it got worse all the time. The trouble lasted two or three months. Then I sent and got some Cuticura Soap and Ointment and began to use them. I would wash his hand with the Cuticura Soap and dry it good and apply the Cuticura Ointment. Relief was found in two or three days and the ringworm was cured in two weeks after using Cuticura Soap and Ointment." (Signed) Josie Parks, Jan. 4, 1913.

Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 32-p. Skin Book. Address postcard "Cuticura, Dept. L, Boston."—Adv.

MRS. WILLIAMS' LONG SICKNESS

Yields To Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham, Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

TEACH BOYS TO PLANT TREES

These Boys Will Take an Interest in This Tree, and it Will Grow as They Grow.

By A. B. GRAHAM.
College of Agriculture, Ohio University.

Haven and earth help him who plants a tree, and his work his own reward shall be.—Lucy Larcom.

Proclamations and programs alone never planted trees or shrubs or school grounds. It is altogether proper that a day be set apart for tree planting. Seize the opportunity, obtain some trees and spades and trees will be planted. The most excellent things that have been written about trees, green fields, beautiful streams and nature's cozy corners should assist us to see and respond in feeling to the beauties of nature. Let Arbor Day be a time for both sentiment and planting; if either must be omitted for the day, let the sentiment go and plant a tree.

No planting should be done to interfere with the playground. The space directly in front of the house should be left open if possible. Plant to the right and left of the front. Such shrubs as snowball, flowering quince,

ARBOR DAY TRANSPLANTING LESSON

Diagram Showing Proper and Improper Ways to Prepare Hole for Planting.

By WILLIAM R. LAZENBY.
Professor of Forestry, Ohio State University.

Transplanting is a necessary practice in connection with modern methods of cultivation as applied to many plants. It may be divided into three divisions or steps: lifting the plant, transferring it from its old to its new location, and replacing it in the soil. The first and second steps belong primarily to the nurseryman and plant-grower, while the latter belongs to the man who grows the plants for ornament or profit.

While the immediate result of transplanting is always to check growth, the ultimate results of proper and careful transplanting are usually beneficial. It makes possible better care of the plants while young; a more compact and better branched root system is developed.

In spite of these advantages, thousands upon thousands of trees and plants die annually as a result of improper transplanting, and still other thousands are weakened and stunted beyond all hope of satisfactory recovery. The losses are the more deplorable because they can, in a great measure, be prevented.

Digging the holes for the plants is an important part of transplanting. Whatever the method of preparing the soil, the holes should be dug large enough to receive the roots of the

Uric Acid is Slow Poison

Unseen in its approach, hard to detect in its early stages, and cruelly painful in its later forms, uric acid poisoning is a disease too often fatal. Bright's disease is one of the final stages of uric acid poisoning. It kills in our country every year more men and women than any other ailment except two—consumption and pneumonia. Bright's disease and uric acid poisoning usually start in some kidney weakness that would not be hard to cure, if discovered early, so it is well to know the early signs of kidney disease and uric poisoning.

When uric acid is formed too fast and the kidneys are weakened by a cold, or fever, or overwork, or by indulgence, the acid collects, the blood gets impure and heavy, there is headache, dizziness, heart palpitation, and a dull, heavy-headed, drowsy feeling with disturbances of the urine.

Real torture begins when the uric acid forms into gravel or stone in the kidney, or crystallizes into jagged bits in the muscles, joints or on the nerve tubings. Then follow the awful pains of neuralgia, rheumatism, gout, sciatica, neuritis, lumbago or kidney colic.

"I don't know what ails me."

It is but a further step to dropsy or Bright's disease. Be warned by backache, by sediment in the kidney secretions, by painful, scant or too frequent passages. Cure the weakened kidneys. Use Doan's Kidney Pills—a medicine made just for weak kidneys, that has been proved good in years of use, in thousands of cases—the remedy that is recommended by grateful users from coast to coast.

Doctors Couldn't Help Her
Georgia Woman Almost Gave Up in Despair

Mrs. Babra Burgess, Toccoa, Ga., says: "Twelve years ago I began to suffer from rheumatic trouble and kidney disease. Doctors said my system was filled with uric acid poisoning. The kidney secretions were scanty and too frequent in passage and bothered me greatly at night. My back got terribly weak and painful and there was a bearing-down sensation through my loins. As the disease progressed, severe pains ran from my head and neck, down through my shoulders into my right side and limb. I tried almost everything, but nothing helped me, even six months' treatment by doctors brought no relief. I was in despair. While in this critical condition, I began using Doan's Kidney Pills and the relief was miraculous. By the time I had used six boxes, all the ailments had left me. That happened four years ago and I have never suffered since."

Flies Cost Us \$350,000,000.
Flies cost the United States \$350,000,000 annually.

The progeny of a single pair of flies, assuming that they all live, if pressed together at the end of the summer, would occupy a space of 14,000,000 cubic feet.

How He Did It.
A famous clergyman tells of a lay preacher's conference in which a veteran described his method of sermon preparation. "I take my text," he said, "and divide my sermon into three parts. In the first part I tell 'em what I'm going to tell 'em. In the second part—well, I tell 'em. In the third part I tell 'em what I've told 'em."

CLEVER WIFE
Knew How to Keep Peace in Family.

It is quite significant, the number of persons who get well of alarming heart trouble when they let up on coffee and use Postum as the beverage at meals.

There is nothing surprising about it, however, because the harmful alkaloid—caffeine—in coffee is not present in Postum, which is made of clean, hard wheat.

"Two years ago I was having so much trouble with my heart," writes a lady in Washington, "that at times I felt quite alarmed. My husband took me to a specialist to have my heart examined.

"The doctor said he could find no organic trouble but said my heart was irritable from something I had been accustomed to, and asked me to try and remember what disagreed with me.

"I remembered that coffee always soured on my stomach and caused me trouble from palpitation of the heart. So I stopped coffee and began to use Postum. I have had no further trouble since.

"A neighbor of ours, an old man, was so irritable from drinking coffee that his wife wanted him to drink Postum. This made him very angry, but his wife secured some Postum and made it carefully according to directions.

"He drank the Postum and did not know the difference, and is still using it to his lasting benefit. He tells his wife that the 'coffee' is better than it used to be, so she smiles with him and keeps peace in the family by serving Postum instead of coffee."

Name given by the Postum Co., Battle Creek, Mich.

Postum now comes in two forms: Regular Postum—must be well boiled, 15c and 25c packages.

Instant Postum—is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly, 30c and 50c tins.

The cost per cup of both kinds is about the same.

HOW TO CURE ECZEMA, ITCH AND ALL SKIN DISEASES

Don't suffer any longer with eczema or any other skin trouble. Just apply Hancock's Sulphur Compound to the parts affected and it will stop the itching at once and cure the trouble permanently. Many sufferers from skin troubles have written us that the Sulphur Compound cured them after everything else failed. Mrs. Evelyn Garst, of Salem, Va., writes: "Three years ago I had a rough place on my cheek. It would burn and itch. I was fearful it might be of cancerous nature. I used, different preparations, but nothing helped it. One bottle of Hancock's Sulphur Compound cured me completely." To beautify the complexion, remove blackheads and pimples use Hancock's Sulphur Ointment. For sale by all dealers.—Adv.

"Yes, daughter, that's good stuff. The pain in my back is all gone—I never saw anything work as quickly as Sloan's Liniment." Thousands of grateful people voice the same opinion. Here's the proof.

Relieved Pain in Back.
"I was troubled with a very bad pain in my back for some time. I went to a doctor but he did not do me any good, so I purchased a bottle of Sloan's Liniment, and now I am a well woman. I always keep a bottle of Sloan's Liniment in the house."—Miss Maudie Coates, 304 Myrtle Ave., Brooklyn, N. Y.

Sciatic Rheumatism.
"We have used Sloan's Liniment for over six years and found it the best we ever used. When my wife had sciatic rheumatism the only thing that did her any good was Sloan's Liniment. We cannot praise it highly enough."—Mr. Fergie, Des Moines, Iowa.

Sprained Ankle Relieved.
"I was ill for a long time with a severely sprained ankle. I got a bottle of Sloan's Liniment and now I am able to be about and can walk a great deal. I write this because I think you deserve a lot of credit for putting such a fine Liniment on the market and I shall always take time to recommend Dr. Sloan's Liniment."—Mrs. Ches.
