

DEATHS.

The Reporter's correspondent from Pine Grove Mills gives the following account of the death of a young man by drowning:

George Young of Pine Hall, with his half-sister, Mary Corl, left about two weeks ago for a pleasure trip among friends in Hopedale, Illinois. Last Saturday a telegram brought home the sad news that the young man had met his death by drowning in a lake while on a picnic excursion. He, together with three companions, went swimming in the lake and it is presumed that Young became seized with cramp. Realizing his condition he frantically took hold of his nearest companion and almost made for him a wavy grave. When Young sank he failed to appear on the surface of the water again and after three hours work with a seine he was located sixty feet from the place where he went down. His body was shipped to Bellefonte Sunday and delivered the same evening to the home of his uncle, W. H. Roush at Oak Hall, by Undertaker J. F. Zechman of Boalsburg. From here the funeral services were held Tuesday at 9:30 a. m. Rev. S. C. Stover of Boalsburg, officiating. Interment was made in the Pine Hall cemetery.

Mr. Young was born at Boalsburg thirty-three years ago on June 4. He was a carpenter by trade, a sober and industrious young man and had a large number of friends. Religiously he was a Reformed; in politics a Democrat, and at all times was a most exemplary young man. He was a son of David and Catherine Roush Young and is survived by six half sisters and two half brothers. The remains were accompanied home by his half sister Mary and his aunt, Mrs. H. Martin, and her son, J. C. Martin.

The remains of Sigmund Joseph were laid to rest in Bellefonte on Monday afternoon, he having died Saturday after an operation in the Bellefonte hospital mention of which was made in the last issue of the Reporter. Mr. Joseph is the last member of the Josephs connected with the mercantile firm of Joseph & Company. When a young man Mr. Joseph traveled Penn's Valley carrying a pack, and later traveled the valley by wagon. He was never married. His age was sixty-six years.

Emma C., wife of W. H. Miller, died in the Williamsport hospital following an operation, aged fifty-one years. Mrs. Miller, whose maiden name was Harter, was born in Millheim, and lived there until about eight years ago when she moved to Williamsport. The remains were brought to Millheim on Saturday afternoon, June 20th. Funeral services were held in the M. E. church on Sunday afternoon, conducted by Rev. W. H. Williams, and interment was made in the Union cemetery.

Mrs. Daniel Smithgall, mother of Prof. J. D. P. Smithgall, well known to many Reporter readers, died at her home in Montoursville Tuesday of last week, after a lingering illness following an operation for cancer. Her age was fifty-seven years. She is survived by her husband and five children. Burial took place Friday following.

Editor Elected County Chairman. The Democratic county committee of Huntingdon county Saturday adopted party rules, and after a spirited contest Joseph G. Lesher, editor of the Huntingdon Monitor, was elected county chairman over J. Murray Africa, the incumbent.

Lesher came to Huntingdon about five years ago from Snyder county, allying himself with the Palmer-McCormick faction of the party; and while Africa says he is a particular friend of McCormick, Lesher's friends say his election is a distinct victory for the new Democratic state leaders, the old guard having given their support to Africa.

Now For the Big Hay Crop! Just a week or two and then every farmer's attention will be centered on his hay fields. The crop will be a big one. Every farmer wants his hay in the barn in as short time as possible, and in best of condition. The better the hay the better the price. Every machine used in the process of hay making—from mower to hay loader—is carried by us, and they are the kind that have been giving the best of service to Penns Valley farmers for years. JOHNSTON MOWER. Make sure of a perfect cutting of grass this summer by using a Johnston Mower on your hay crop. We are well acquainted with all makes of mowers and think the Johnston the best investment. Ask us more about it. The "Lancaster" Side Delivery Hay Rake is a true friend of the farmer with a heavy hay crop. The "Lancaster" gathers up the hay in a continuous, loose and fluffy windrow, which allows the wind to pass through freely. Note its simple construction, strength is one of its chief qualities all gears are protected and long timothy is delivered clean instead of becoming wrapped in the gearing as is the case with other machines. It rakes the shortest blue grass as well as the heaviest clover and Timothy. More farmers are purchasing the Lancaster every year, which means more satisfied farmers. The "Gearless" Hay Loader Cleans up the hay field in short order. Its name describes it—it is gearless and has no gears to break, clog up chains and sprockets to break, run off and cause no end of trouble. The long easy stroke delivers the hay whether heavy or light, in better shape without chewing it up, without tearing off the lever or without threshing out the seed, as other loaders do. The GEARLESS Hay loader is not the cheapest hay loader you can buy but it is the best one. They are worth more than what is asked for them. The GEARLESS does its own loading. It pushes the hay well up onto the wagon; it does not need a watchman to keep it from clogging. The Gearless is sold on its merits, because it never fails to perform the work it is sold to do. The Gearless will pick up and load less than any other loader. Will You Need a New Binder This Year? The Johnston is the one you should have. Let us tell you why. We have described a few machines here, but we have on hand a great many more. Our business is to serve the farmer, and serve him well. If you are interested, see us. J. H. WEBER, Centre Hall, Pa.
