

THURSDAY, JULY 30, 1914

LOCALS

Mr. and Mrs. Witmer Smith and Mrs. Mary Smith of Bellefonte spent Sunday with relatives in Centre Hall.

Prof. P. H. Meyer on Tuesday placed a Weaver piano, of excellent tone, in the home of Rev. and Mrs. F. H. Foss.

Miss Marguerite Derstine of Williamsport, daughter of Rev. and Mrs. M. S. Derstine, spent a few days at the home of her aunt, Mrs. J. H. Puff.

Mrs. Minnie Richard is confined to bed at Dr. G. W. Hosterman's home suffering from an injured back which she received while engaged in household duties.

Mrs. W. A. Boal has been quite ill since Saturday. It is with the greatest difficulty that she is able to take nourishment, owing to a peculiar condition of her throat.

Mrs. H. J. Lambert of State College, accompanied by her two sisters, Mrs. J. M. Spicher of Crescon and Mrs. William Probert of Derry, spent Saturday and Sunday with another sister, Mrs. George Ishler, in Centre Hall.

Hon. A. Mitchell Palmer and Hon. Vance C. McCormick will be in Bellefonte on Friday evening, coming there in cars from Philadelphia. On Saturday they will attend the Grangers picnic at Loganton.

Mr. and Mrs. C. C. Homan of Toledo, Ohio, are in Centre Hall as guests of the former's mother, Mrs. Emma Homan. Mr. Homan is with the Willys-Overland Company, serving in the capacity of purchasing agent, and has held that position for four years.

Samuel Durst on Monday came into possession of a 1914 model Overland car, turning in their old Overland in the deal. The car is equipped with the latest appliances, including electric lights and electric starter. The old car was practically as good as new for the Dursts had taken the best of care of their machine, but being progressive, they desired the modern conveniences on a car, hence the change.

G. Howard Riehell of Los Angeles, California, in a recent letter to the Reporter stated that he recently made a three weeks' trip through California's orange belt and found the crop the best, both in quality and quantity, that he has ever seen in that state. Oranges are best, he says, about March 15. "There are quite a number of Centre county people here but we seldom see them. I have a good position now and it looks as if it will be permanent," writes Mr. Riehell.

Henry Davis, an agent for the Overland car in this district, sustained several fractured ribs Friday while teaching William Kepler of Pine Grove Mills to handle a new car which the latter had just purchased. When Mr. Davis saw that Mr. Kepler was headed for a fence in spite of all he could do, Mr. Davis, who was seated in the back seat, arose and reached for the emergency brake. He succeeded in saving the car from colliding with the fence but the sudden stop hurled Mr. Davis from the machine, which resulted in broken ribs and other injuries. He was taken to State College and the next day removed to the Tyrone hospital.

Dr. H. F. Bitner and J. K. Bitner made a trip to the Bear Meadows one day last week for huckleberries. In this spot of the Seven Mountains huckleberries grow on trees and Dr. Bitner at one time a few years ago, when the berries were more plentiful than this year, picked three and a half quarts from one stalk. The trees attain a height of eight to ten feet and the fruit is as luscious as that which grows on the common short huckleberry stalk. The Bear Meadows is also a favorite resort for snakes, especially the rattlesnakes, and Dr. Bitner usually succeeds in killing one of this species in his trips to the Bear Meadows. Last week he brought home ten rattles as a memento of his encounter with a rattler and a few years ago he killed one that rattled fourteen buttons.

Mrs. Chas. F. Sheffer of Dewart, accompanied by her two children—Hazel and Robert—for a few days last week was the guest of her cousin, Mrs. Mary Rearick. The Sheffer name is closely identified with the manufacture of ice cream, and much of the product is sold here. The Record and Star of Watsonstown, in its issue of last week, devoted a column to telling of the progress Mr. Sheffer has made in the manufacture of ice cream, of the new building erected and new machinery installed. The most interesting and useful machine is a "Homogenizer," an apparatus for the converting of butter back into cream. It is the first machine of its kind used in Central Pennsylvania and was installed at a cost of \$2700. Large quantities of unsalted butter are procured from other creameries which is kept in cold storage until wanted. By this arrangement the largest orders for ice cream can be filled on a few hours' notice. More than forty men are employed at the Dewart plant and the business ranges from \$2000 to \$8000 a week.

Tusseyville

Franklin Heckman of Penn Hall visited among friends at this place over Sunday.

Mahlen Everhart of Bellefonte is visiting his aunt, Mrs. Sadie Neff, for some time.

Miss Jennie Bodtorf spent a few days last week at the home of her brother, C. S. Bodtorf.

Rev. A. J. Horner of Youngville is visiting his brothers, J. H. and George Horner, and other relatives about here.

Mr. and Mrs. George Horner and two children attended campmeeting at Green Burr Sunday. They made the trip in Jess Taylor's car.

Clyde Horner of Altoona spent a short time Sunday at the home of his uncle and aunt, Mr. and Mrs. J. H. Horner.

Mr. and Mrs. William Heckman are for the present time at the home of Mrs. Heckman's parents, Mr. and Mrs. M. F. Roessman.

Mr. and Mrs. M. F. Roessman and Mr. and Mrs. John Wert and two children visited among friends at Sieglerville a few days last week.

Mr. and Mrs. William Bitner and Mr. and Mrs. John Dashem went to Lock Haven last Wednesday to visit among friends; they returned Monday.

Quite a number of people from this place took part in the surprise party Monday evening held in honor of Mrs. Peter Boal of Colyer on her seventy-third birthday.

Mr. and Mrs. C. W. Swartz, went to Altoona last Thursday to attend the Lutheran picnic held at Lakemant Park, and visit among friends. They returned Monday.

Prof. Bromley Smith of Bucknell University, Lewisburg, a representative of the Anti-Saloon League, delivered a temperance lecture in the Union church Sunday morning. Prof. Smith explained county option, state-wide prohibition, and National prohibition, and presented facts and figures to show that the temperance movement is gaining strength so rapidly that the liquor interests have admitted seeing the handwriting on the wall announcing the doom of the saloon. Prof. Smith's talk was based on the scripture that records King Belshazzar's tragic end following the handwriting on the wall during the wine feast.

REBERSBURG

Mrs. Jenkins of Bellefonte is at present a guest at the home of J. N. Meyer.

Mr. Sauer and family of State College spent last Sunday in town with relatives.

Mrs. Crookebank and children of Easton are at present visiting at the home of Wm. Bair.

Quite a number of people of this place attended campmeeting at Greenburr on Sunday.

Prof. E. M. Stoner and family of Bloomfield, New Jersey, are at present visiting in this vicinity.

Rev. and Mrs. Stauffer are at present spending their vacation in the eastern part of this state.

Mr. and Mrs. Charles Heckman of Nittany were Sunday visitors at the home of Hon. C. L. Gramley.

Curtis Birly left on Monday for Dents Run where he will spend a week transacting special business.

Lester Minnich, who is employed at State College, spent last Saturday and Sunday at this place with his family.

Rev. Metzger and family will leave this week for the eastern part of this state where they will spend their vacation.

The wheat crop in this vicinity is all stored away in first class condition and Wm. Frank was the first one to thresh his crop in this section. Miranda Mowery and Mrs. Annie Albright, both employed in Bellefonte, arrived at this place just in time to take in the Sugar Valley campmeeting.

Henry Gilbert, who is employed in the Department of Justice at Washington, D. C., arrived at this place on Monday evening and will spend his vacation under the parental roof.

Last Friday was ground hog day at Rebersburg hotel. A free lunch consisting of well prepared ground hog and butter bread was served; quite a number of our citizens took advantage of the occasion.

Some of the farmers who were lucky enough this spring to sow their oats early are at present cutting their crop while the oats that was sown late is green yet, at one time it was thought that the oats crop would amount to nothing but under favorable conditions there will be an average crop.

The Central State Normal School, located at Lock Haven, Pa., offers maximum advantages at a minimum cost. It offers free tuition to prospective teachers. It is a strong preparatory school and a great training school for teachers. Its location is ideal and the equipment is in fine condition. All of its departments are in charge of trained and experienced teachers. The fall term will open Monday, Sept. 7th. Parents desiring to find a school for their sons or daughters that will furnish an excellent education at a small cost should write for an illustrated catalogue.

CHAS. LOSK, Principal.
