Bumping the Grangers.

The following, taken from the Centre Democrat, is reprinted to correct a misstatement made by the Democratic Watchman in a recent issue.

An announcement was made that Hon. Wm. J. Bryan, Secretary of State in President Wilson's cabinet, would attend the Patrons Exhibition at Centre Hall on Wednesday, September 16th. At no time had Mr. Bryan made such an appoint ment, nor will he be able to do so, for the reason that his entire time is taken up with important official duties in Washington. We give this in formation so that our people will not be disap pointed. Should Mr. Bryan ever visit this sec tion, the announcement will be made from a reliable source. This misleading announce did not come from those connected with the management of the Patrons Exhibition-it came through a discredited source.
