Due to the Terrible Conflict in Europe

practically all commercial relations between this country and the Old World have been broken off.

You will realize what this means to you when you consider that we are dependent, to a great extent, upon Europe for our supply of wearing materials, such as Woolen Fabrics, Hides, Dyestuff, etc. The condition has become so acute that many manufacturers refuse to book orders for future delivery even at higher prices. We forestalled this condition, when in New York during the past two weeks by laying in a large stock of all kinds of wearing apparel at low prices, all of which will be sold at the same prices as usual, without any advance, thus protecting you from the abnormal rise in prices. Much of the goods is arriving daily and we would be pleased to have you call and look over the line.
