

BOALSBURG ITEMS.

What People Are Doing in Harris Township's Principal Burg, as Reported by the Reporter's Faithful Correspondent.

Mr. and Mrs. Samuel Glenn of the Branch spent Sunday at Boalsburg. Mrs. Julia Williams of Lemont spent several days at Boalsburg.

Mrs. John From of State College enjoyed a few days among her former associates at Boalsburg.

Mr. and Mrs. Earl Ross of Ferguson township were Sunday visitors with relatives in this locality.

This fall we can truly say, "Tell not your secrets in a corn field, for it has thousands of ears."

Mrs. P. M. Weber of Huntingdon is spending some time with Centre county relatives.

Prof. William Jones, principal of the Spring Mills high school, visited the Boalsburg high school last Thursday.

Rev. S. C. Stover and elder, Newton Drebbelies, of the Pine Hill congregation, are attending the meetings of Synod at Allentown this week.

D. A. Grove of Lemont and G. E. Meyer of Boalsburg attended the horse sale at Millheim on Monday. The trip was made in the former's new Metz car.

Owen Gose, Merchant David Middleworth, Miss Mitchell, Frank Troxel, Spangler Matteesi, from Troxelville, autoed to Boalsburg and visited John F. Zechman and family.

Mrs. J. M. Ross of Linden Hall with her daughter, Mrs. P. Bliss Meyer, and grandson, Philip B. Meyer, of Kenbridge, Virginia, were visitors at the Jacob Meyer home on Saturday.

Rev. and Mrs. R. R. Jones of Centre Hall were guests at the Reformed parsonage last Thursday. They also visited Miss Laura Keller who has been ill at the home of her sister, Mrs. Ira Riesel, during the past six months.

The Civic Club of Boalsburg will have their annual masquerade on Halloween evening in Bost hall, Saturday, October 31st, at 8 o'clock. All are invited to attend. Those who desire to join in the masquerade have the opportunity. Admis on 10 and 15 cents.

B. F. Huffley of Aaronsburg, who spent the last four weeks with relatives in Ohio, on his home journey remained for a few days at the home of his daughter, Mrs. N. W. Meyer. He spent Saturday evening at Boalsburg. He was highly delighted with his visit but prefers Pennsylvania for a home.

The family of Grant Charles were under quarantine for some time; their little son Eugene had a light attack of scarlet fever. The home was fumigated the early part of last week, and the quarantine removed. Mrs. Charles had an attack of quinsy, followed by inflammatory rheumatism. At this writing she is improving.

Rev. L. L. Sieber of Gettysburg will speak in the Lutheran church on next Sunday morning at 10:30 o'clock. Dr. Sieber comes in the interest of Anti-Saloon League work. He is a forceful speaker, full of enthusiasm for the cause of temperance and will give an instructive address along lines that are now more than ever engaging the attention of the people. Come and hear him and help the work against the saloon.

Wedding Party at Old Fort. Mr. and Mrs. Hugh Hamilton Goodhart, recently married in Philadelphia, were in Centre Hall on Monday, and with a number of relatives dined at the Old Fort hotel. Mr. Goodhart is the son of James M. Goodhart of Lewistown, a graduate of Pennsylvania State College, and now holds a responsible position with a Buffalo, N. Y. firm. Mrs. Goodhart was Miss Susan Marion Taggart of Geogee Lane, Wynfield, a suburb of Philadelphia.

Others in the dinner party were the parents of the groom, Mr. and Mrs. Charles Thomas of Elkart, Virginia, the latter a sister of the groom; Mr. and Mrs. George L. Goodhart, Mrs. Mary J. Goodhart of Centre Hall; Mrs. D. W. Gels of Bellefonte, and Master James Thomas.

An Appeal to the People of Pennsylvania

It is in the interest of the public—whose chief concern is good service and safety—that the Extra Crew Law now on the Statute books of Pennsylvania and other States be repealed. This law causes a waste of \$1,000,000 annually in the employment of unnecessary men on the Pennsylvania System alone.

No one is more concerned than the Pennsylvania Railroad Company in securing maximum safety on its lines. Every train on this railroad has a full crew, and this extra expenditure adds nothing to safety or public convenience. The same money had much better be spent to remove grade crossings, improve tracks, signals, and bridges, and buy steel cars. This extra crew law, which compels unnecessary expenditures, is one of the factors which menaces the ability of this Company to pay present rates of wages to that great body of employes whose activities are needed.

The Public Service Commission should see to it that all trains are properly manned. Such action would amply protect employes and the public. We appeal to the people in their own interest, we appeal to our employes in their best interest, to ask their representatives in the next Pennsylvania Legislature to repeal the Extra Crew Law.

SAMUEL REA, President, Pennsylvania Railroad Co.

ANNOUNCEMENT

C. W. Swartz, at Tusseyville, Will Quit Mercantile Business--Big Bargains to be Offered in All Lines.

SALE NOW GOING ON; A TIME TO SAVE MONEY

Opening Day of Sale was Sat., October 17th--Note the correction

I hereby announce that on account of my health I deem it advisable to quit the mercantile business.

Before I can step out I have a large stock of merchandise to dispose of. I haven't tried to find a buyer for the entire stock—I will first offer it to the public. My set time limit to dispose of it is this Winter and next Spring, unless I can dispose of it in less time.

This is a rare opportunity—I say rare because I am giving you a chance to buy a big lot of reasonable goods at about cost and under cost prices. I had laid in a big stock of winter goods before I decided to quit so that many of these goods are new.

Prices on everything will be reduced. It would take too much space and time to quote prices here so I would say, come to my store and get prices and the goods. If you come for something and don't see it, ask for it; I may have it. I have many goods you don't see.

I expect to keep the grocery stock filled in and will give you special prices right along.

If your neighbors don't get the Reporter do them a kindness by telling them about it.

Yours for business,
C. W. SWARTZ,
Tusseyville, Pa.

INTERNATIONAL HARVESTER MACHINES

SOME POSITIVE FACTS

If in need of a manure spreader you cannot buy a better spreader than the LOW SPREAD SPREADER, and in fact, you cannot afford to buy any other. It is noted for its durability and reliability.

It is an all steel spreader, and being low down makes it easy to load. Wide wheels, which give better traction, and fitted with best lug known. The position of the rear axle carries a sufficient portion of the weight, thus enabling good work, regardless of the condition of the soil.

This spreader can be had with or without the wide spread attachment. When the wide spread attachment is used it will spread a width of eight or nine feet.

Call around at our place of business and let us point out to you many more good features of the LOW SPREAD SPREADER.

BLUEBELL CREAM SEPARATOR, best from many viewpoints

IN the BLUEBELL cream separator you will find the latest practical ideas in cream separator building. Every improvement in this machine has been carefully worked out and thoroughly tested. Every part of this machine, from the frame down to the smallest screw, is manufactured in one factory, under the supervision of one thoroughly competent man. There is a big advantage to you in this fact, because it means that every little detail of this machine will take care of its part of the work when you are separating your milk.

Again, the BLUEBELL separator is sold by a company which cannot afford to market inferior goods. The reputation of the company alone ought to be sufficient guarantee that the BLUEBELL cream separator is worth considering before you buy.

Features of International Harvester Engines

WEIGHT is a good thing in an engine, provided the weight is put in the right places. In the I H C engine the extra weight goes into the fly-wheels to store up power; into the cylinder walls, making it possible to regrid the cylinder six or eight times; into the valves to prevent warping, etc. These are the parts where weight counts.

Study I H C fly-wheel split hubs. A split hub in a fly-wheel is no better than a solid hub until something occurs which requires the removal of a fly wheel. Then the split hub is needed.

This one feature, which costs practically nothing when you buy an I H C engine, may save you a heavy repair bill in the future.

Come in and let us show you the other strong points of I H C engines. There are enough of them to keep you interested for a half day or more.

H. C. SHIRK - Centre Hall, Pa.

The Beatrice Cream Separator

SAVES YOU from \$25 to \$40

and has all the good features found in the higher priced machines. These are the qualities that make it valuable.

Clean Skimming
Easy Running
Light Running
Long Life
Few Repairs

(Shows Simple Method of Cleaning Discs)

The BEATRICE is the typical modern separator supplied with a centrifugal washing device to clean the bowl in two minutes. (See illustration above). A separator, no matter what kind, requires washing twice a day. The BEATRICE, with its patent device makes washing the easiest thing imaginable and means much time saved on the farm in this one kind of daily work. Come in and see the beauty of construction in this machine; how silently it runs and why it gets every drop of cream out of your milk.

The New Idea Manure Spreader

We received a short time ago a carload of these famous spreaders. The New Idea is more than a spreader, it is a pulverizer, putting the manure in best shape for distributing on the ground. It is simple and easy running, strongly built, and should have a place on every farm.

Woven Wire Fencing--Carload of all kinds

We have the wide and narrow woven wire fence, all of the best makes, also plenty of barbed and smooth wire.

Must Suit You

LAUSON FROST KING Gasoline Engines

have the new Lawson Gear-Driven Magneto, which eliminates all batteries. Built into the engine—won't wear out. Throws a big, hot 1 to 10 H. P. All Types.

The Frost King starts on the magneto without turning over. Requires no cranking. Positively frost proof. Low fuel consumption—high efficiency. Case-hardened and ground wearing parts practically eliminates wear and breakage. We're back of this engine with our own reputation; we wouldn't handle it if there were anything questionable about it. If we can't trust it you can't trust us. Drop in and see how easily it starts and how smoothly it runs. Catalog Free.
