VOTE WAS A LANDSLIDE

Republican Candidates Sweep the State With Pluralities of 200,000 or More.

Philadelphia, Nov. 4.—The Republicans made a clean-up in the election in Pennsylvania. Aided by the great anti-Democratic sentiment prevalent in the state, as well as in the remainder of the country, it regained much of its old-time power in political affairs, and elected its state candidates, as follows:
United States senator—Boies Penrose.
Governor—Martin G. Brumbaugh.
Lieutenant governor—Frank B. McClain.
Secretary of internal affairs—Henry Houck.
Congressmen-at-large—John R. K. Scott, Daniel F. LaFean, Mahlon M. Garland and Thomas S. Crago.
Brumbaugh's majority for the governorship over Vance C. McCormick, Democratic-Washington party nominee, probably is in excess of 200,000. Penrose will have a plurality of equal size over his nearest opponent, as the vote against him was divided between Gifford Pinchot, Washington party candidate, and A. Mitchell Palmer, Democratic nominee.

Judge Frank M. Trexler, the appointee of Governor Tener on the bench of the state superior court, backed by the Republicans, is elected by a big majority over James E. Clark, temperance candidate, on the non-partisan ticket.
Only one candidate supported by the Republicans may have fallen by the wayside—Judge Robert S. Frazer, slated for justice of the state supreme court. He may be defeated on the non-partisan ballot by Judge George Kunkel, of Dauphin county, who won a reputation some years ago by the manner in which he presided over the capitol graft cases.
The Republicans sweep up the congressional delegation of the state, gaining possibly fifteen seats over the present Republican representation in congress. The political division of the delegation now is eighteen Republicans, twelve Democrats and six Progressives. In the new congress the Republican members from Pennsylvania may total twenty-eight and the Democratic membership four.

JERSEY DEMOCRATIC

Have Elected Eight of the Twelve Candidates For Congress.
Trenton, N. J., Nov. 4.—Returns from the New Jersey election indicate the election by the Democrats of eight of their twelve candidates for congress, five of the eight candidates for the state senate and a safe majority of the house of assembly.
This will retain them in majority in both branches of the legislature, but shows a loss of three congressmen, there being but two Republicans in the present house.
The results in the several districts on congress were:
First—William J. Browning, R.
Second—Isaac Bacharach, R.
Third—Thomas J. Scully, D.
Fourth—E. C. Hutchinson, R.
Fifth—William E. Tuttle, D.
Sixth—Archibald C. Hart, D.
Seventh—Dow H. Drukker, R.
Eighth—G. E. McDonald, D.
Ninth—Arthur B. Seymour, D.
Tenth—E. W. Townsend, D.
Eleventh—John J. Egan, D.
Twelfth—James A. Mamill, D.
*Re-elected.

DELAWARE REPUBLICAN

Thomas W. Miller Elected as United States Senator.
Wilmington, Del., Nov. 4.—Secretary of States Thomas W. Miller, Republican, was elected as Delaware's only representative in congress over Franklin Brockson, Democrat, the present incumbent, by a plurality throughout the state that will exceed 500.
The legislature will probably be close. The Republicans will also elect Swain, Republican, as state treasurer, and Duff, Republican, as state auditor.

The Vote in Arkansas.

Little Rock, Ark., Nov. 4.—Arkansas voted for members of congress only. The results follow: United States senator, James P. Clarke, Dem. Congressmen—First district, T. H. Caraway, Dem.; Second district, W. A. Oldfield, Dem.; Third district, J. T. Tillman, Dem.
Tennessee in Democratic Column.
Memphis, Tenn., Nov. 4.—General Thomas C. Rye, Democratic candidate for governor, has defeated Ben W. Hooper, Republican present incumbent. The surprise has been the small vote in the Hooper stronghold east and middle Tennessee.

N. Carolina Elects Overman Senator.
Raleigh, N. C., Nov. 4.—L. S. Overman, Democrat, was elected to the United States senate. There was little opposition. Ten Democratic congressmen were elected.

Progressive Probably Elected Governor and Republican U. S. Senator.
San Francisco, Nov. 4.—The result in California is still in doubt, but Hiram Johnson, Progressive, appears to be elected governor, with Fredericks, Republican, second, and Curtin, Democrat, third.
Indications are that the prohibition amendment will be defeated.
Joseph Knowland, Republican, is probably elected United States senator over D. Phelan, Democrat, with Heney, Progressive, third.

WALSH WINS IN MASSACHUSETTS

Democrats Elect Governor by Reduced Plurality.

ers returned to the Republican ranks in droves, and as a result Governor David I. Walsh has barely squeezed through for re-election over Samuel W. McCall, the Republican nominee.
Walsh has a plurality of about 15,000, while a year ago he led Charles S. Bird, the Progressive candidate, by 55,612.
Joseph Walker, the Bull Moose candidate for governor, polled less than 40,000 votes as against 127,655 cast for Bird a year ago.
Returns from the congressional districts are incomplete, but show that the Republicans have held all their present seats and added three more—in the Eighth, Eleventh and Sixteenth districts—and have prospects of winning also in the Thirteenth and Fourteenth districts.
The legislature is Republican by an increased majority.

COLORADO ELECTS DEMOCRAT

Thomas Re-Elected to U. S. Senate. Governorship in Doubt.
Denver, Colo., Nov. 4.—Charles S. Thomas, Democrat, has been re-elected to the United States senate.
George A. Carlson, Republican, and Thomas M. Patterson, Democrat, are running neck and neck for governor, with both sides claiming victory. The Republicans claim Carlson's election by 12,000. Captain E. H. Costigan, Progressive, is out of the race.
State-wide prohibition issue is up in the air. The drys concede Denver has gone wet by about 5000 majority, but claim that they have carried the amendment in the state by a majority strong enough to overcome this lead.

Counting in Nebraska Slow.

Lincoln, Neb., Nov. 4.—A six-foot ballot which contained constitutional amendments and a number of laws referred to popular vote has made the counting very slow. It is impossible to make any estimate upon the final result. Howell, Republican, is making substantial gains over two years ago, but these are not steady enough to indicate the victor. The first precinct returns on woman suffrage point to the defeat of the amendment.

Arizona Democratic.

Phoenix, Ariz., Nov. 4.—There was a Democratic sweep in Arizona. The Republicans have probably elected one tax commissioner. Congressman Hayden leads the ticket. Eugene Chaffin, Prohibitionist, claims his election as senator, but the Democrats say that Senator Mark Smith is re-elected by 10,000. Governor Hunt is safe.

Boise, Idaho, Nov. 4.—Alexander, Democrat, was elected governor by a large majority, and Brady, Republican, to the senate, and Smith and McCracken, Republicans, to the lower house.

Typoid Fever Claims Robert P. Bartzges.

After an illness of about three weeks with typhoid fever, Robert P. Bartzges, a prominent and respectable citizen of Penn Hall, died at his home Wednesday morning at three o'clock. Funeral services will be held from his late home Saturday afternoon and interment will be made in the Salem cemetery at Penn Hall, Rev. D. M. Geseey of the Lutheran church of Aaronsburg, officiating.

Mr. Bartzges was a life-long resident of the town in which he died and for a number of years followed farming as an occupation. For the past several years he covered a route for the Spring Mills creamery. Mr. Bartzges also conducted the boarding house on Grange Park during Grange Encampment week for a number of years. He was an honest and upright citizen and was a member of the Lutheran church. His age was about fifty-five years. Surviving him are his wife, who is also afflicted at this time with the same disease, but whose condition is steadily improving, and the following children: Mary, Jennie, and Earl, all of whom are at home. No brothers or sisters survive.

President Takes Just Two Minutes to Prepare His Ballot.

Princeton, N. J., Nov. 4.—President Woodrow Wilson paid a hurried visit to Princeton and for the second time since his election to the presidency voted the straight Democratic ticket in the quaint little firehouse of Mercer Engine company, No. 2, of the volunteer fire department.
He was given ballot No. 89 when he entered the polling place on Chambers street. After spending two minutes by actual count, carefully marking his ballot in the little booth designed for that purpose, he came out and handed the folded paper to R. H. Rose, the judge of election.

"Ballot No. 89 is voted," announced Mr. Rose, in due accordance with the strict New Jersey election laws.
"Not 89, but 75," he said, referring to the class with which he graduated from Princeton thirty-five years ago.

INTERNATIONAL HARVESTER MACHINES

SOME POSITIVE FACTS
If in need of a manure spreader you cannot buy a better spreader than the LOW SPREAD SPREADER, and in fact, you cannot afford to buy any other. It is noted for its durability and reliability.
It is an all steel spreader, and being low down makes it easy to load. Wide wheels, which give better traction, and fitted with best type known. The position of the rear axle carries a sufficient portion of the weight, thus enabling good work, regardless of the condition of the soil.
This spreader can be had with or without the wide spread attachment. When the wide spread attachment is used it will spread a width of eight or nine feet.
Call around at our place of business and let us point out to you many more good features of the LOW SPREAD SPREADER.

This International Harvester Engine Fills Your Needs

THIS I H C hopper-cooled engine meets the demand for an engine that can easily be mounted on a farm truck, making a portable outfit for use with special machinery, such as well drills, concrete mixers, saw rigs, and portable pumping plants.
The outfit is very compact, the weight moderate yet sufficient, and a comparatively small amount of water is needed for cooling. In a hopper-cooled engine there is also less danger of harm for freezing, as the open top of the hopper allows the water to expand.
This engine contains all the good features mentioned in our previous advertisements and many others which you will appreciate when you see them. It is one of the most satisfactory engines made, from the point of view of economy. It starts and runs with the steadiness of a steam engine, and we know of no better machine for the rough, heavy work of the farm.
