

DECEMBER COURT.

Business of the Court of Trivial Nature—Three Civil Cases Disposed of—Commonwealth Cases Now Being Heard.

The business before the December term of court, both that acted upon and that yet on the docket for the first week, is of a comparatively trifling character, especially to the general public. The grand jury, of which J. S. Meyer of Penn township is the foreman, is working as the Reporter goes to press on Wednesday afternoon. A number of cases have been acted upon and reported out, some of which have been disposed of by the court. The commonwealth cases were mostly of a kind that might have been settled out of court and consisted of assault and battery and jumping board bill cases.

The case of the commonwealth vs. Homer Decker was settled. In this case the Moose Lodge, Bellefonte, is interested.

Three civil cases were tried the beginning of the week. The National Engraving Company vs. Thad. Hamilton lost its case before a jury, as did also A. L. Grove, who sued John D. Reish, a former tenant on the Grove farm, for value of hay removed.

Archie Conley vs. Centre Lumber Company resulted in a verdict for Conley in the sum of \$100. The case involved the price of a lath mill sold by Conley to the defendants.

Seven Inches of Snow.

Fully seven inches of snow fell during Monday, Tuesday and Wednesday. Every tree and shrub was loaded to its full capacity with the beautiful, as were also telephone wires, and every other object upon which the snow could lodge. The individual tree and shrub, the mountain as a whole and the rickety fence alike presented a beautiful spectacle. The beautiful was piled onto tiny branches to the depth of from one to three inches, and caused them to sway with the breeze and many to break. Whole tree tops bent over, some of them to the earth, and finally yielded to the burden they were unable to bear. Beautiful snow, certainly beautiful, but sometimes also very destructive.
