SERIOUS INJURY TO S. H. GIENN.

Husband of Miss Elste Foreman Narrowly Escapes Death in Boller Explosion in Altoona Shops, Saturday Afternoon,

S. H. Glenn, who several years ago married Miss Elsie Foreman, daughter of Mr. and Mrs F. A. Foreman, is in the Altoona hospital in a very critical condition as a result of burns sustained in a boiler explosion in boiler shop No. 1, of the Pennsylvania Railroad Co., at Altoona, Saturday.

Mr. Glenv, who is a machinist, was engaged in removing soot from a boiler and was working on a flue when a quantity of water was suddenly poured into the boiler. Instantly an explosion occurred and a sheet of flame enveloped Glenn. His clothing ignited. He endeavored to extinguish the blazing clothing and Snyder, a fellow workman, rushed to his aid. He too was severely burned by the explosion.

Before Snyder could beat out the flames with his bands, Glenn was badly burned about the arms, face, legs and body, chiefly about the abdomen. Other employes came to the unfortunate men's aid and the Altoona hospital ambulance was summoned. Both were burried to the institution and it was found that Glenn's condition was extremely critical. Snyder was treated at the hospital and was allowed to return home later.

Latest reports concerning Mr. Glenu's condition were that there was a slight change for the better, but his case is still extremely grave. He is a son of Mr. and Mrs. Samuel Glenn of talks. Lemont and upon hearing of the accident the paren s and his brother John immediately went to his bedside.

Make Servant of Wild Bird. Found wild in the forests of Vene zuela, the yakamik, a kind of crane, is readily tamed, becoming valuable servants to the Indians, who domesticate them. Their power of flight is limited, and they seldom attempt any distance in the air. Not only are they entrusted with the care of the flocks, herds, and poultry, but they are left as sole guardians of the babies. Certain species of the tribe found in Brazil further to the south, are protected by law because of their recognized value as snake killers.

Valuable Nevada Gem Fields.

Nevada is now among the states that produce gems. The development of the opal beds of Humboldt county has been attended with considerable success, and a quantity of superior gem material has been obtained. The opal is of an unusual type, consisting of dark, translucent mineral with a variety of rich colors. The deposits promise to supply a gem equal if not superior to the opal from Australia.
