The new policy, if adopted, would no doubt wipe out many jobs on the "Hill." An investigation into the needs of the various departments has been made by Governor Brumbaugh and his request that the Legislature provide specifically for every job may find some of the present positions useless.

States Revenue Outlook Better. Figures compiled on legislative appropriations and their relation to the revenues show that the aggregate of the appropriations approved for the last three sessions is \$177,945,042.89.

The last session's appropriations amounted to about \$89,000,000, and were cut to \$56,509,141.22, to make them fit the revenues, the State having more money for the appropriation period than ever before, due to the large collections of the Auditor General's department and the general increase in income. In 1911, the aggregate approved was \$59,339,528.08, and in 1909, \$52,396,413.64.

Governor Marbo G. Brumbaugh is making an effort to obtain from the fiscal officers revised data on the prospective revenues which, it is unofficially reported, will be greater than expected a month ago.

A statement issued by the Auditor General's department showing the cash balances of the State Treasury on January 15, and on the same date four years ago, shows how the increased appropriations authorized by the last General Assembly because of the plethoric condition of the State Treasury decreased the general fund. On that date, four years ago the total balance was \$10,042,231.27, of which \$2,440,958.60 was in the sinking fund.

Since that ever \$2,000,000 worth of bonds issued in the eighties have been redeemed. The balance on the fifteenth of January this year is given as \$8,150,629.84, divided as follows: General fund, \$4,734,523.93; sinking fund, \$13,178.84; uninvested school fund, \$14,997.27; motor license fund, \$567,930.

## CUT IN NUMBER OF STATE JOBS

Governor Suggests Changes in Manner of Creating Offices.

### 5152 STATE EMPLOYEES NOW

Annual Payroll \$3,613,409.44 With But \$2,000,000 Payable To Statutory Positions—Other News.

Harrisburg—Discontinuance of the practice of creating positions by legislative appropriation and through the medium of contingent funds is being urged by Governor Brumbaugh, but whether an attempt will be made in this session to put through a statute fixing the number and salaries of all State employees has not been fully determined. The designating of specific positions would no doubt decrease their number.

The Governor has already conveyed his views to James F. Woodward and Clarence J. Buckman, chairman of the House and Senate Appropriations Committees, and it is believed that some move will be made, following his suggestion. The situation, which was not generally known, was brought to light through a report of the Economy and Efficiency Commission. The report of the commission discloses the following fact, which caused the Governor to investigate the matter further:—

"The statistics compiled by this commission show at the present time that the State service consists of 5,152 positions. Of these, 1,168 were created by statute, 2,752 were created by legislative appropriations, and 1,232 are contingent or temporary positions. The total annual payroll of the Commonwealth is \$3,613,409.44. Of this amount \$2,000,000 is paid for the statutory positions; \$1,622,258.90 to those created by appropriation, and \$450,590.54 is paid for contingent funds."

The passage of a bill specifying the number of positions and the salary to be paid for each is considered the proper way to create the positions. Several years ago, the heads of departments and lawmakers found an easier way of creating places without attracting widespread attention. The method used was to appropriate a certain amount of money to a department without definitely specifying the positions and the salaries for each. The head of the department would then appropriate the money for the employment of clerks, stenographers, statisticians, experts or whatever was wanted. The payment of department help out of departmental contingent funds was later resorted to.

The new policy, if adopted, would no doubt wipe out many jobs on the "Hill." An investigation into the needs of the various departments has been made by Governor Brumbaugh and his request that the Legislature provide specifically for every job may find some of the present positions useless.

## FRUIT LAXATIVE FOR SICK CHILD

"California Syrup of Figs" can't harm tender stomach, liver and bowels.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without gripping.

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Adv.

### JUST A BIT TOO STRENUOUS

Owner of Bungalow Not Altogether Thankful for the Labor of the Firemen.

In the lobby of a Washington hotel the other evening the conversation turned to the enthusiasm of the volunteer fireman. Congressman Edmund Platt of New York, smilingly recalled a story along that line.

A man named Smith, the congressman said, had a bungalow down along the Jersey coast. Recently the bungalow was burned, and meeting an acquaintance one afternoon Smith sadly cited the harrowing details.

"What was the trouble?" finally interrupted an acquaintance. "Haven't you got a fire department down that way?"

"Oh, yes," answered Smith with a reflective sigh. "We have a fire department, all right."

"I see," thoughtfully mused the acquaintance. "Got there too late to put the fire out, I suppose?"

"Oh, no," rejoined Smith. "They put the fire out, but in doing it they washed away the building lot."—Philadelphia Telegraph.

### QUIT MEAT IF KIDNEYS BOTH AND USE SALTS

Take a Glass of Salts Before Breakfast if Your Back is Hurting or Bladder is Irritated.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acids of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

Some Hint.

"I notice that the Companion says, 'No one can compete with the Teuton in word joinery.' But what do you think of the following word that you can find in Liddell & Scott's Greek lexicon? 'Lepadotemachoselachogaleokraniolelepanodromiputrimatosilphikoparamelitokatakachumenokichlepikossuphophattoperisteralektronoptogekaphalokigklopelelolagoosalobaphet-raganopterugon.' ## Don't Give Up!

Nowadays deaths due to weak kidneys are 75% more common than 50 years ago, according to the census. Overwork and worry are the causes. The kidneys can't keep up, and a slight kidney weakness is usually neglected.

If you have backache or urinary disorders, don't mistake the cause. Fight the danger. More care as to diet, habits, etc., and the use of Doan's Kidney Pills ought to bring quick relief.

## Sick Women Made Well

Reliable evidence is abundant that women are constantly being restored to health by Lydia E. Pinkham's Vegetable Compound

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are all genuine, true and unsolicited expressions of heartfelt gratitude for the freedom from suffering that has come to these women solely through the use of Lydia E. Pinkham's Vegetable Compound.

Money could not buy nor any kind of influence obtain such recommendations; you may depend upon it that any testimonial we publish is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

Read this one from Mrs. Waters:

CAMDEN, N.J.—"I was sick for two years with nervous spells, and my kidneys were affected. I had a doctor all the time and used a galvanic battery, but nothing did me any good. I was not able to go to bed, but spent my time on a couch or in a sleeping-chair, and soon became almost a skeleton. Finally my doctor went away for his health, and my husband heard of Lydia E. Pinkham's Vegetable Compound and got me some. In two months I got relief and now I am like a new woman and am at my usual weight. I recommend your medicine to every one and so does my husband."—Mrs. TILLIE WATERS, 630 Mechanic Street, Camden, N.J.

From Hanover, Penn.

HANOVER, PA.—"I was a very weak woman and suffered from bearing down pains and backache. I had been married over four years and had no children. Lydia E. Pinkham's Vegetable Compound proved an excellent remedy for it made me a well woman. After taking a few bottles my pains disappeared, and we now have one of the finest boy babies you ever saw."—Mrs. C. A. RICKRODE, R.F.D., No. 5, Hanover, Pa.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
