

IS EPILEPSY CONQUERED?

New Jersey Physician Said to Have Many Cures to His Credit.

Red Bank, N. J. (Special).—Advises from every direction fully confirm previous reports that the remarkable treatment for epilepsy being administered by the consulting physician of the Kline Laboratories, of this city, is achieving wonderful results.

Persons suffering from epilepsy should write at once to Kline Laboratories, Branch 48, Red Bank, N. J., for a supply of the remedy, which is being distributed gratuitously.—Adv.

An Old Contentment.

"How did she happen to decide that he was her soul mate?"

"He was demonstrating a new dance at her house and she a costly vase."

"I don't see how she figured that out."

"Neither do I, but there is a great deal in the philosophy of women that can't be figured out."

True.

"If I had your hopeful disposition I would be worth a million dollars."

"No; you wouldn't."

In the last 25 years the population of Germany has increased from 48,000,000 to 66,000,000.

The man who knows himself knows how selfish other people are.

Merit is quickly discovered by progressive young men. Fatima Cigarettes are selected by three out of four smokers of 15c cigarettes. They enjoy the mild, delightful Turkish blend.

COAL TAX AND STATE FINANCES

Decision That Law is Constitutional Would Add Revenue.

EASIER ADMISSION TO BAR

\$10,000,000 Likely To Be Passed For Good Roads—Asks Statue To Honor General Wm. McAlvey—Railroad Employs For Full Crew Law.

Harrisburg.—The financial difficulties of the present Legislature would be solved if a hurried decision by the Dauphin county and the Supreme Courts could be obtained in the matter of the anthracite tax, which would give the State added revenues amounting to approximately \$7,000,000 in two years if the law is adjudged constitutional. That the Attorney General's office is taking every means possible to hurry a decision on the case in the Dauphin county court and that the higher court will be urged to advance the case so that a decision may be rendered before the close of the present legislative session are generally known. This fact indicates that the Administration is relying upon the coal tax to solve the problem of lack of revenue, since, if the present law is declared unconstitutional, another measure could be passed and the \$7,000,000 which would be derived during the next two years would more than make up the deficit forecast by the Auditor General. If the law is declared to be constitutional, the State will not only have the revenues for the next two years in prospect, but receive the full amount of the tax for the past two years from the mining companies. With the coal tax as the probable remedy for the strained financial condition of the State Treasury, it is doubtful whether there is any likelihood of passing the repealer of that measure.

Easier Admission To Bar.

Abolition of the State Board of Law Examiners would be effected and the entire system for the qualification of lawyers to practice before the county and the Supreme Courts would be revolutionized if the State Legislature passes a bill introduced by Senator Charles A. Snyder, of Schuylkill county. The examination of law students by county examining boards for admission to the bar would also be revised. The present State Board of Examiners is appointed by the Supreme Court, and conducts its operations under that tribunal's rules. Subjects of general education are included in the preliminary examinations, after which the applicant is required to study for three years before being given the final examination.

Virtually all of the counties have gone away with the local examinations, preferring to accept the decision of the State Board. The local boards now pass only on the personal qualifications. The preliminary examinations would be entirely done away with and any applicant who had studied law for three years would be eligible for examination before a county board of five members appointed by the courts of the county, according to the provisions of the Snyder bill.

For Full Crew Law.

The Legislature Committees of the Brotherhood of Railroad Trainmen and the Order of Railway Conductors made public a statement in reply to the announcement several days ago by a committee of thirteen railroad companies operating in Pennsylvania and New Jersey, that the corporations would seek to have the full crew laws in the two States repealed.

The railroad men in their statement say: "The full crew law does not require the employment of men whose services are not necessary, and it does not mean 'employment without service.' It means safety to lives and property of the public, and we submit that it is better than our legislation should conserve life than create dividends. The full crew bill has not, in the two years it has been in force, impaired the prosperity of the railroads or added needless expense to the operation of transportation companies. It has fulfilled its mission of making 'safety first' a principle in railroad operation and marked an era of freedom from calamity in railroads that is a credit to the transportation companies and an honor to the State of Pennsylvania."

\$10,000,000 For Good Roads.

Plans made for the improvement of the roads of the State involve a cost of approximately \$10,000,000, and it is reported in legislative circles that that amount will be appropriated by this Legislature for the Highway Department for construction work. The Governor has outlined an extensive good roads program and that he intends to impress the importance of the work upon the Legislature is assured by the many conferences he has had on the subject with Commissioner Bigelow. There are no indications at present which would point toward the dismissal of Commissioner Bigelow from the service at the present time or at any time in the near future.

The Markets

NEW YORK.—Wheat—Spot, irregular; No. 2 red, 174c; and No. 2 hard, 174½c; all rail c i f track export; No. 1 Northern Duluth, 173c; and No. 1 Northern Manitoba, 166½c i f Buffalo.

TAKE A GLASS OF SALTS WHEN BLADDER BOTHERS

Harmless to Flush Kidneys and Neutralize Irritating Acids—Splendid for the System.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Adv.

A Draft—You Catch Cold—Then Follows Coughs, Cold Stiff Neck Neuralgia

Especially in the piercing pain of neuralgia or the dull throb of headache is Sloan's Liniment wonderfully relieving. Laid lightly on the part where the pain is felt, it gives at once a feeling of comfort and ease that is most welcome to the overwrought sufferer.

Hear What Others Say: "There are no liniments that equal Sloan's. My husband has neuralgia very often, he rubs Sloan's on his face and that is the last of it."—Mrs. V. J. Brown, Route 1, Box 181, Hills, Tenn.

"I have used Sloan's Liniment for family use for years and would not be without it. We have raised a family of ten children and have used it for croup and all lung trouble; also, as an antiseptic for wounds, of which children have a great many. It can't be best. My wife sprained her ankle last summer and it was in bad shape. Sloan's Liniment applied enabled her to be as good as ever in a week. I have used it several times for sprains and rheumatism."—John A. Brown, R. 2, No. 2, Krotsh, Iowa.

SLOAN'S LINIMENT

It works like magic, relieving Lumbago, Rheumatism, Sprains and Bruises. No rubbing—just lay it on. Price 25c. All dealers. Send four cents in stamps for TRIAL BOTTLE. Sent to any address in the U.S. DR. EARL S. SLOAN, Inc. Dept. B. Philadelphia, Pa.
