

# SYRUP OF FIGS FOR A CHILD'S BOWELS

It is cruel to force nauseating, harsh physic into a sick child.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Adv.

**Her Preference.**  
Young Mawks had decided to enlist and go to war, and his wife was objecting.

"But, darling," he argued, "even if I were killed, just think how fine it would be to be the widow of a hero."  
"Oh, no, Wilfred," pleaded the young wife earnestly, her mind reverting to a familiar proverb: "I would rather be the wife of a live jackass than a dead lion."—Judge.

# SEE LONG SESSION FOR LEGISLATURE

Delayed Action on Important Measures the Cause.

## NEW PARDON BOARD MEETS

Refuses To Save One Man Condemned To Die—Holds Up Three Other Executions—Governor For New Child Labor Bill.

Harrisburg.—Speculation as to the time for the adjournment of the Legislature has virtually stopped. The Legislative Committee on Legislation has thoroughly reviewed only one Administration bill—workmen's compensation—and has considered a child labor bill. A local option bill is in committee.

Plans made for the submission of the workmen's compensation plan to those interested by the distribution of a pamphlet throughout the State, will take a few weeks at least, and there is talk of holding hearings at various places on the measure. If this is done there can be no action on the bill until after April 1.

That all will not be peace and harmony has already made itself manifest. A sharp contest is expected on a large number of the measures, especially if the Governor endeavors to carry out his ideas to the letter.

The first bill to be defeated in the House this session was the measure to permit judges to suspend jail sentences of persons against whom judgment was found in civil cases such as malicious trespass.

Mr. Walter Franklin declared the bill would set aside the procedure of over sixty years and could be invoked to set free persons who should be made to have prison terms through failure to pay verdicts. Mr. Lipschutz, Philadelphia, sponsor of the bill, defended it, declaring the Act left the release optional with the Judge. The vote was 94 yeas to 74 nays.

The House concurred in the resolution to invite ex-President Taft to address the Legislature on April 15.

The House passed finally:  
Enabling first-class townships to furnish water to adjoining municipalities.

Amending Philadelphia port Acts to conform with Federal laws affecting ships going through the Panama Canal.

The appropriation bill for the Eastern Penitentiary was introduced into the House by Mr. Richards, Philadelphia. It calls for \$284,846.85, including \$10,000 for general repairs.

The borough code was reported from committee by Mr. McVicar, Allegheny, who stated that arrangements were being made for a hearing. The bill to provide civil service in police, fire and other departments in third class cities was also reported from committee.

The bill to create the third judge in Dauphin county was postponed. The optometry bills were recommended for hearings.

The House adjourned until March 1. Among the bills introduced were:  
Thomas, Luzerne—Permitting representatives of fraternal or charitable organizations to claim bodies of persons who have no known relatives.

Stern, Philadelphia—Amending anti-cigarette law by providing for summary conviction before magistrates.

Blackburn, Bedford—Requiring applicants for marriage licenses to present certificates of freedom from certain transmissible disease.

Maurer, Berks—Regulating use of compressed air machinery and establishing safety provisions.

McCaig, Allegheny—Providing method of connecting city highways with county roads and regulating construction and maintenance.

Rothenberger, Berks—Appropriating \$1,500,000 to pay balance due second class township under township road act for 1914.

McVicar, Allegheny—Reorganizing the Division of Distribution of Public Documents.

Heffernan, Philadelphia—Amending act relative to collection of collateral inheritance tax so that the Register of Wills only shall employ and fix compensation of attorneys. The present act gives the Auditor General certain powers in regard to attorneys.

Fretz, Bucks—Introduced a bill to authorize municipalities to appropriate annually to public non-sectarian libraries an amount not exceeding one mill on the dollar of taxable property when a gift or bequest exceeding \$20,000 has been made to establish a library on condition that it be maintained by the municipality.

**Pardon Board Meets.**  
Harrisburg.—The new State Board of Pardons refused to recommend commutation of the death sentence of one man and deferred action on three others. It was the first meeting and the hearings lasted until midnight.

Action on cases was as follows:  
Nicolio Mondollo, first degree murderer, Philadelphia, and Andrew Malnowski, Allegheny, first degree murderer, held under advisement.

Gregario Rizzato, first degree murderer, Philadelphia, and Andrew Malnowski, Allegheny, first degree murderer, held under advisement.

# Winter Chills Bring Kidney Ills

A spell of cold, damp weather in always followed by a fine crop of kidney troubles and backache.

Colds and chills damage the kidney. Other troubles common to winter weather are just as bad. Grip, tonsillitis, quinsy, pneumonia or any other infectious disease hurts the kidneys by overloading the blood with poisons. The kidneys get worn, weak and inflamed trying to work it off.

It isn't hard to strengthen weak kidneys though, if you act quickly. At the first sign of backache, dizzy spells, headaches, loss of weight, nervousness, depression and painful, irregular kidney action, start using Doan's Kidney Pills. Rest the kidneys by simple eating, avoidance of overwork and worry, and getting more rest and sleep. A milk diet is fine.

This sensible treatment should bring quick benefit and prevent serious kidney diseases like dropsy, gravel and Bright's disease.

Clip this advertisement and mail it to the address below for a free trial of Doan's Kidney Pills, the best remedy.

"I'd be all right only for my back."

commended kidney remedy in the world. You'll decide it worth a trial, when you read this enthusiastic testimony.

## Doctor Gave Him Up Health All Run Down From Ravages of Kidney Disease

E. C. Wels, 169 Virginia Ave., Cumberland, Md., says: "I was in a desperate state of health. The doctor, after giving me everything he knew of, said he couldn't help me and advised me to go to a hospital. This, I wouldn't do, however. My back was a constant ache and I couldn't sleep. I wasn't able to eat much and my whole body was painful. I had a most annoying bladder trouble. The kidney secretions were highly colored and deposited sediment, resembling brick-dust. It allowed to stand. I lost weight steadily. I gave up hope of ever being cured and the way I was suffering told me that I couldn't live long. Finally I learned of Doan's Kidney Pills and I decided to try them. After I had taken a few doses I felt better. I began to pick up in strength and the pain gradually left me. I kept on using Doan's Kidney Pills and was cured. For the past ten years I haven't had the slightest trouble."

## LABOR PERIODICALS TO HELP

Campaign Against Tuberculosis Will Shortly Have a New and Important Ally.

A new campaign for closer co-operation with labor unions and other groups of workingmen is announced by the National Association for the Study and Prevention of Tuberculosis.

A committee has been appointed with Dr. Theodore B. Sachs, president of the Chicago Tuberculosis Institute, as chairman, to formulate plans for immediate and future action. Other members of the committee are Samuel Gompers, president of the American Federation of Labor, Washington; George W. Perkins, secretary of the International Cigarmakers' union, Chicago; John Mitchell of the New York state compensation commission, New York; Abstin B. Garretson, president of the Brotherhood of Railway Conductors, Cedar Rapids, Iowa; Dr. William Charles White, medical director of the Tuberculosis league of Pittsburgh, and Dr. David R. Lyman, superintendent of the Gaylord Farm sanatorium, Wallingford, Conn.

As the first step in the campaign a special health bulletin has been prepared for the labor papers and will be sent out monthly in co-operation with members of the International Labor Press bureau.

Up to Mother.  
The mother of thirteen-year-old Page has a gift for rhyming and a generous nature. The other day Page returned from school with the announcement that each member of her class was expected to turn in a poem on a certain given subject on the morrow.

"Well, that's a very nice subject," replied Page's mother.

"Yes, but, mother," the little girl asked, with innocent assurance, "what are you going to say about it?"

She Went.  
"See how I can count, mamma," said Kitty. "There's my right foot. That's one. There's my left foot. That's two. Two and one make three. Three feet make a yard, and I want to go out and play in it."

Too Much to Bear.  
Friend—Why are you crying, Bobby? Bobby—Ma whipped me because my face was dirty, and then washed it.—Judge.

It's the high spots that knock out the rolling stones.

THE DOCTOR'S WIFE Agrees With Him About Food.

A trained nurse says: "In the practice of my profession I have found so many points in favor of Grape-Nuts food that I unhesitatingly recommend it to all my patients.

"It is delicate and pleasing to the palate (an essential in food for the sick) and can be adapted to all ages, being softened with milk or cream for babies or the aged when deficiency of teeth renders mastication impossible. For fever patients or those on liquid diet I find Grape-Nuts and albumen water very nourishing and refreshing.

"This recipe is my own idea and is made as follows: Soak a teaspoonful of Grape-Nuts in a glass of water for an hour, strain and serve with the beaten white of an egg and a spoonful of fruit juice for flavoring. This affords a great deal of nourishment that even the weakest stomach can assimilate without any distress.

"My husband is a physician and he uses Grape-Nuts himself and orders it many times for his patients.

"Personally I regard a dish of Grape-Nuts with fresh or stewed fruit as the ideal breakfast for anyone—well or sick."

In stomach trouble, nervous prostration, etc., a 10-day trial of Grape-Nuts will usually work wonders toward nourishing and rebuilding and in this way end the trouble. Name given by Postum Co., Battle Creek, Mich.

## Between Dealers.

The Wall Street broker who ought to be in vaudeville came across at lunch with a fresh conundrum.

"What's the difference," said he, "between a taxidermist and a taxi driver, one of those chaps who rears the taximeter up to the highest notch?"

Everybody had had experience with the taximeter but nobody could supply an answer.

"All right," said the broker, "One skins you and stuffs you and the other stuffs you and skins you."

## GRANDMA USED SAGE TEA TO DARKEN HER GRAY HAIR

She Made Up a Mixture of Sage Tea and Sulphur to Bring Back Color, Gloss, Thickness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of the famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.—Adv.

In After Years.  
"Beauty," remarked the poetic youth, "may draw us with a single hair."

"During the courtship, yes," rejoined the bald-headed man with a sigh, "but after marriage she is more likely to grab a handful."

The Finest Horse Liniment  
Is Yager's Liniment. B. L. Taft, Salem, N. J., says: "In 20 years' experience of training horses, Yager's is the most wonderful Liniment I ever used." For spavin, gall, sweeney, collar boils, wounds, etc., it has no equal. The finest external remedy for man or beast. Large 25-cent bottles at dealers. Prepared by Gilbert Bros. & Co., Inc., Baltimore, Md.—Adv.

His Point of View.  
"What is your idea of matrimony?" asked the fair maid who was still occupying the anxious seat.

"Well," rejoined the wise chap who had balked at the hurdle, it's probably all right for those who haven't enough worry."

The Proof Conclusive.

## Showing It.

"They tell me that prosecuting attorney is very bold in his conduct of cases."

"So they say. He must have the courage of his convictions."
