THURSDAY, MARCH 4, 1915

LOCALS

A lot of new stationery for the ladies, at the Reporter office. ECapt. W. H. Runkle is about again after having been housed up for sev-

eral weeks. Dr. P. H. Dale of State College attended the regular monthly meeting of the Masons on Monday evening.

. The Christian Endeavor society of the Reformed church held a social in the basement of the church, Thursday evening.

Mrs. Samuel Snyder and daughter Rebecca of Jersey Shore are spending a short time with the former's sister, Miss Gertrude Floray.

Mrs. Michael Hess of Woodward soid her small farm, together with some woodland, near Colyer, to her son, Arthur Holderman, last week.

Jim Boyd, the negro, who was to have been electrocuted this week at the new death house, was granted a respite by the governor. The stay of execution is for four weeks.

The local I, O O. F. lodge has been invited to confer the first degree upon Mills order, Friday of next week. The trip will very likely be made.

Two sales that are to take place in the valley this week are those of J. (Thursday), and George F. Potter, near Tusseyville, on Friday.

Don't forget the German supper in Grange Hall, Saturday evening, by the local Rebekah lod, e. The ladies will serve the genuine German dishes, everyone of which is a good one.

The Reformed Church Bulletin for February, is in the hands of its readers, and as usual, the editor, Rev. R. R. Jones, has issued a number conhis charge.

The Spring Mills summer normal will open on April 26th, and not on the 25th, as was advertised last week. Prof. Jones is a firm believer in the efficacy of printer's ink and finds it pays him, since he uses it judiciously.

Dr. and Mrs. J. V. Foster of State College were in Centre Hall, Saturday, and reported the serious illness of their tacks of pneumonia within a short

Commissioner of Health Warns Against many Indiscretions that Bring Evil Re

When nature arouses from her winter lethargy and the first faint promises of spring softens the wind, man in common with all animal life harkens to the foretokening.

The desire for change and relief from the winter routine is strong in us all and while this is the time when caution should be exercised our impulses seem to lead us to cast it aside. The high death rate from pneumonia and tuberculosis which is the inevitable accompaniment of the early spring months is an irrefutable evidence that this change from winter habits requires the exercise of caution to prevent evil results.

The city dweller in particular is apt to over-eat and under-exercise during the winter season. As a result when epring approaches his physical strength is below par, he becomes easily fatigued and therefore suscep-

tible to the attacks of disease germs, Old people who suffer from the cold during the winter and who do not appreciate that ventilation need not mean exposure, are apt to suffer from the sudded changes of temperature at this season of the year. It is particularly due to these winter habits of poor ventilation and insufficient exercise that when spring arrives we feel debilitated.

The sensible liver who sleeps the year round in the fresh air, eats in moderation and exercises rationally is far less sulject to spring fever ailments than the more self indulgent indi-

During March when fluctuations of the temperature are frequent, care should be taken to maintain an even bodily temperature by proper protection in the way of clothing. Better some slight discomfort at noon than work at night. Moderation in diet is also advisable. This with a reasonable amount of exercise and well ventilated sleeping rooms will aid in resis ing the dangers accompanying the

WHY HE LOES IT,

Druggist B. A. Codson Gives Reasons for Selling at Half-Crice.

It isn't often that I have faith nough in the medicine put up by other people to be willing to offer or refund the money if it does not cure, said druggist H. A. Dodson to one of his many customers, but I am glad to

The Dr. Howard Co., in order to get a quick introductory sale authorized me to sell the regular fifty cent bottle of their specific for half price, like spring, but after several days the 25 cents, and although I have sold a wind began howling as bad as any lot of it, and guaranteed every package, not one has been brought back as

I am still selling the specific at half-Hall, do work for them before he left price, although I cannot tell how long for California. Others will be obliged I shall be able to do so. Any person who is subject to constipation, sick Mrs. Ephraim Shook had dinner headache, dizziness, liver trouble, prepared at her home for the friends indigestion or a general played out condition, ought to take advantage of er's funeral. Mr. and Mrs. Dallas this opportunity. If the specific does not cure them, they can come right back to my store, and I will cheerfully refund their money.

What Could Be Done with the \$2,000,000 Which the Full Crew Laws Arbitrarily Take From the Railroads

Increased Railroad facilities, better service, greater safety and convenience, business expansion and the employment of a great number of men now idle would follow the repeal of the wasteful Pennsylvania and New Jersey Full Crew Laws.

Facts-Not Theories

\$2,000,000 would buy 200 steel coaches.

It would pay for 80 locomotives.

It would purchase 67,000 tons of rails.

It would return 5 per cent. on \$40,000,000.

It would block-signal 1000 miles of track. It would eliminate 65 grade crossings.

It would pay for 2000 freight cars.

It would build 200 new stations at \$10,000. It would provide additional freight terminal facilities.

It would buy 2,500,000 railroad ties.

It would pay for 2,000,000 tons of coal. The iron and steel industry would be stimulated, furnishing steel for new cars, rails, bridges, buildings, etc.

work as industry expanded. New construction would mean busy times for the Lehigh

region cement plants and their workmen.

Miners and coke oven operatives would get increased

Thousands of architects, contractors, building trades workers, electrical concerns and electricians, skilled mechanics, carpenters, miners, and day laborers would

With these incontestible facts thus clearly set forth, the twenty-one railroads of Pennsylvania and New Jersey feel it their duty to place the fate of the Full Crew Laws in the hands of the people. They are convinced the people prefer that employment be given to thousands for whom there actually is work to knowing that \$2,000,000 a year is being paid in mandatory wages for extra men for whom there exists no essential service to perform and whose presence, it has been conclusively shown, increases - rather than decreases - the hazards of railroad operation.

SAMUEL REA. President, Pennsylvania Railroad.
