

THE CENTRE REPORTER.

THURSDAY, MARCH 11, 1915

LOCALS

Charles Fisher of Danville was a guest of his aunt, Mrs. Elizabeth Jacobs, one day last week.

The Centre county commissioners paid out during the month of February bounties on 142 weasles, 65 gray foxes, 11 wild cats, 2 hawks and 4 owls, amounting to \$461.

The date set for the annual Sunday-school convention for Centre county is May 26 and 27, and the place Orviston. Rev. R. R. Jones is a member of the executive committee.

The local baseball club is preparing to render a home talent play in the near future. The boys are practicing assiduously and will no doubt do credit to themselves on the stage.

Mrs. Lucy Henney departed for Philadelphia, Monday, where she will look up the spring styles in millinery. "Billy" Sunday will also be an attraction for her while in the city.

Rev. R. R. Jones is holding services at Spring Mills every evening this week, except Saturday. Next week he will conduct services at Centre Hall from Monday until Friday evening, inclusive.

Mrs. J. R. Barlett of Irwin, Westmoreland county, is the guest of her brother, Dr. H. H. Longwell, and will remain until her husband, Dr. Barlett, finds a property in Pleasant Gap, where they contemplate locating.

Montandora is to have electric light as soon as the necessary twenty subscribers are secured, nearly all of whom have already consented. The Northumberland County Gas and Electric Company will run their lines to the town.

Cummings McNitt and J. J. Patterson, who last July left Reedsville for the Pacific coast, traveling in the former's Buick roadster, returned to their home last week. The return trip, however, was made by rail, the car being disposed of at New Orleans.

Fire destroyed the saw mill owned by Jacob Meyer and Andrew Vonada, near Coburn, Tuesday evening of last week, entailing a loss of \$1500 with no insurance. The cause of the fire is unknown, but is presumed that a spark from the engine started the blaze.

The membership of Washington grange 157, P. of H., at State College, is being largely augmented by new material. At last Saturday's meeting twenty-five applications for membership were received and additional applications were acted upon at a special meeting.

The Ladies Aid Society of the M. E. church gathered in the store room in the Bartholomew building, Wednesday of last week, and busied themselves with needle and thread in preparation for a bazaar which they anticipate holding in the near future. Twenty-two ladies were present.

Harry Bitner, oldest son of Dr. H. F. Bitner of Centre Hall, was promoted to the position of managing editor of the Pittsburgh Press, assuming his new duties Monday. Mr. Bitner started as reporter on the Press and by steps worked his way to his present position. For the past six years he was city editor.

Pleasant Gap.

Misses Freda Weaver, Emeline Noll and Mrs. (Dr.) Shelly are taking dancing lessons from Mr. Belle, in Bellefonte.

Mrs. Sadie Hile and son George were visitors in our town for a day this week.

The friends of Mrs. Minnie Smoyer will be glad to know she is recovering very nicely from her operation in the Bellefonte hospital.

Mrs. J. T. Noll was entertained very pleasantly for a few days at the Viking club at State College.

George Wise is again seen on our streets after a siege of grippe and sore throat.

A valuable horse owned by R. W. Noll died Friday night from colic.

T. E. Jodon made a trip to State College on Saturday.

John Uhl is adding quite an extensive addition to his home.

Mrs. Washington Reese of Bellefonte visited with her mother, Mrs. Bilger, on Thursday.

The concrete block works are almost completed.

The hosery mill will be ready to operate by April 1st. They will employ thirty-five girls at first and later will want about fifty more.

In every direction one looks in our town buildings are being erected or foundations laid. Surely an indication of better things for Pleasant Gap.

REBERSBURG

Henry Meyer lost a valuable horse by death last week. The animal had lung fever.

Samuel Winters of Aaronsburg is this week canvassing the town, selling a patent shoe scraper.

It took three men five and one half days to take the invoice of the store goods in Hazel's store. Samuel Gephart took possession of the store Saturday morning.

Henry Meyer, who some time ago bought his father's farm, situated two miles west of Smullton, last week had a car load of cement hauled to his barn. Mr. Meyer intends to build a concrete silo and also erect a large hog stable. The foundation and floor of the hog pen is to be concrete.

Linn Emerick circulated among relatives over Sunday in this vicinity.

George Corman moved to this place last Tuesday and Harry McCool moved on the farm Corman vacated.

Howard Miller will not move to Pitsairn, as stated before, but instead he will move to West Rebersburg where he will occupy part of the double dwelling house which he owns there.

PENN HALL

James Condo made a business trip to Millinburg on Monday.

Sarah Condo worked in Millheim exchange a few nights last week. She was called to work for one of the girls who had been sick.

Lola Ulrich returned home a week ago after spending a few weeks with friends in Brush Valley.

Mrs. Carrie Shook had an attack of la grippe last week, but is some better again.

Mrs. Frank Fisher had a severe spell of neuralgia in her head last week. She is a little better at this writing.

James Condo and Frank Musser made a business trip to Bellefonte on Friday.

Rev. M. D. Geesay took supper at the home of Adam Heckman on Sunday evening.

Mrs. William Hettinger is spending sometime in New York visiting her brothers and sisters.

Mrs. Kathryn Rishel returned from Pittsburgh, where she was visiting her daughter, Mrs. Harry Brungart. She is now staying with her daughter, Mrs. Sinkabine.

Mrs. George Shook, who had a bad cold which settled in her throat, wasn't able to talk above a whisper for three weeks, but is now able to speak a little better.

James McCool and family from Farmers Mills spent Sunday at the home of Mrs. McCool's parents, Mr. and Mrs. Harvey Smith.

H. B. Herring has purchased an Overland touring car; the car is still at Bellefonte.

Sarah Kerstetter to W. C. Krader, tract of land in Miles twp. \$1,800.

HOUSEHOLD SANITATION.

Commissioner of Health Dixon Diseases Important Subject of Household Cleanliness.

Undoubtedly some ancient Sanitarian was responsible for the proverb that, "cleanliness is next to godliness." While the majority of people accept this in theory, unfortunately when it comes to practice weakness develops. In ninety-nine out of every hundred homes there are corners in attic or cellar, under the kitchen sink and the bottom of the pantry cupboard that somehow or other seem to regularly escape clean up days.

Accumulation is a mania with some people. The way in which it manifests itself may vary but the result is the same. It is responsible for filling our houses with an enormous amount of wholly unnecessary truck which serves to make cleanliness difficult.

Dirt and even filth are not necessarily a direct cause of disease, but generally there is an association. Organic material which is left about becomes a breeding place for bacteria and flies. Careless habits of mind and body are cultivated and fostered by careless habits of living. It is certain that a child raised in a home where there is indifference to the household cleanliness, can hardly be expected to develop an appreciation of the virtue and advantage of cleanly habits.

These same influences within a house are equally true regarding its surroundings. A peep at the back yard will give you a far better insight into the character of the occupants of the dwelling than a study of the front door. Ashes, garbage and rubbish scattered in the rear of a dwelling are not conducive to good health or decency.

Cleanliness and wholesomeness go hand in hand, see that your household sanitation is all that it should be and make these twin sisters of Good Health welcome in your home.

WHY HE DOES IT.

Druggist H. A. Dodson Gives Reasons for Selling at Half-Price.

It isn't often that I have faith enough in the medicine put up by other people to be willing to offer or refund the money if it does not cure, said druggist H. A. Dodson to one of his many customers, but I am glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that plan.

The Dr. Howard Co., in order to get a quick introductory sale authorized me to sell the regular fifty cent bottle of their specific for half-price, 25 cents, and although I have sold a lot of it, and guaranteed every package, not one has been brought back as unsatisfactory.

I am still selling the specific at half-price, although I cannot tell how long I shall be able to do so. Any person who is subject to constipation, sick headache, dizziness, liver trouble, indigestion or a general played out condition, ought to take advantage of this opportunity. If the specific does not cure them, they can come right back to my store, and I will cheerfully refund their money.

DuBois is the home of one of the meanest men in the state. He has rigged up an electrical contrivance which turns on a light in his chicken coop at an early hour each morning. When the hens see the light they get off their roosts and begin laying eggs. The fellow says his egg crop is now double what it used to be.

Do You Know that Railroad Expansion Makes Work and Stimulates Industry?

Money saved by the railroads flows back to the people. The \$2,000,000 paid annually by the railroads of Pennsylvania and New Jersey to unnecessary trainmen, forced upon them by the Full Crew—or "excess man crew"—Laws, deprives the people of the big benefits and advantages this money, properly expended, would bring.

Because the efficient development of the railway industry in these States is so materially identified with the prosperity of the farmer, business man, working man, and scores of more or less affiliated industries, the railroads ask the people to help them save this huge amount—now absolutely wasted—that it may go to useful purposes and work toward restoration of general prosperity.

This \$2,000,000 spent for 80 locomotives, for example, would make one year's work for 1745 men, as follows:

Table showing the value of material going into these locomotives, 851 men would get employment as follows: In locomotive shops 894, In the various processes of producing the 29,200,000 pounds of material going into these locomotives, 851 men would get employment as follows: In steel mills 206, In blast furnaces 45, In iron mines 140, In coal and coke production 60, In other work 400

Wages for all these men would amount to \$1,750,000. This wage money going into circulation would make work in hundreds of other directions.

Railroad development bears upon all industries. It affects hundreds of businesses, thousands of individuals. Under normal conditions, the railroads constitute a great constructive force. Increasing their facilities and improving their systems results in stimulating all industry and business and automatically creates work for innumerable persons in many occupations.

Increased industrial activity swells passenger and freight traffic. This means more trains and real work for additional crews. In turn, it necessitates more locomotives and cars, increased equipment, erection of new and remodeling of old stations, reduction of grades and curves, elimination of grade crossings, construction of sidings in producing territories, increased passenger and freight terminal facilities.

The welfare of the people and the prosperity of the railroads are closely linked. The railroads find their prosperity in the general welfare. They seek not to decrease, but to increase, employment.

Communicate in person, by letter, or otherwise—TODAY—with your elected representatives at Harrisburg and Trenton. Ask them to repeal the Full Crew Laws. Call attention to the fact that, of 282 editorials received to date, 229 urge the repeal of the laws.

Let all get together to start the wheels of industry turning—to open wide the doors to prosperity.

SAMUEL REA, President, Pennsylvania Railroad. DANIEL WILLARD, President, Baltimore and Ohio Railroad. THEODORE VOORHEES, President, Philadelphia and Reading Railway. R. L. O'DONNELL, Chairman, Executive Committee, Associated Railroads of Pennsylvania and New Jersey, 721 Commercial Trust Building, Philadelphia.
