LOCALS.

Rev. D. S. Kurtz returned on Thursday from Pittsburg where he spent several days on business.

The twelfth annual Sunday-school convention of the twelfth district in Centre county will be held at Aaronsburg, in the Lutheran church, August 19th.

The young people of Linden Hall and vicinity will hold a picnic at the House of Lords, on Nittany Mountain, Saturday of this week. Everybody is invited.

Rev. and Mrs. S. H. Deitzel of Pleasant Unity arrived at the home of the latter's father, Alfred Dyret, on Tuesday afternoon. The trip was made in their automobile.

John F. Ziegler of Altoona spent a few days in Penns Valley last week visiting his brother, E. H. Ziegler, at Madisonburg, and sisters, Mrs. C. R. Neff and Mrs. S. A. Krape, at Centre Hall.

Farmer Geiss Wagner, near Tusseyville, lost a valuable cow during the electric storm that passed over the valley on Sunday. The bovine was in the midst of a herd and all were in a pasture field.

Mrs. Emma Baseler of Middleburg was the guest of Miss Laura Runkle for a few days last week. Mrs. Baseler possesses rare musical ability and on Sunday sang in the Lutheran church in the afternoon and in the Reformed church in the evening.

T. C. Adams will today (Thursday) take charge of the toll gate at Pleasant Gap which for a number of years has been under the supervision of Frank Weaver. It will be remembered that the turnpike on which this gate is located is one which the State purposes buying out and reports are to the effect that a deal is now pending.

Messrs. B. W. Dildine of Orangeville and John E. Dale of State College were in Centre Hall on Tuesday in the interest of the Farmers and Traders Life Insurance Company, whose main office is Syracuse, New York. This life insurance company is the creation of the order of Patrons of Husbandry, and is licensed to do business in this state. The company is planned on a legal reserve plan and has a deposit of \$100,000 in New York. Mr. Dildine is planning to have headquarters at the Grange Encampment and Fair, and with the local representative, Mr. Dale, will be pleased to talk insurance that is ideal in its operations with the farmers of Centre county.

DIXON'S HEALTH TALKS.

A Few Pointers in Camp Sanitation for the Amateur Camper, given by Commissioner of Health.

Every fisherman, the hunter and lover of Nature who turns to camp life should constitute himself a health officer for his own protection and comfort.

There are certain niceties of camp life which an experienced woodsman does not neglect but the city bred amateur who is used to daily garbage collection and open plumbing seems apt to lack sufficient ingenuity to properly improvise means to make up for the lack of these essentials.

Cooking and eating out of doors is an attraction if the process is not accompanied by swarms of flies and these are sure to appear if the wastes are not properly disposed of.

If your camp is near a stream go far enough back to be sure that heavy rains will not wash refuse into the stream, burn or dig a pit for it. Cover all the waste which goes into it with a sprinkling of chlorinated lime and then with a light covering of earth. This will insure a freedom from fly breeding and noisome odors in the hot weather.

Be careful of your water supply. If it is from a stream and there are other camps or dwellings upon it it is far wiser to boil all that is used for drinking and domestic purposes than to risk the possibility of typhoid fever. If a spring is used care should be taken that this is not open to contamination from washings of refuse or other pollutants.

If mosquitoes abound for the sake of comfort and as a protection against the possibility of malarial infection, screens or netting should be used if conditions will permit and if not some anti-mosquito wash should be used such as oil of citronella. If bitten a mixture of one part of aqua-ammonia and three parts of spirits of camphor will destroy the poison. By no means all species of mosquitoes are disease carriers but they are all comfort destroyers.

These precautions are simple enough and if made a part of the regular routine of camp life they will afford a reasonable protection to the health of the occupants of the camp and may likewise serve to protect other pleasure seekers along the streams as well as the regular consumers of water for domestic use.

The Electric Light Display.

More than forty citizens of Centre Hall on Tuesday evening witnessed the demonstration of electric lighting at Bilger's, Pleasant Gap, by the State-Centre Electric Light and Power Company. The three styles of street lights were decidedly pleasing in effect, and in a general way left a good impression on those upon whom the light shed. Among the party who witnessed the display of lights were three of the borough's councilmen, the other two members for good reasons were not on hand.

Put a Stop to this Kitchen Drudgery, Now!

Oh, yes, it can be done if you are cooking on a coal or wood stove. Half the work of the kitchen is taking care of the stove. Jabbing away with the poker to get the ashes out so it will "draw" or shoveling up ashes and lugging them outdoors. And perhaps the wood box is empty when the fire has gone out, and you have to haul up coal. All this is work—the back-breaking kind that makes you "all wore out" when the last supper dish is wiped dry.

Put a stop to it today—now. Buy a

NEW PERFECTION OIL COOK STOVE

and then you will know how safe, sane, saving and satisfying a cook stove can really be.

The New Perfection is ready for instant use. It doesn't die out and have to be "made up." You put it out purposely between meals and save money and keep your kitchen clean and cool. Yes, clean, for the combustion chimneys prevent smoke and smell.

With the separate oven and broiler, you can do anything any other stove will do—bake, roast, broil, boil, fry, heat water for wash days and irons for ironing day.

There are lots of other improvements your dealer can explain to you, like the regulated flame control, the perfected oil reservoir, the improved wick that outlasts the ordinary kind and so on. Go today and learn what cooking comfort and economy really mean.
