GRANGE ENCAMPMENT & FAIR.

WILL OPEN IN TWO WEEKS.

New Exhibition Buildings Have Been Erected and New Tents Purchased, Which Gives Promise of Best Fair in Years.

Two weeks from Saturday the great Encampment and Grange Fair will open for a week of recreation for the farmers of Centre county and their friends.

A number of workmen have been on the grounds for several weeks preparing the camp for the comfort of visitors. A large exhibition stable has been erected which is absolutely free to exhibitors. Farmers should bring their fine horses and cattle. This department promises to be the largest and finest of its kind we have had in many years. Several other small buildings have been erected for the convenience of campers and day-visitors.

The large poultry building has been repaired and is in fine shape for this exhibit. There are a large number of coops and it is hoped the poultry raisers will fill them to overflowing. This exhibition provides one of the best opportunities in the county for advertising and selling fine poultry. A small premium is paid in this department. You can't afford to miss this chance of showing your fine birds.

The exhibit of agricultural and horticultural products will be the largest in the history of the Grange Fair. Every farmer and every gardener should place something on exhibition and help make this farmers' exhibition the largest and best in years. If each one will bring only a few articles, there will be a display that will excel any exhibit in central Pennsylvania. In the household department, women are urged to bring their handwork of all kinds, as well as the relics they are proud of. Let others see the beautiful and curious things you have stored away. Small premiums are paid in all these departments.

New tents have been bought and the Encampment will be larger than ever. Every effort will be made to make the camp pleasant and comfortable. Campers are indicating a desire to be on the ground early and tents will be ready for occupancy at least three days in advance. A large number are providing their own tents, which if shipped to the committee, will be put up ready for the parties when they arrive. You can't afford to miss this pleasant and social gathering. The ground will be in excellent condition and the entertainments the best ever given. New amusements have been contracted for, and there will be something to please everybody.

LEONARD RHONE, Chairman.

A Good Serial Story.

A serial story constructed along entirely new lines will begin in The North American for Thursday, August 26, and be continued a chapter a day.

The title of the story is "Neal of the Navy"; the author is William Hamilton Osborne, one of the leading American creators of fiction. Incident after incident of the most thrilling character combine to make the story grip the attention of the reader, and motion pictures based upon these incidents will be shown in leading theaters, thus heightening the interest of the reader.

The first episode of the story—the first six instalments and the first two reels of the motion picture—are based upon the catastrophe of Mount Pelee, and so successfully have they been written and planned that they send the story off at a rattling gait. The picture of the scenes described will include many feet of real volcanic eruption, one of the most marvelous bits of action ever shown on the screen.

"Neal of the Navy" represents another departure. Never before has a writer of the standing of Mr. Osborne written an original story with the purpose of having it screened. It marks a new departure and a new class of motion-picture play.

Zettie Renston.

The annual reunion of the Zettie families will be held Saturday, September 4th, in E. C. Harter's grove, in Georges Valley. Everybody is welcome.

CENTRAL STATE NORMAL SCHOOL.

Charles Lutz, Principal.

This school maintains an excellent course of lectures and music and dramatic recitals by outside talent. Musical and expression recitals by students in these courses are frequent.

The various special courses are thus strongly supplemented and the student body is afforded rare instruction and entertainment.

Student life loses monotony with these opportunities, especially when the daily work is conducted by a faculty of experts in their various lines of instruction. Send for a catalogue.

Kentucky Feuds.

Not many years ago Clay County, Kentucky, was one of the most notorious counties for the famous feuds that broke out continually. The newspapers made frequent mention of the Baker-Howard feud that was waged bitterly. Today there is no newspaper notoriety for Clay County, for there is no feud there. The remarkable story of what conquered the feuds is to be told in the Sunday School Times by a well-known writer who visited the county and met the man who is the hero of this thrilling story. This man who brought about the transformation in the county was once in the thick of the feud himself. A three weeks' free trial of the Sunday School Times may be had, (as long as the supply lasts), for a post card request, asking for "Kentucky Feuds," addressed to the Sunday School Times, Philadelphia, Pa.

THE NEW GAME CODE.

Letter from Kansas.

In a letter from J. K. Gier, of Beloit, Kansas, the writer, in making a remittance and following with a few kind remarks concerning the Reporter, asks why he does not hear more through these columns of old neighbors while living in Penna Valley and who are now residing on the Pacific slope; especially Mr. and Mrs. John Hoffer. Speaking of conditions in Kansas he says:

"We surely had enough rain this season, but we certainly have reason to rejoice. Another good crop of wheat following the good wheat crops of the last two years of drought. This year we have promise also of a bumper crop of corn. Ours is no fruit country but this year we have grapes, peaches, pears, plums and apples.

"We just closed our Chautauque. I think it was the best one we have held and it was our 14th Chautauque. Vice-President Marshall was one of the numbers, and gives an idea of the kind of talent we engage."

[Our correspondent's desire to hear from old friends and neighbors of years ago who reside in all parts of the country, is shared by many others, and the Reporter is only too glad to give space to the letters from these friends. That they are read with the greatest of interest cannot be denied.—Ed.]

Klinger-Wieland.

William H. Klinger and Miss Ruth Kennedy Wieland were married at the home of the bride's parents, Mr. and Mrs. J. M. Wieland, near Lebanon, Wednesday of last week. On Saturday the couple arrived at the home of the groom's parents, Mr. and Mrs. John Klinger, near Boalsburg, where a reception was tendered them that evening. Seventy or more guests were present at that time. The young people will remain at the Klinger farm until spring when they will commence housekeeping on a farm near Boalsburg.

The bride is the oldest daughter of Mr. and Mrs. J. M. Wieland who last spring left Boalsburg for Lebanon county where they are farming near Annville.

Shawver-Mark.

Saturday evening, August 14th, at the Lutheran parsonage at Aaronburg, Virn A. Shawver and Marion Estella Mark, both of Coburn, were united in marriage by Rev. M. D. Geesey.

11-Cent Postage Stamp.

The postoffice department at Washington has issued a 11-cent postage stamp. The stamp is issued primarily for use in prepaying postage on parcels and postage insurance fee on insured parcels, amounting to 11 cents.

The new stamp bears the head of Franklin in profile, from Houdon's bust, looking to the left. It is printed in dark green ink and is the same shape and size as the other ordinary stamps, series of 1911. The border design is the same as that of the other denominations of the current issue above seven cents.

Farmers in Penna Valley were never busier than they are just now.

REPORT OF S. S. CONVENTION.

Subjects for Betterment of Sunday-School Work Handled in Excellent Manner by Various Speakers.

The district Sunday-school convention held in the Lutheran church at Aaronburg Thursday of last week was a decided success. The attendance at the three sessions was good. Out of the twenty-six schools in the district seventeen were represented.

Some points on papers read at the convention follow:

MORNING SESSION.

Prof. W. P. Hosterman spoke on "The Importance of the Sunday-school and its relation to the State." His central idea was faith, importance of having faith in God and doing our best in the work of the Sabbath-school. By doing the greatest possible good in every way makes the best and highest type of citizenship. Teach the word of God in all its purity and power. If man loses faith in God the result is disastrous. The strength of faith is seen in the use of all the powers of man. We cannot comprehend God only in His attributes. He defined "Mercy to be seeking the highest possible good to the offender." When the people fail to make use of God's best gifts He gives them the next best. "Why should the Sunday-school include Missions in the very heart of its program?" was discussed by Rev. J. L. Metzgar.

1.—Because the Sunday-school is one of the most efficient agencies of the church, a live wire and this wire needs to be charged with Missionary Enthusiasm.

2.—Affords an excellent opportunity to come in touch with those boys and girls who are to be the hope of the future church. Such need to be trained and nurtured along this line. (a) Some methods by the organization of Mission Bands and Young People's Missionary Societies, with an efficient superintendent or leader. (b) By giving 10 or 15 minutes once a month of the time of the school for a stirring and instructive talk on some phase of missions. (c) By making life members or honorary members of the Missionary Society of the church from the Sunday-school. The feet is children are more eager to hear the story of missions than some older ones, if they only have a chance.

3.—Because the S. S. should be an educator, for the dissemination of missionary intelligence.

4.—Because Christ was a Home and Foreign Missionary—our great example.

AFTERNOON SESSION.

"How can bible teaching be made more effective?" by S. G. Walker.

1.—By rightly using the material at hand.

2.—By using the suggestive method of teaching.

3.—By using bible helps with direction.

4.—By making the lesson your own. "Why is it important to teach things in Youth?" by Miss Mary M. Meyer. She gave a very well prepared, comprehensive and discriminative paper on this topic.

Address, "Organized adult bible class work," by Rev. Johnson. He defined what such a class was and how efficient such a class could be in the work of the Sabbath-school and the work of the church along so many lines; e. g., along the line of service for better citizenship and evangelistic work.

EVENING SESSION.

"How to gain the attendance of Sunday-school children to church service," by Rev. W. H. Williams.

1.—By fathers and mothers taking the children from the earliest years so that they know nothing else.

2.—By adapting the sermon now and then especially to the children.

3.—By studying the absolute needs of the child and seeking to meet them.

4.—By not calling the child if he had an imp, but God's child and study how to keep the evil influences away from the child.

5.—By a careful study of the boy problem.

"Development," by Hon. C. L. Gramley. He gave a most excellent address of the history and work of the Sabbath-school from the time of Robert Rakes to the present day. It required no little research to prepare such a paper as this was full of facts and figures.

"Temperance Work," by Rev. R. R. Jones of Centre Hall. He spoke of the terrible curse of "King Alcohol." The convention at its close adopted resolutions in the interest of the cause of temperance to stand for civic righteousness.

Mr. Harvey, county superintendent, of Orvistor, was present and spoke on "Our District Problems," emphasizing the importance of better organization and hearty co-operation along all lines, that we might make the twelfth district a banner district. He also spoke of the need of graded lessons in

Continued at foot of next column.

DEATHS.

Mr. Susan Irving Hering died at the home of her daughter, Mrs. Margaret Donachy, in Lewisburg, Thursday evening, from infirmities of old age. The deceased was a daughter of Daniel and Jane Kennelley and was born at Spring Mills, Sept. 29, 1824, where the greater part of her life was spent. Had she lived until the 29th of September she would have reached the ripe old age of ninety-one years.

Mr. Hering was a faithful member of the Methodist church, having united with that organization seventy years ago. She is survived by only one daughter, Mrs. Donachy, of Lewisburg. No brothers or sisters survive, she being the last of a family of sixteen children.

The funeral services were held at her late home Sunday afternoon at 2:00 o'clock. The body was taken to Spring Mills Monday morning for interment.

William Foster, brother of Hon. Robert M. Foster, postmaster at State College, died at the home of his son, I. Jordan Foster, Esq., at Brookville Wednesday evening of last week. His death was due to a stroke of paralysis. Mr. Foster's home was in Lewisburg. His age was sixty-five years.

Katie, the four weeks old child of Mr. and Mrs. Peter Douglas, foreigners at White Rock, died in the Bellefonte hospital Monday noon, of diphtheria. Interment was made at Pleasant Gap, Tuesday morning. F. V. Goodhart of Centre Hall was the funeral director.

Wouldn't You Like This Trip?

A two-days' trip covering many points of interest in the eastern part of the state for the small sum of ten dollars. This is a proposition offered by J. C. McClenahan of Potters Mills, owner of the luxurious Paige touring car. The trip going will be made via Lewisport and Carlisle, the objective point being Gettysburg where twenty-two miles will be covered on the famous battlefield. Returning a new route will be taken and York, Lancaster and Harrisburg will be stopping places; at the latter place the State capitol may be visited. Hershey, the chocolate town, is a point of great interest and a stop will be made there too.

If you would enjoy a trip of this sort—and who would not—arrange with Mr. McClenahan at Potters Mills and he will do the rest.

Agriculture to Be Developed.

Some steps are expected to be outlined for the development of the department of agriculture by Governor Martin G. Brumbaugh when he returns from Maine prior to going to the Panama-Pacific exposition for Pennsylvania day. Members of the state commission of agriculture have been busy ascertaining sentiment and making observations since a recent meeting and will be ready to make reports to the governor if he summons the commission before going west.

It is understood that studies have been made of the department of agriculture in other states and of the relation of agricultural colleges to the department in charge of husbandry and its allied branches. Information has also been secured at Washington regarding certain lines of activity so that when the organization is effected it will prevent overlapping with work that has federal aid and also permit of extension into lines not now covered.

The governor has not yet indicated his preference in regard to a secretary of agriculture, but he will be named before the winter work is outlined.

(Continued from previous column.)

The Sunday-school, especially in infant and junior departments.

Mr. M. W. Smith of Centre Hall, superintendent of Home Department of the county, gave a very interesting address on "Home Department Work."

A. C. Thompson of Philipsburg, county superintendent of teacher training, was present and gave an address on "Teacher Training."

The convention decided to give \$10.00 for the County Work of the S. S., in the district.

Miss Nellie Bard sang a beautiful solo, accompanied by Leroy Meneche. There were many Sunday-school workers present from a distance.

NEW OFFICERS ELECTED.

The new officers elected are as follows: President, A. N. Corman; vice president, W. P. Hosterman; secretary, H. D. Krape; treasurer, J. A. Klue; supt. teacher training, Mr. W. H. Phillips; supt. home department, L. E. Stover; supt. elementary department, Mr. G. S. Frank; supt. O. A. P. C., C. L. Gramley; supt. temperance department, Mrs. E. B. The Clinton Dispatch is the new name assumed last week by what was formerly the Clinton Democrat. The editor in commenting on the change of name states that the new title "better expresses our aspirations," and that a paper should be something more than an asset of a political party. The Dispatch is one of the state's best inland dailies and is published in Lock Haven.

H. J. Stover, foreman of the section crew at Coburn, while assisting in unloading a carload of 85-lb. steel rails at Linden Hall, Monday, had the misfortune to have the flesh stripped off three fingers on the left hand for the entire length of the digits. J. Emory Hoy of Philadelphia was an arrival in Centre Hall Wednesday evening of last week, having made the trip in his new Ford automobile. He was accompanied by Mark L. Eisenbuth, a Philadelphia youth, who besides being an excellent chauffeur, is a baseball pitcher of no mean ability and during his week's stay in Centre Hall attracted considerable attention among the local baseball players in practicing with them on the Grange park diamond.

Friday morning J. C. McClenahan of Potters Mills, accompanied by his mother, Mrs. Anna McClenahan and his sister, Mrs. Orvis Horner, left for Pittsburgh in his beautiful Paige car.
