**LOCALS.**  
Chas. D. Bartholomew spent Sunday with his family in Altoona.

Mr. and Mrs. E. W. Smith attended a reunion of the Smith families at Montgomery, on Saturday.

Rev. and Mrs. Paul Brown and family on Saturday left Centre Hall for Millheim where they will make their home for the winter.

Teachers in the borough schools would be pleased if parents would keep their children at home from school at noon until 12:30 o'clock.

Miss Anna Stover, who last spring graduated from the Altoona hospital, spent a few days last week at the home of her sister, Mrs. William McClelland and is now visiting relatives in Boalsburg.

Mr. T. W. Simkins was called to the home of her brother, James R. Schuyler, at Bloomsburg, on Wednesday, on account of a serious operation which will be performed upon him at the Scranton hospital.

F. V. Goodhart and sisters, Misses Margaret and Sarah, the latter from Cleveland, Ohio, and Miss Iona Tibbets of Bethel, Maine, autored to Milroy on Thursday, where with another sister, Mrs. W. Winegarder, they spent the day in motoring.

Mrs. Mary Reaick and daughter, Miss Savilla Reaick, attended a picnic held by the Ladies' Home and Foreign Missionary Society of the Presbyterian church, at Milroy, last Thursday. They were accompanied home on Friday by W. O. Reaick and son Rufus and wife.

In this issue, on the first page, Judge Orvis refutes charges made against him by individuals who appear to be opposed to him for other reasons than the temperance views they hold. The letter, short and to the point, should be read by every one of the Reporter's readers. It ought to convince everyone who wishes to be fair, that Judge Orvis at no time was warped in his decisions by any financial interest in booze.

**A Very Fine Peach Orchard.**

'Equire Cyrus Brungart is now reaping the reward of the time and labor spent in his peach orchard during the blossoming season in the spring of the year. What results are to be obtained by employing the best methods in the cultivation of peaches may be seen by anyone who will take the time to view Mr. Brungart's orchard which now presents a most beautiful sight with row after row of trees loaded to the breaking point with peaches perfect in color and without blemish. Earlier in the season a thinning process reduced the number on each tree so that the remainder had every opportunity to develop to the highest point and surely these peaches have. To bring this fruit which is generally believed to fall to reach its best state in this section of country to such development shows what can be done when grey matter and brawn work hand in hand. Spraying, of course, is Mr. Brungart's secret of success in the cultivation of peaches and this he did not only once, but three or four times, cleaning each tree with spraying material so that scale and all other form of disease were thoroughly eradicated. The result is shown by the present product. No more highly flavored fruit is to be had than the Elberta or Belle of Georgia peaches, of which Mr. Brungart has many trees, and for sizes they surpass almost anything that has ever been shipped here from the country which boasts of growing the only real peach.

There is a big demand for Mr. Brungart's crop but he desires to sell at home in order to do as little hauling as possible. Peaches may be had at his orchard for \$1.20 per bushel. They are ready now.

**750 Freshmen at State College.**

Pennsylvania State College will this year have a freshman class of 750 at least. Up to the present time 700 applicants have been enrolled in full standing. About 75 of these are young women.

Hampered by lack of accommodations for all who apply, only those who can fully qualify will be received. In this particular the State College occupies an unusual position in the college world. No one has been admitted with any entrance conditions whatsoever. A. H. Epeneshade, the college registrar, stated that in all likelihood he would be unable to admit even all those who can meet the entrance requirements. He estimated that 1,000 freshmen could be received this year if the college could accept applicants willing to enter with one or two conditions.

In addition to the regular freshman class there will be 150 young men registered in the two-year course in agriculture. There will be probably forty candidates for advanced degree, thirty of whom will come from other colleges and universities. There is no room at State College for special students.

**Spring Mills Wins Two Games.**

The Spring Mills baseball club is closing the most successful year in its history and culminated its grand record by winning two games on Saturday. At Linden Hall they won a 9-2 victory, Gramley for Spring Mills, and Ross for Linden Hall, being the box artists. In the afternoon, on home ground, they took Millheim into camp by the one-sided score of 17-7. Corman pitched his team to victory while Millheim worked Bishel and Kessler. The Spring Mills club has defeated almost every team in the valley and has undisputed right to first place among the amateur clubs.

**Zerby-Fleming.**

Charles Edgar Zerby and Miss Clara Josephine Fleming were united in marriage at Chambersburg Thursday evening of last week at the home of the bride's parents. He is a graduate of the Mont Alto Forest Academy and is now overseeing the tract of state land at Maddix Run, Elk county, where the groom has a home ready for his bride after a short wedding trip is completed.
