PEG O' MY HEART.

Will be Presented in Grange Hall Monday Evening, October 11th, by Impersonator of Prominence.

If you enjoy Irish wit—and surely you do—the pure and wholesome kind, don't fail to see the presentation of Peg O' My Heart by Marion Hertha Clarke of New York City, an impersonator of the highest rank, in Grange Arcade, Monday evening, October 11th.

Peg O' My Heart is a bewitching Irish comedy, full of sweetness and charm that runs the entire gamut of human emotions. This play leads all others which Miss Clarke presents and the press commendations which she has received on this play are of a kind to leave no doubt as to her versatility in portraying the eight or more characters which combine to make up this popular comedy. One of the many commendations she has received follows:

"Miss Clarke's impersonation of the fascinating Peg O' My Heart ranks equal with its original star. In addition to the clear cut presentation of Peg she handles the entire play of eight or more characters with equal facility. Under her able impersonation an audience is swayed between laughter and tears, taking away with them the memory of an evening's entertainment that has been wholesome and true.—G. B. Powers, Waterloo, Iowa."

The entertainment is given under the auspices of the local W. C. T. U. Admission, 25 cents; reserved seat, 30 cents. Children of parents purchasing reserved seat tickets are entitled to the front seats at an admission price of ten cents. Chart at Kreamer & Son's store.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
