

Austro-German Advance Slow, But Steady-No Word From Bulgaria.

London. -- Zeppelin airships have made another raid over London, dropping bombs. Eight persons are declared to have been killed and about 34 injured. The material damage done is said to have been small.

The Home Office made the following report on the raid:

"A Zeppelin raid was made over a portion of the London area, when a certain number of incendiary and ex- west Bulgaria, when 70 men were plosive bombs were dropped. The material damage done was small. A few fires resulted, but they were quickly put out by the Gre brigade.

Near East Holds Interest.

The near east, with the Austro-German and Bulgarian invasions of Serbia, the Anglo-French landing at Saloniki, the promised active interven; tion of Russia and the diplomatic possibilities in Greece and Roumania continue to be the centre of interest throughout the belligerent countries.

The Serbians, although greatly outnumbered by armies with superior equipment, are making a stubborn defense of their country and while the Austro-German progress is steady, it is very slow and probably will become slower still when the mountains, where the Serbians are strongly entrenched are reached.

Little Change In West.

Some disappointment is expressed here at the decision of Italy not to participate. Italy has laid claim to great influence in the Balkans and is known to have aspirations in Asia Minor, which the junction of Germans and Turks, it is pointed out, would virtually bring to an end. With superfluous forces and excellent transport facilities, the view is held in London that Italy is in a better position than

He did say, however, that Russian troops would co-operate "as soon as they were available."

Expects Italy To Aid Serbia.

The French Premier, M. Viviani, had more cheering news for the allied countries when, in the French Senate, he expressed the belief that "the Allies can count on Italian co-operation in the Balkans."

These diplomatic questions are not delaying the military operations. The Austro-German and Bulgarian attacks on Serbia are proceeding apace.

It is reported also that the Allies have begun an offensive in the Dardanelles to keep the Turks busy.

REVENUES \$750,000,000

Increased Budget Due To Plans For Army and Navy Expansion and Needs Of State Dopartment.

Washington .- The largest estimates of government expenditures ever submitted to a Secretary of the Treasury of the United States in time of peace was presented for the next fiscal year, as required by law, for discussion by Congressional committees in advance of the regular session. They will be examined in detail by President Wilson and his Cabinet this week.

With an estimated increase for national defense of about \$150,000,000 over last year, together with the cost of new tasks imposed on the State Department and other branches of the Government by reason of the European war, it is probable the amount of expenditures will be augmented to a total of about \$1,240,000,000. If Congress agrees to the Administration's program for strengthening the army and navy, it will be obliged to provide for additional revenue legislation or the executive branch of the Government must issue bonds.

Although no estimate of receipts for the fiscal year beginning July 1, 1916, in which the increased expenditures will take effect, has been made by Secretary McAdoo, officials now are convinced they cannot count upon more than \$750,000,000 for the 12 months, and some believe that the total income will not go over \$700,000,000.

This Must Be a Great **Kidney Remedy**

Several years ago I suffered with bad pains in my back. I was very restless, often getting up several times during the night. My limbs were swollen, and I dropped in weight to 147 pounds. I con-sulted a well known Norfolk physician and he stated that I had a very bad case of Kidney trouble.

I saw your advertisement in the paper and purchased a bottle of Dr. Kilmer's Swamp-Root from a druggist, after he recommended it to me. After I took three bottles, I felt greatly relieved. I have taken Swamp-Root since at different times. I gained in weight to 206 pounds, and I am well and have been ever since I commenced taking Swamp-Root.

Very truly yours, W. J. BARROW, Farmville, Va.

I, A. M. Barrow, a Notary Public in and for the County of Prince Edward, in the State of Virginia, do certify that W. J. Barrow, whose name is signed to the foregoing writing, bearing date Jan. 15th, 1912, personally appeared before me in my County aforesaid and made oath that the said writing is true in substance and in fact. Given under my hand this 15th day of January, 1912.

A. M. BARROW, Notary Public. We sold Mr. W. J. Barrow most of the Swamp-Root in question and have per-sonally heard him speak of its action in most complimentary terms.

Operation Of Cars Causes Metatarsalgia, Says Doctor.

Washington. -- "Metatarsalgia," or the automobile foot, is the latest affliction of the human race, or that part of it which has and drives automobiles. It was discovered by Dr. E. C. Rice, president of the Pedic Society of Washington He said that people who jam on brakes, use the self-starter and operate the clutch with the right foot are presenting new and serious problems to pedic science.

"Great pressure is brought to bear on the ball of the foot," said Dr. Rice, which causes a lowering of the third and fourth matatarsal bones or a breaking down of the anterior transversal arch, with its accompanying metatarsalgia."

Dr. Rice has declared that women absolutely refuse to wear sensible shoes and when it comes to picking between a shoe that fits and a shoe that is stylish, the woman will take the stylish, regardless of the pain it causes her.

"One cup of coffee taken at breakfast would cause me to become so nervous that I could scarcely go through with the day's duties, and this nervousness was often accompanied by deep depression of spirits and heart palpitation.

"I am a teacher by profession, and when under the influence of coffee had to struggle against crossness when in the school room.

"When talking this over with my physician, he suggested that I ury Postum, so I purchased a package and made it carefully according to directions; found it excellent of flavour, and nourishing.

"In a short time I noticed very gratifying effects. My nervousness disappeared, I was not irritated by my pupils, life seemed full of sunshine, and my heart troubled me no longer.

"I attribute my change in health and spirits to Postum alone.'
