

**FATAL ACCIDENT TO MILLHEIM MAN.**

**E. C. Housman Killed at State College When Bursted Pulley Strikes Him on Head, Crushing His Skull.**

An eighteen-inch pulley on a large turning lathe in the Electrical building at State College bursted just as E. C. Housman, a carpenter, was walking past the machine. A broken part struck him on the head causing his death a few hours later. The accident occurred Monday afternoon at four o'clock, Mr. Housman dying, without regaining consciousness, at six o'clock the same day.

Mr. Housman occupied the second floor of the Electrical building and was lumber supervisor of the building operations at the college. He had occasion to use a machine on the lower floor and as he passed the lathe the pulley on the machine suddenly broke, a large fragment striking him on the head. His skull was crushed.

He was born in Gregg township almost fifty-four years ago but had been a resident of Millheim the greater part of his life, following the carpenter trade. He was unmarried and is survived by only one brother, J. W. O. Housman, of Millheim.

Funeral services will be held this (Thursday) morning in the M. E. church and burial made in the old cemetery in Millheim, Rev. W. H. Williams officiating.

The funeral of John Hook, at Bonairburg, Wednesday morning, was largely attended. Gregg Post No. 95, G. A. R., of which S. B. Miller of Bellefonte is Commander, was represented by about twenty-five members, and had charge of the service at the grave. Mr. Hook was also a member of the Centre County Veteran Club Association.

The election board in the north precinct of Potter township for years past has had a record for making one of the earliest returns of the vote in the county. At the election last week, however, the board encountered all sorts of trouble in tabulating the results, necessitating their stay at the polling place until almost four o'clock in the morning. One of the things which proved vexing and required an hour to straighten out was the difference in the number of votes cast and the number of ballots counted. A careful count revealed the fact that 124 voters had cast their ballots but only 123 ballots could be accounted for. The ballots in their folded shape were counted and recounted, but it was impossible to bring the number up to 124. Finally one of the clerks suggested opening each ballot and laying it upon the table flat. This was done and the "lost" ballot discovered when it revealed itself after having been snugly fitted into the folds of another ballot. Of course the snugly ballot wasn't hiding intentionally, nevertheless it led the board a merry chase for an hour.

**TEACHERS GATHERED AT INSTITUTE.**

**69th Annual Session Proving Beneficial to Large Attendance of Teachers—High-Class Instructors on Program.**

The sixty-ninth annual session of the Centre County Teachers' Institute, held at Phillipsburg, opened Monday afternoon with a large attendance of teachers.

Dr. Andrew, president of the Board of Education of Phillipsburg, welcomed the teachers to the town in the opening address. Prof. Whiting of Bellefonte responded on behalf of the teachers. Dr. Keeler, State Superintendent of Public Instruction of Michigan, was the first instructor. He spoke on the fundamentals of education. Reading was given first place on the curriculum; writing followed, and arithmetic and spelling brought up the rear. Dr. Williams, Superintendent of Normal schools of Ohio, showed in his address that education is a lifelong process of growth, thus answering the question, "What is Education?"

Tuesday morning Dr. Williams again spoke answering the question, "What is the Aim of Education?" by saying that its aim is social and economic efficiency. Prof. T. O. Mairs, Prof. of Agriculture of State College, gave an interesting lecture on the teaching of agriculture.

Monday evening's entertainment was a dramatic presentation of "Strongheart," by Miss Margaret Stahl. The audience was thrilled by a beautiful story of the Red Man.

**DEATHS.**

Mrs. Elizabeth Thompson Hamilton, wife of John Hamilton, former secretary of agriculture and for years treasurer of State College, died at State College on Sunday. She was a daughter of Hor. Moses Thompson, one of the noted ironmasters of Centre county during the last century, and was born at Centre Furnace. She and Mr. Hamilton for a time resided at Washington where her husband was connected with the United States department of agriculture. She is survived by her husband and one daughter, Mrs. John Henczy, of Philadelphia.

The funeral took place Tuesday.

Martin Meise Keller, baby son of Mr. and Mrs. Bethard Keller, died on Friday at the home of his grandparents, Mr. and Mrs. Philip Leister, near Potters Mills, after a short illness with whooping cough, aged four months and twenty days. Funeral services were held Sunday morning and burial made in the Sprucetown cemetery, Rev. W. H. Williams officiating.

While passing along the public road between Milroy and Potters Mills, on the top of Long Mountain, Thursday, the automobile of James Close of Milroy, skidded and upset, throwing the five passengers from the car. A son of Mr. Close was driving the automobile and in the car with him was another man and three women, all from Milroy. None of the party was hurt, but an axle of the car was badly bent. Fortunately the machine upset in the middle of the highway and did not go over an embankment.

The Pennsylvania Experiment Station, at State College, cautions farmers to be especially careful in the selection and care of seed corn for next season's planting. Because of the heavy rainfall and low temperature of the past season corn was from ten days to two weeks later in maturing than is usually the case. Because of immaturity, therefore, the seed for next year's planting will in many cases be low in vitality unless it is carefully selected and then well cared for.

**LOCALS**

November 25 is Thanksgiving Day and Christmas will then be only one month away.

Frank Phillips of Colyer was a business caller at this office on Monday morning, advertising personal property at public sale for Saturday, November 27th. Mr. Phillips has been assisting Forester Montgomery in the mountains for some time and corroborated the statement of others that deer are plentiful by saying that he saw thirteen in a few days' work in the mountains and at one time saw seven in a bunch, among them two bucks, in a field on the David Geary farm.

Samuel Horner, a son of Mr. and Mrs. George Horner, of near Tusseyville, undoubtedly has a penchant for working moonlight nights while the remainder of the family are wrapped in slumber. It will be remembered that one night last year he cut off so much corn in his father's field that all were ready next morning to take oath that the good fairies had been present during the night and given a hand in the work. During the beautiful moonlight season of last week he selected a night to haul in the golden ears and worked so silently and so diligently that by morning he had 400 bushels of corn hauled to the barn and all save two loads cribbed.
