D. F. FORTREY, Auditor.

You've hit the right tobacco

when you fire-up some Prince Albert in your old jimmy pipe or in a makin's cigarette. *And you know it!* Can't get in wrong with P. A. for it is made *right*; made to spread-smoke-sunshine among men who have suffered with scorched tongues and parched throats! The patented process fixes that—and *cuts out* bite and parch. All day long you'll sing how glad you are your pals with

PRINCE ALBERT the national joy smoke

You take this testimony straight from the shoulder, men. You can smoke a barrel of P. A. without a kick! It hands out all the tobacco happiness any man ever dreamed about, it's so smooth and friendly. It's a mighty cheerful thing to be on talking-terms with your pipe and your tongue at the same time—but that's what's coming to you sure as you pin your faith to Prince Albert!

THE NEW IDEA MANURE SPREADER

"RESULTS" OUR MOTTO

MR. FARMER, here is a farm implement which needs no introduction nor statement of its superior qualities. The large number of satisfied farmers who have been using the "NEW IDEA" for several years past, attests to its merits. A spreader that works the same all day long, under all conditions, and which truly presents a new idea in the construction of manure spreaders, is worthy of your inspection and we ask that you first see the "NEW IDEA" before buying a spreader of unknown quality.

For eyes to last a lifetime

All the winter day you look forward to the evening, to serving supper, to seeing the family gathered in the sitting room—father reading, the young ones getting their lessons done, you yourself sewing—all surrounded by a soft flood of light from the beaming lamp on the center table.

That same lamp is important, for upon the light it casts depends the good eyesight of your family. To avoid any possibility of eye strain and the headaches and nervousness that follow, make certain that each room—sitting room, parlor, kitchen—is lighted by Rayo Lamps.

And to get the very best results, fill them with Rayolight Oil. Rayo Lamps are mechanically perfect—they never flicker nor smell, but they do throw a flood of soft, mellow light—a light that is ideal for reading, sewing or playing. And the Rayo is a beautiful lamp—special designs for special rooms—but every Rayo Lamp, can be easily and quickly cleaned.

Of course, Atlantic Rayolight Oil does best in Rayo Lamps, but it will improve the light of any lamp. Really the best for heating, lighting and domestic uses. It burns without smell or smoke, and it burns economically.

As a result of our widely advertised request, thousands of careful housewives tell us that Atlantic Rayolight Oil is the very best thing they know for polishing windows and mirrors, brightening faded carpets, restoring linoleums, etc. Naturally, for this kind of work, it is important to get the very finest grade of kerosene—so be certain to ask your dealer for

ATLANTIC Rayolight OIL

by name. It costs no more than the unknown, untried kind.
