James Moran Confesses Part in Mail Robbery.

SACKS TAKEN FROM WAGON

Self-Accused Robber Surrenders Himself in San Diego, Cal.—Declares He Was Double-Crossed By Accomplices.

San Diego.—James Moran, a New York chauffeur, confessed to participation in the robbery two months ago of a mail truck in New York City, from which securities valued at thousands of dollars and valuable bonds were stolen, according to Federal officials.

Moran surrendered Friday night, and according to United States Commissioner C. E. Burch, he made a confession, declaring he was aided in the robbery by three others, one the ringleader, whom he named, and two postal employees, whose names he said he did not know.

After the robbery, Moran is said to have asserted, he was given \$200 and sent to San Francisco, where the loot was to be divided. Then, smarting under the belief that he had been double-crossed, he came to San Diego, attended a Salvation Army meeting at which he, conscience stricken, decided, according to the alleged confession, to make a clean breast of the affair.

"I am willing to go back to New York and tell all I know," says the statement, which was made public by Mr. Burch.

According to Moran's alleged confession, he was approached by a man whom he named as the ringleader of the robbery, who, he said, asked him if he could furnish a car "for something big."

"He explained to me that registered mail coming from Weehauken, N. J., could be got on the ferry boat coming over, as it was half hour's run and he wanted to know if I could get a car and I told him I could," according to the confession.

Two postal employees, according to the confession, were in the plot, but Moran did not know their names.

"I think it was January 18," the confession continued, "that I went to the leader and we laid for the mail-wagon and as it went on the ferry boat we drove in back of it."

The key to the back of the wagon was handed to the ringleader by one of the postal employees, the confession said, "and we opened the back of the wagon and took out eight or nine registered mail sacks."

According to the confession, the mail sacks were opened in Bronx Park. "I was to get rid of the car and they told me to go to San Francisco, where the division was to take place," Moran said.

IN WESTERN CANADA

"He Who Will and Does Work Will Not Want."

As in the United States it is said, that the Mennonites in Canada are very much oppressed, and have to suffer from a great deal (on account of the War in Europe) and I have been requested to write something about this, I will do so.

I came with my parents A. D. 1874, from Southern Russia to America, South Dakota, and A. D. 1907 I came with my family here to Western Canada, here we have found a healthy climate; the acre yields on an average more and wheat is better than in South Dakota.

What concerns the Government, up to now we have had a good one, have been able to live according to our creed and have not been oppressed in any way, and I believe: All Mennonites, who live according to the fundamental beliefs of the Mennonites and to God's word, as their guide, will agree with me.

He, who, here in Canada, will and does work, will not want. So much as a reminder. Remain your friend, (Sgd.) DIEDRICH GOOSSEN.

Very few farmers cultivate the habit of keeping careful accounts of their receipts and expenditures, showing at the end of the year a balance, either for or against. The farmer of Western Canada is no exception to this.

It has just issued a certified statement of its operations for the years 1912, 1913, 1914 and 1915. This Company has had for the past few years about 1300 acres in wheat and between 200 and 250 in oats.

The Company's statement shows that the average dates of finishing seeding was April 20th; the average date commenced cutting was August 18th.—Advertisement.
