Ready to Do Repair Work.

The undersigned is now ready to repair buggies, carriages and wagons, and do all kinds of woodwork. Located in the Knepley blacksmith shop. -SAMUEL HOOP. 31, ad.

The foundation for the new Lutheran church at Yegertown has been staked off and work will likely begin this week. J. F. Steiler of Middletown, the contractor, is making the necessary preliminary arrangements.

REBERSBURG

Our blacksmith is greatly in need of a good hand to help him in his shop.

Mrs. Flora Lambert left last week for Ohio where she will visit her sister, Mrs. Henry Krider.

Levi Fulmer, an aged gentleman of this place and a civil war veteran, is on the sick list.

Mrs. Rebecca Zeigler is at present visiting her mother, Mrs. Joseph Meyer, at this place.

The Yoder horse sale held at this place on last Tuesday was the banner sale of the season; one horse sold for \$292.00.

Quite a number of cellars were filled with water last week owing to the recent thaw and the over-flowing of a sink hole north of town.

James Confer last week moved on his father's farm, near Wolfs store. His sister, Mrs. Florence Stover, will keep house for him.

The road supervisor in this place is greatly neglecting our roads this spring. Since the supervisors have purchased a \$3000 road making outfit we are looking for better roads.

Roy Weber moved a few days ago out on the farm with his brother, Bruce, whose wife died several weeks ago. Roy will work hiring on the farm while his wife will take care of the house work.

The past week C. O. Mallory had his household goods placed in part of Chestie Stover's house. Mrs. Mallory will stay here while Mr. Mallory will return to Pittsburgh where he has found employment.

After a few days of spring weather our people were surprised on Saturday morning to see the ground covered with about eight inches of snow and still snowing. We are experiencing real winter weather; farmers are greatly detained with their spring work; no plowing has been done so far yet.

On last Monday after the Rebersburg water company, which consists of all the property owners of the town, held its annual settlement, it was announced that the last bond had been paid off and that the company was free of debt. Fifteen years ago new pipes were put down and a debt of \$8000 dollars incurred. It took fifteen long years to get rid of this debt although there was not twenty-five dollars expense on the line in this time. It takes fifteen officers to do the business of this company; of course, there would be at least one dozen more if there would be room for them. It is a pity that we can't accommodate all of the office seekers. Perhaps they could get their fingers in a plum pie elsewhere.

Butter Scoring Contest.

An educational farm-butter scoring contest is to be conducted during the spring and summer by the dairy husbandry department of the Pennsylvania State College, for the benefit of the farm-butter-makers throughout Pennsylvania.

The contest will be conducted along the following lines: (1) Every maker of farm-butter in the State is eligible and is urged to send in samples. (2) One-pound samples are desired. They are to be well cooled, wrapped in several thicknesses of paper and packed in a small wooden or tin box similar to a common chalk box. (3) Samples should be sent by parcel post to the Dairy Husbandry Department, State College, Pa. They should be sent early enough so that they will arrive in State College before the date of the contest. (4) The contest will be held on the following dates: May 1, June 1, July 1, August 1, September 1, and September 30; and a second contest will be conducted during the winter months if desired. (5) The butter will be scored and tested each month. (6) A complete report of each churning from which samples are taken is desired. This report is to be made out on blanks furnished by the department. These blanks will be sent out each month with the report of the previous score. They are to be filled out and sent in with the sample. (7) The butter will be sold, less the small account used for sampling and the proceeds will be returned to each contestant each month. (8) First, second, third prize ribbons for the State will be awarded at the end of the contest. First, second, third prize ribbons for the best country score of ninety or above will also be given. (9) Further details and information can be secured by addressing the Dairy Husbandry Department, State College, Pa.

Sewing can be either - Work or Play

It all depends on the light. Sewing by the glimmer of the ordinary flickering, smoking, smelly lamp is work, difficult work. Hard on the eyes, oftentimes the real cause of throbbing, nervous headaches.

But it's a real pleasure to pick out the finest stitches by the radiant, soft, white light of a Rayo Lamp burning

ATLANTIC Rayolight

A Rayo Lamp makes a heap of difference—the difference between work and play. And it's beautiful—actually improves the appearance of a room. Your dealer can show you special designs, specially made for your very parlor, sitting room or kitchen, and inexpensive, too—from \$1.50 up. Cleans easily and lasts for all time.

Gives the best light when filled with Atlantic Rayolight Oil—the kerosene that burns without smoke or smell, that does not char wicks, but that does yield a marvelous white, soft light and unusually intense and economical heat.

And thousands and thousands of knowing housewives say money can't buy anything as good as Atlantic Rayolight Oil for whitening clothes (one-half cup to the boiler), and for cleaning stoves, hair brushes and combs, for dusting, brightening faded carpets, polishing furniture, etc.

Buy it by name—Atlantic Rayolight Oil—from any dealer who displays this sign:

Costs no more than the unknown, unreliable kind.

men of mighty muscle and keen brain, testify that they smoke Tuxedo with never a trace of tongue-bite or throat-parch.
