Harrisburg.—The Workmen's Compensation Board directed that the following letter be sent to every insurance carrier insuring against workmen's compensation liability within the State:

"It has come to the attention of the Workmen's Compensation Board that in certain cases where compensation has been paid under agreements or awards to the attorneys of claimants, the attorneys have retained or induced the claimant to pay to them exorbitant fees or unduly large percentages of the installments paid without having had their fees approved by the board, as required by Section 501 of the Compensation Act.

"The board emphatically disapproves of such practice on the part of the attorneys. In order that this may be impossible in the future, the board requests you to pay all compensation due, either under an agreement or an award, direct to the persons entitled thereto, even though such person be represented by an attorney record, unless the attorney shall furnish to you the board's approval of his claim for legal services and expenses.

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."

Mrs. Fred Bencke, Marinette, Wis. Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."

Mrs. Thos. Dwyer, 989 Milwaukee Ave., East, Detroit, Mich. Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."

Miss Irene Froelicher, 1923 Manhattan St., North Side, Bellevue, Pa. If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Commercially Considered. "Ever read Kant's 'Critique of Pure Reason'?" "Yes," replied Mr. Penwidge. "Wonderful, isn't it?" "I should say so. That fellow must have had an awful pull with the publishers to get that stuff printed."
