

"I DON'T SUFFER ANY MORE"

"Feel Like a New Person," says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, it is not reasonable to believe that it is an article of great merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

An Optimist. "Some say the world is growing worse." "I don't think that way, although they are adding more crimes to the statute books."

Self-Esteem. "You must forgive your enemies." "I do," replied Miss Cayenne. "But I can't help criticizing their bad taste."

Probably Not. "They say George has brain fever." "Nonsense! Can an anglerworm have water on the knee?"

FITS, EPILEPSY, FALLING SICKNESS Stopped Quickly. Pills of unimpaired success of Dr. Kline's Epilepsy Medicine insure lasting results. LAMOR-TULL-BOTTLE-FREE. THE KLINE COMPANY, Red Bank, N. J.—Adv.

Henry Scheffler, who introduced sticky flypaper into the United States, now runs a restaurant in Portland, Ore.

To keep clean and healthy take Dr. Pierce's Pleasant Pellets. They regulate liver, bowels and stomach.—Adv.

The destruction of birds costs this country \$1,000,000,000 a year, it is estimated.

When Housework Drags Keeping house is hard enough when well. The woman who has a bad back, blue, nervous spells, and dizzy headaches, has a hard lot, for the family tasks never let up. Probably it's the result of kidney trouble and not the much-feared "woman's weakness." Strengthen the kidneys with Doan's Kidney Pills. They are as harmless as they are effective and may be used for children with weak kidneys, too.

A Virginia Case "Every picture tells a story." Mrs. Holgate, 295 N. Central Ave., Staunton, Va., says: "My back ached constantly and often I was unable to sleep at night. I was in a hospital two months, but didn't improve. My appetite left me and the kidney secretions were unnatural. After trying most everything I knew of with-out relief, I took Doan's Kidney Pills. Four boxes cured me and the cure has lasted."

GOOD AS FORAGE CROP

Growing of Field Pea of Special Interest to Farmer.

Climatic Requirements of Plant Limit Its Successful Production as Summer Crop to Northern States and Canada.

(By H. N. VINALL) The field pea is an annual plant with slender stems two to four feet high, which stands erect only where there are other plants to which they can cling. The plants seldom have

Fruiting Branch of Field Pea Vine, Showing Characteristics of Stem and Leaf, and Succession of Bloom and Pods.

more than three stalks and very often only one or two. The herbage is pale green with a whitish bloom on the surface. Each leaf bears usually two or three pairs of leaflets and is terminated by a slender, branched tendril. The hanging pods are about three inches long, each containing five to nine nearly round seeds.

The garden pea is cultivated primarily as a green vegetable, or as a grain crop for human food; the field pea is grown for hay or for grain to feed to animals.

A cool growing season is essential for the field pea. High temperatures are much more injurious than frosts, which are disastrous to the crop only when they occur just at the period when the pods are setting. These climatic requirements of the field pea limit its successful production as a summer crop to the northern states and Canada and to high altitudes in the mountains of our western states. It may, however, be grown with profit as a winter crop in the southern states. Its moisture requirements are less important than those of temperature, but other things being equal, it does best where the rainfall is fairly abundant. A 15-inch rainfall in western Canada is sufficient to produce a good crop, while 20 inches of rain in Kansas, Nebraska or Colorado is inadequate.

It is a common practice in some localities to harvest the crop by pasturing with hogs or sheep. This is done more largely in Colorado than in any other part of the United States. There is no doubt, however, that the crop can be fully as well utilized this way in other western states in localities which are near large sheep ranges. When intended for pasture, the field pea is sown alone or with but little grain, as it is not necessary in such cases that it be supported by some more erect-growing crop. Animals pasturing on field peas should be confined to one portion of the field by means of movable fences, or else a herder should be employed for this purpose. If sheep or hogs are allowed to roam about over the entire field, they waste a great deal of the crop by wandering around aimlessly as soon as their hunger has been satisfied. The animals should not be turned into the field until the seed becomes hard. Lambs will fatten on field-pea pasture in from 70 to 90 days, and a good crop will usually fatten from 10 to 15 lambs per acre, each animal gaining about eight pounds a month.

Concave Plates With All But Four Teeth Removed, Adjusted for Threshing Field Peas.

CLEAN UP ALL IDLE CORNERS Practice Will Make Work of Cultivation Easier All Summer—Improve Waste Places. When plowing this spring, don't go around the gullied spots or the bushy corners or the stumps. Take the time to clean them as you go. It will make the work of cultivation easier all summer and give you a chance to put the idle land to work or to begin the improvement of the waste places. Nothing spoils the looks of a farm more than patchy, ragged fields.

LOCATE BUILDINGS ON FARM

Often Pays to Move Some of Houses in Order to Secure a More Convenient Arrangement.

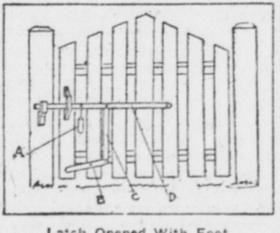

The location of the buildings on a farm has a great deal to do with the time it takes to do the work. It will often pay to move some of the buildings in order to secure a more convenient arrangement. W. C. Palmer of the North Dakota experiment station tells how this was done on one farm with the following results: Under the old plan it required walking 53 miles a year just carrying in water. Under the new plan the water was piped into the house—no walking required. Bringing in the wood under the old plan required walking 22 miles. Under the new arrangement this was reduced to 8 1/2 miles. The trips made to the machine shed during the year amounted to 57 1/2 miles; by the new arrangement it was reduced to 11 1/2 miles. By the new arrangement the year's trips in feeding the hogs was reduced 102 1/2 miles and in caring for the chickens three miles were saved. The total saving for the year through rearranging the farmstead was 217 1/2 miles.

It was found that the time used in walking these 217 1/2 miles was worth \$36.74. It must be remembered that it was not only a case of walking three miles, but it was usually with something to carry.

HANDY LATCH FOR COW GATE

Will Not Open of Itself, But It Can Easily Be Operated by Foot From Either Side.

I have invented a handy latch for the cow lot gate. It will not open of itself, but it can easily be opened by the foot, writes Roy Kinnebrew in Farmers' Mail and Breeze. The latch (D) is held in place by the weight (A). The footpiece (B) is bolted through the center to one of the slats in the gate, and at one end to the upright piece (C). The piece (C) is also bolt-

Latch Opened With Foot. ed to (D). Step on the footpiece and the latch springs up. There are two of these foot pieces, one on either side of the gate, so it can be opened from either side.

DOULTRY NOTES

Sitting hens should be moved at night. If you set hens be sure to give them clean nests and keep them clean.

If several hens are set in one room, it is desirable to confine them in good nests.

Have everything that goes to market fresh, of good quality and strictly clean.

No incubator can bring off good hatchlings unless it is surrounded by pure air.

Ducks are much easier to raise than chickens, and reach the roaster stage much quicker.

Hens with little chicks should have a large indoor run when the weather is cold or stormy.

A lump of sugar saturated with coal oil will cure in two doses hens that have eaten maggots.

Sanitary conditions are absolutely necessary to retain the health and vigor of the little ones.

Eggs saved for hatching purposes should not be subjected to either a high or low temperature.

Healthy, strong and vigorous breeding stock is necessary for quick growing, profitable market birds.

Alfalfa or clover hay, soaked in warm water makes a good substitute for green feed for the poultry.

For scaly leg in fowls apply a mixture of sulphur, lard and coal oil three times a week and it will cure them.

Why offer for sale small, dirty, checked or stained eggs? These may be consumed at home at full market value.

You can improve your flock and breed better chicks if you will only use your best judgment. Remember, quality instead of quantity.

Clean out the henhouses and disinfect with lime. Build new nests, if you cannot be sure that the old ones are made perfectly sanitary.

Eggs for hatching should not weigh less than two nor more than two and one-half ounces. They should not be washed as this lowers their vitality.

THE MARKETS

NEW YORK—Wheat—Spot, easy; No. 1 Durum, \$1.27 1/2; No. 2 hard, \$1.25 1/2; No. 1 Northern Duluth, \$1.32 1/2 and No. 1 Northern Manitoba, \$1.30 1/2 c New York.

If you Suffer from Backache, Lumbago, Kidneys or Rheumatism, Take Hot Water and "ANURIC"

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead, when your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your druggist—"ANURIC." Because of uric acid in overabundance in the system, backache, pains here and there, rheuma-

tism, gout, gravel, neuralgia and sciatica result. It was Dr. Pierce who discovered a new agent, called "Anuric," which will throw out and graduate this uric acid from the system. Dr. Pierce believes "Anuric" to be 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., 10c for trial package or \$1.00 for full treatment "Anuric." Dr. Pierce's reputation is back of this medicine and you know that his "Pleasant Pellets" for the liver and his "Favorite Prescription," for the ills of women have had a splendid reputation for the past 50 years. Adv.

LOST HER FAITH IN BOOKS

How Small Marian's Mind Underwent a Complete Revision as to the Abodes of Kings.

Marian has an open mind and is always willing to have opinions she has framed, changed. "Mamma," she said, looking up from a book of fairy tales, "do you know that castles are solid gold and have solid gold furniture?" "Those are fairy castles," replied mother. "Real castles are built of brick and stone, and the furniture is very fine, but not of gold." "A few minutes elapsed. "Say, mamma, you can't believe anything you read in these books, can you?" "I'll bet a lot of real poor kings live in shacks and don't even keep a hired girl!"—Indianapolis News.

SUFFERING BABY RELIEVED AT ONCE

Mr. H. J. Lamar, Macon, Ga., writes: "We used Hancock Sulphur Compound on our one-year-old baby who was suffering intensely from prickly heat and a half dozen applications, in the course of 2 days, entirely relieved her. When we first applied it, she was broken out almost over her entire body, causing fretfulness and loss of sleep, but she has not suffered since. You should recommend the Sulphur Compound strongly to mothers as many children suffer so much from heat. We also used a tablespoonful in her bath for 3 days and it proved very soothing." Hancock Sulphur Compound and Ointment are sold by all dealers. Hancock Liquid Sulphur Co., Baltimore, Md. Write for Booklet.—Adv.

The American Way.

The Stranger—Why are you driving the car so fast? The American—To get to the ferry. (Later at ferry.) The American—We have 20 minutes to spare. The Stranger—I know it. In this country you will race the car, burn up gasoline, imperil lives, run the chance of being arrested and kill a chicken to gain 20 minutes for which you have no use when you get them.

ELIXIR BABER WORTH ITS WEIGHT IN GOLD IN THE PHILIPPINES. "I contracted malaria in 1906, and after a year's fruitless treatment by a prominent Washington physician, your Elixir Baber entirely cured me. On arriving here I came down with tropical malaria—the worst form—and sent home for Baber. Again it proved its value—it is worth its weight in gold here." Bracie O'Hagan, Troop E, 8th U. S. Cavalry, Balayan, Philippines. Elixir Baber, 50 cents, all druggists or by Parcel Post, prepaid, from Kloczewski & Co., Washington, D. C.

No Objection.

"This war is making everything more expensive," complained father. "I see by the paper that even castor oil is going up." "That's nothing in my young life," said little Johnny. "The only time it worries me is when it's going down."

Important to Mothers

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fletch* In Use for Over 30 Years. Children Cry for Fletcher's Castoria

Selfishness is the one thing that stands between some people and happiness.

The absent are always in the wrong.

Bumper Grain Crops

Good Markets—High Prices Prizes Awarded to Western Canada for Wheat, Oats, Barley, Alfalfa and Grasses

The winnings of Western Canada at the Soil Products Exposition at Denver were easily made. The list comprised Wheat, Oats, Barley and Grasses, the most important being the prizes for Wheat and Oats and sweep stake on Alfalfa. No less important than the splendid quality of Western Canada's wheat and other grains, is the excellence of the cattle fed and fattened on the grasses of that country. A recent shipment of cattle to Chicago topped the market in that city for quality and price.

Western Canada produced in 1915 one-third as much wheat as all of the United States, or over 300,000,000 bushels.

Canada in proportion to population has a greater exportable surplus of wheat this year than any country in the world, and at present prices you can figure out the revenue for the producer. In Western Canada you will find good markets, splendid schools, exceptional social conditions, perfect climate and other great attractions. There is no war tax on land and no conscription.

Send for illustrated pamphlet and ask for reduced railway rates, information as to best locations, etc. Address Superintendent Immigration, Ottawa, Canada, or J. F. JAFFRAY, Cor. Walnut and Broad Sts., Philadelphia, Pa. Canadian Government Agent

For Spavin

curb, splint, sweeny, wounds, swellings, galls, sprains, scratches, collar boils, etc. Yager's Liniment gives the most satisfactory results. It dispels the pain and stiffness and absorbs the swellings very quickly.

YAGER'S LINIMENT

Recommended by Driver and Trainer

Mr. B. L. Tuft, Salem, N. J., writes: "Yager's Liniment is the most wonderful horse liniment I ever used. Have been handling and training horses for speed for 20 years and have had hundreds of different brands of so-called horse remedies. I wish your liniment the large sale it deserves and recommend it most highly."—Driver and Trainer, W. Penn. Record 2:12.

Put up in large bottles containing eight ounces. At all dealers. 25c a bottle. Prepared by GILBERT BROS. & CO., INC. BALTIMORE, MD.

Why not do something for your Corns, Callouses, Bunions, and Aching, Tired, Tender, Swollen

FEET

A hot foot bath with JOHNSON'S FOOT SOAP

will relieve them at once and make life worth living. The safe and sure remedy composed of the old and reliable ingredients—Borax, Potash, and Lard. So per cake at first class druggists or sent prepaid on receipt of the price by the manufacturer, THOMAS GILL SOAP CO., 711-717 West Ave., Brooklyn, N. Y.

WHO IS TO BLAME

Women as well as men are made miserable by bladder trouble. Thousands recommend Dr. Kilmner's Swamp-Root the great kidney remedy. At druggists in fifty-cent and dollar sizes. You may receive a sample size, sent by Parcel Post, also pamphlet telling about it. Address Dr. Kilmner & Co., Binghamton, N. Y., and enclose ten cents, also mention this paper.
