Every Democrat should get a sample ballot and study it before the primary election. You will want to vote for the right men.

You Can Trust Orvis.

Penrose and Bonnell are interested in the same things. Bonnell wants the Democratic nomination for United States Senator so that he can assist Penrose at the November election in electing Penrose's man. Bonnell was elected a Judge in Philadelphia by the Penrose crowd, now he wants to sell out his party for favors received. Hon. Ellis L. Orvis was never guilty of such party treachery, is a man of ability and integrity and would be a credit to his party and the State if sent to the United States Senate. You can trust Orvis.

Seranton Editor Wants Nomination.

Proud of having helped by his vote to nominate Woodrow Wilson for president of the United States, at Baltimore, four years ago, Edward J. Lynett, editor and publisher of the Seranton (Pa.) Times, wants to again participate in the renaming by the Democrats of the nation of this truly great president. Mr. Lynett is a candidate for delegate-at-large on the Democratic ticket.

There is no more steadfast advocate of the principles of Jefferson, Jackson Wilson than Editor Lynett. He is unwavering in his loyalty to President Wilson and his policies. For a quarter of a century Editor Lynett has been a power in state Democratic politics. His election as national delegate-at-large will be a fitting tribute to his worth as a Democrat.

There is a man who never does anything that is not right. His wife can tell just where he is, morning, noon and night: He's dead.

On Sunday afternoon someone driving a Ford tried to crawl up on W. E. Keen's porch on Penn street.

What he was doing on the side walk underneath the trees is hard to understand, unless he may have seen an automobile coming.

Is Millheim retrograding in one of its most vital interests, namely, its schools? There certainly can be no progress without interest, and since this has been a minus quantity with our present board of school directors it appears as though our schools are on the downward path unless a change in spirit of the present incumbents takes place or a change in the personnel is made. The past term has seen the appearance of only one member at any of the school sessions.

Several times during a few months preceding commencement the members of the high school gave entertainments, also a festival, for the purpose of raising money for incidentals for graduation exercises, also purchased a beautiful large flag for the pole on the school building. Class day exercises, Friday evening, brought out a good crowd, filling the auditorium, for every one knows that were Miss Bessie Shelton is to appear before the public it has the assurance of a good laugh, and no one has yet been disappointed. Miss Shelton usually has the clown part and she certainly plays it to the Queen's taste; however, when the time arrived to present the flag not one member of the school board was present to receive it. Shame! It's a question in the minds of some of those present if the directors really knew of class day exercises. We know of several of the class, (and possibly all of them) who feel offended owing to the negligence on the part of the directors in failing to attend these exercises and especially, during commencement. They should at least have honored the class by their presence.

Centre County Y. W. C. A.

The True Blue Common Weal Club at Lemont is starting to study "Christianity for Girls" in connection with their other work.

The Spring Mills Club deferred complete organization to give time to the practice of a play which proved most successful from every point of view.

The Branch Common Weal Club: The play given by this club proved so successful that it is to be repeated in a nearby town for the benefit of the county work. This is the club that comes in to the College every week to take cooking lessons.

Center Furnace: The activities of the Common Weal Club here have been centered around tomato and lettuce gardening, crocheting, and learning the Helen Gould Sheppard Bible verses. Mrs. Sheppard offers a handsome Bible for learning certain passages, with the owner's name thereon. (Anyone who is interested may secure further information from the county secretary.)

The latest club is the Common Weal Club at Oak Hall. The girls have decided to study a combination course in sewing and embroidery, have Bible study, and plan some form of entertainment and help for the little girls. They aim to learn one new game at each meeting. They are also hoping to have a bird lecture given in the school house May 13th and to take some bird walks later.

Howard Branch has undertaken the standard course in sewing offered by the Extension Department of the State College, and leading to a certificate. The work will be supervised by Miss Newcombe of the Extension Department. These girls recently presented the pageant "Girls of Yesterday and Today" thereby making the work of the Y. W. C. A. better understood and also securing a sum of money for the local and county work by a silver offering. A baby party was enjoyed by all the members. In connection with the Y. W. C. A. the girls are planning to fix up a tennis court for the use of both associations.

State College Branch: A room has been secured and attractively fitted for the use of various classes and clubs, resting and reading. Classes are being conducted in basketry, crocheting, Spanish conversation, Bible, gymnasium, folk dancing, and nature study. A splendid high school club has been organized with the following purpose drawn up by the club members: "The purpose of this club shall be to create, maintain and promote throughout our school Christian ideals of living in doing service for others, upholding honor, developing co-operation, promoting neatness and cleanliness in the school, maintaining good scholarship and having the right kind of a good time."

Snow Shoe Branch: A large room suitable for many purposes has been rented and artistically papered red, and is being gradually furnished. At the next meeting the girls are planning to come in the afternoon to make rag rugs, and if the weather permits to take a bird walk and enjoy a picnic supper before the evening meeting. The room is called "Community Hall" and is to be at the disposal of the community. Classes in gymnasium and cooking are to be started, the latter to be introduced by a lecture given by Miss S. C. Lovejoy, Dean of the Department of Home Economics of the Pennsylvania State College. This lecture which will be of great interest and help will be open to all girls and women of the community. It is to be given on May 15th.
