

SWAMP-ROOT FOR KIDNEY DISEASES

There is only one medicine that really stands out pre-eminent as a remedy for diseases of the kidneys, liver and bladder. Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of even the most distressing cases. Swamp-Root, a physician's prescription for special diseases, makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound. Start treatment at once. Sold at all drug stores in bottles of two sizes—fifty cents and one dollar. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Limbs. Limbs come on trees and people. They are seen on trees, in court rooms, on the stage, and at the sea shore. They may be covered with bark, plasters or silk, as the case may be. Limbs are useful in many ways. Politicians, who are very economical, and therefore never get into deep water, only use one at a time. Soldiers use them during various purposes, sometimes standing upon them and sometimes running away. Limbs are made of cork, wood, or bone. Cork limbs are useful as life preservers. Wooden limbs can be taken off and used for purposes of defense. Bone limbs often enable one to go on one's feet.—Life.

REDS LOOK FOR NATIONAL LEAGUE TROPHY

Important Cogs in Wheel of Cincinnati Reds.

The baseball enthusiasts of Cincinnati see visions of a pennant floating before their gaze this season. The team that represents that city on the diamond this year is acknowledged to be about the fastest that Porkopolis has ever seen. Competent judges of baseball ability who have seen the Reds in action during the training trip and in the championship games thus far declare that the speed and power displayed are no mere flash in the pan. Cincinnati fans have waited 33 years for the Reds to win a National league flag. They may be forced to wait still longer, but this looks like the year for the team to desert its old haunts and join the first division clubs.

Garry Herrington, the president of the Reds, certainly made a tenstrike when he cast aside his prejudices against Federal league players and signed Hal Chase to play first base. The former star of the Yankees and White Sox may be the most temperamental individual in baseball, but he is a great player just the same.

He has tried in the past many a play which failed to go through simply because his teammates failed to grasp the situation as quickly as he. Working with such men as Charley Herzog and Heinie Groh, two of the smartest ball players in the game today, Chase should show at his best. Hal always has been and is today a

dangerous hitter. He is especially expert at hitting behind the runner. With a man on first base, Chase may be depended upon to knock the ball to right field. John J. McGraw, manager of the Giants, declares the ability to perform just that feat the greatest recommendation for any batter.

One of the strongest reasons for the optimism of the Cincinnati fans is the pitching staff of the Reds. There is Fred Toney, who ranked second to Grover Cleveland Alexander last season, allowing an average of 1.57 earned runs to the game. Jean Dale is another clever, resourceful pitcher, who ranked high last year.

Pete Schneider and F. G. McKenry are two young pitchers who are highly praised by ball players. Earl Moseley and Lefty Schulz, who saw service in the American league before they hopped to the Reds, should be of assistance too.

Second base may be the weak spot in the Reds this year. At present Bill Louden is filling the post, and filling it in acceptable fashion, but Bill is a veteran of long standing, and may weaken under hard campaigning. Charley Herzog, at shortstop, needs neither introduction nor defense. Heinie Groh was the actual leader among the third basemen, and better than mere mechanical ability, he is an intelligent player.

MAHAN IS A MODEST PLAYER

Makes Characteristic Reply When Congratulated for Winning Game From Red Sox.

This may be one reason why Eddie Mahan and others of his type are great. When the famous Harvard football and diamond star was leaving the park after pitching Harvard to vic-

tory over the Red Sox in an exhibition game, someone started to praise him. "Oh, that's nothing to swell up over. Carrigan's team wasn't breaking its neck to win," said Mahan.

OLD PARK FOR NEWARK CLUB

Will Not Use Plant Built by Harry Sinclair Which National Commission Took Over.

The Newark International league club has decided to play its games at the park always used by the Newark Internationals, thus leaving the plant that Harry Sinclair built in the railroad yards at Harrison, N. J., vacant.

In the peace settlement the National commission agreed, according to report, to take a long lease on Sinclair's plant at \$5,000 a year, to reimburse him for the money he put in it. The commission now seems stuck for the full amount of the bargain.

DIAMOND NOTES

Bill Clymer's team is sure living up to Bill's name.

"Mike" Mowrey has become a big favorite with Dodger fans.

"Hank" Gowdy will play better ball than ever this year, it is thought.

Miller Huggins says he has given up hope of making his pitchers good bunters.

In the National league the Pirates threaten to give the Giants a tussle for last position.

It looks like Larry Lajoie will have the "just one more great year" he wants before he quits.

The Indians have made a wonderful record on their home grounds this year in drawing out the fans.

"Bill" Louden, last year with the Buffalo Feds, is the talk of Cincinnati, where he is playing second base.

There must have been a flea in the ointment that John McGraw mixed up for the Giants at the start of the season.

Connie Mack says the Athletics will make 'em step some just as soon as they acquire the habit of using safety razors.

George Stallings overcame the danger of letting the wrong one go when he released the Shannon twins at the same time.

Terry Turner, who was given up for a dead one several years ago, is about the liveliest member of the Indians at present.

If they ever increase the width of the plate about twelve inches, Lundermilk ought to be the greatest pitcher in the world.

"The greatest general of them all" released Jim Thorpe, who since leaving the Giants has been hitting .667 for Milwaukee.

"Bill" O'Hara, who played the outfield for the Giants a few years ago, and afterward for the Toronto club, is an aviator in the British army.

Felix Chouinard, "Al" Halt and "Jim" Delehanty of the now defunct Brookfords, are with Beaumont in the Texas league. Delehanty is the manager.

EASIER FOR UMPIRES

Fans Do Not Ride Them as in Dark Ages of Baseball.

Attacking Arbiters Verbally and Sometimes Physically on Every Close Decision Was Deemed Prerogative of Players.

The senseless pastime of umpire baiting is becoming a relic of the dark ages of baseball.

In former years attacking the umpire verbally, and sometimes physically, on every close decision was considered the prerogative of managers and players, while many scribes alluded for their defeats by blaming the poor judge of play.

That time passed long ago and intelligent players today realize that nothing is gained and much may be lost by getting into rows with the umpire, who is in full charge of the game on the field and is as essential to the pastime as the players themselves. Any fair man who knows the big league umpires will have to acknowledge that they are a fair-minded and conscientious set of men, anxious to do their duty to the best of their ability, playing no favorites and giving each decision as it comes up exactly as they see it.

Umpires, as a rule, are much fairer than ball players. The latter will try to work every small advantage, will resent the slightest criticism of their work, no matter how well-founded it may be, and will alibi for themselves and one another in the boldest manner.

Umpires, on the other hand, are, as a rule, very fair and willing to admit making a mistake. Their position is a difficult one. The umpire behind the plate, calling balls and strikes, as well as making all decisions at the plate and sometimes at third base, is called upon to render as many as 150 decisions in the course of a single game. The big majority of these he gives accurately. In proportion to the number of chances he has, his mistakes are much fewer than those of the ball players, who miss 5 or 10 per cent of their chances in the field and make errors of judgment at the bat.

MEYERS TO FOOL WISE ONES

Big Chief Says He Will Give Lie to Those Who Have Been Predicting That He Was Through.

Chief Meyers, the former Giant backstop who is now with the Brooklyn Dodgers, declares he will fool all the wise ones who have been singing his requiem. The chief says he will play

a game this year that will give the lie to those who have been mourning that his baseball sun has set. The big Indian never looked better and has shown up well this spring.

USEFUL AS UTILITY PLAYER

Charley Mullen Fails to Make Good at Second Base—Quite Handy Man to Have Around.

Manager Donovan of the Yankees is satisfied that Charley Mullen will not do as a major league second baseman, but considers him a handy man to have around, owing to ability as a first basemen, a hitter, and the creditable game which he can put up at second. He can give a good account of himself at the keystone sack, but it takes a wizard to show major league form at a strange position after playing another place for several years.

Mike Mitchell in Again. The horse-racing season having practically ended, Mike Mitchell concluded it time to get back into baseball and make a little money, so he signed with the Newark Internationals. Mike laid off last year to follow the ponies. He'll have a hard time coming back now. A year out of the game is a killer to a man of Mike's age.

WIFE TOO ILL TO WORK

IN BED MOST OF TIME Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana.—"My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy."—Mrs. Wm. Green, 332 S. Addison Street, Indianapolis, Indiana. There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy. If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Why Not? "I'm willing to admit that baseball is a great game," said the golf expert, "but at the same time I can see several ways in which it might be improved."

"For instance?" "Well, instead of having all the bats practically alike why not have different bats for different purposes? It stands to reason that a bat suitable for hitting a straight ball cannot be equally well adapted for hitting curves and that a bat used for bunts should be of a different design from the one that is used in making a home run. Each player should have an assortment of clubs and a caddy to hand them to him as he wants them."

Love Finds a Way. "But your fiancé has such a small salary; how are you going to live?" "Oh, we're going to economize. We're going to do without such a lot of things that Jack needs."
