LOCALS.

Miss Isabel Kruabine, of Vinton dale, is the guest of her friend, Miss Mary Whiteman.

Earl Krise, son of the late George Krise, of Chicago, Illinois, is spending a few weeks at the home of his grandparents, Prof. and Mrs. W. A. Krise.

John M. Coldron, the paper hanger, purchased an Indian motorcycle at State College, last week, and by this time has the "critter" under control.

Mr. and Mrs. Abner W. Stover, of East Pittsburgh, from last Wednesday until Saturday were guests of the former's brother-in-law and sister, Mr. and Mrs. William McClenshan.

Rev. D. S. Kurtz and F. P. Geary enjoyed Monday fishing near Camp Thomas, below Paddy mountain. The anglers were after bass but had to be content with a few sunfish.

Mr. and Mrs. G. B. Jackson and son Walter, and Mr. and Mrs. J. C. Stephens, of State College; Mr. and Mrs. Foster Charles, of Boalsburg, and Edna Jackson, of Juniata, were two auto parties that spent Sunday at the home of Mr. and Mrs. T. L. Smith.

Miss M. Eloise Schuyler made a substantial donation to the library of the local High school in the shape of fifty-five volumes of excellent literature, including works of Shakespeare, history, poetry, etc. The books were formerly a part of the late Dr. W. H. Schuyler's library.

William H. Stover, tenant on the Samuel Durst farm at Earllystown, who has been sick for several weeks, on Monday contracted typhoid fever and is in a rather serious condition. His sister, Miss Anna Stover, a trained nurse in the Croston sanatorium, is taking care of him.

Mr. and Mrs. Thomas F. Farner, of Philadelphia, are spending a two weeks' vacation at the home of the former's parents, Mr. and Mrs. William C. Farner, at Colyer. Mr. Farner continues to suffer from rheumatism, which trouble compelled him to give up his position as railway mail clerk.

A telephone message announcing the early visit of the Stork at the home of Rev. and Mrs. J. J. Glenn, at Carlisle, Sunday morning, resulted in the latter's brother, F. V. Goodhart, making a record run in his Ford car for a distance of one hundred miles. He was accompanied by his two sisters, Mrs. W. B. Winegardner and Miss Margaret Goodhart, the latter remaining at the Glenn home to assist in caring for the new arrival—a splendid boy—and the third child in the family.

Rev. and Mrs. R. B. Jones and daughter, Miss Gladys, to-morrow (Thursday) will begin a four weeks' vacation. They will leave for Shawville, Clearfield county, and until Monday will be the guests of their eldest son, Rev. W. B. Jones, and family. Returning to this place on Monday they will prepare to leave the next day for Berlin, Somerset county, where the greater part of the vacation period will be spent among former parishioners of Rev. Jones. The trip will be made in their Ford runabout. Rev. Jones desires to have it made known that in case there is a necessity for his returning before his vacation period has expired, his address may be had by inquiring at the local post office.

Hon. L. Rhone Reaches 78th Birthday.

On Friday Hon. Leonard Rhone, our noted townsman, friend of the farmer, and manly man, reached his seventy-eighth milestone in life's journey. The day was celebrated in just the manner most dear to Mr. Rhone—a drive behind a good team to the mountains. The Bear Meadows was selected as a close-to-nature picnic ground and the following made the fifteen-mile journey: Hon. L. Rhone, daughter Miss Florence, Mrs. Robert Ranky, Mrs. D. W. Bradford, Mrs. Clyde Smith, Miss Grace Smith, and Dr. H. F. Bitner.

The handsomely furnished camp of the Riley hunting party was made the stopping place and dinner was taken at Sand Spring, some distance away. A most enjoyable day was spent by all.

Has Secured Overland Agency.

George H. Emerick last Friday accepted the agency for the Overland automobile in this district and on the following day sold his first car—a five-passenger—to Andrew F. Rote, of Spring Mills. Mr. Emerick went to Altoona for the car and delivered it to the purchaser on Monday. With a good article to sell and so capable a man to sell it, there is little doubt but that the Overland will be the choice of many farmers in this section who now have a slight touch of the auto fever.

State School Appropriation Late.

Because of the limited amount of money in the general fund of the State Treasury none of the school districts will receive their appropriations for this year until early fall. The school code provides that payments of State funds to the schools shall start the first Monday in July. The payments of last year were completed a month ago and there is still out-standing \$100,000 due to normal schools.

Brought Home the Bacon.

The local junior baseball club fared well in a seven-inning game at Pleasant Gap, Saturday afternoon, trouncing the first team with its second string pitcher by the score of 8 to 0. Carl Auman did the twirling for the local team and besides causing eighteen batters to retire on strikes, allowed only two hits.

Little Economies.

Speaking of economies the post office department at Washington has demonstrated on the single item of the manufacture of locks for mail pouches, the present administration has saved the neat sum of \$53,750. This is the saving on the first cost, while the upkeep is but one-third of the cost of the locks formerly used.

Mrs. John Mulfinger, of Chicago, is paying a lengthy visit to friends and relatives at Pleasant Gap.

The White Rock quarries are booming at present and the company is at a loss to obtain men.

Don't forget the firemen's festival, Saturday night, as it is a worthy cause and deserves the entire support of the town.

Mrs. Elizabeth Armbruster and daughter, Martha, of Spring Mills, spent Sunday with their daughter, Mrs. James Bilger.

One of John Vetter's children at White Rock developed infantile paralysis this week. Dr. Barlett at once reported the case to Dr. Seibert, of Bellefonte, the State physician, who placed a quarantine on the family.

The State Highway Department is building a new bridge at the cross roads which will be much wiser than the old one. The old bridge has caused quite a few accidents, none of which, fortunately, have been serious.

The ball game on Saturday was surely a farce and while some of our fans were disgusted, they may rest assured that the former management had nothing to do with the game, and that it will not affect the standing of the regular team. The player who butted in is the one who deserves the blame.

STATE AGRICULTURAL NOTES.

Bedford county farmers report a yield of two tons of hay to an acre.

Armstrong county farmers report that prospects for splendid oats yields are more promising every day.

There has been a decided improvement in the grade of cattle raised in Lebanon during the past few years.

Fire blight has been very destructive in several sections of the State, and many young pear trees have been ruined.

The alfalfa first cutting has been completed in Butler county and the crop is reported to have been remarkably good.

Northern tier farmers are reported to have done considerable planting of corn and potatoes as late as the first week in July.

The acreage given to alfalfa in some townships in Chester county has doubled in the past two years and splendid results have been obtained from the crop.

Lancaster county dairymen are realizing that it is more profitable to raise a few helpers from cows of quality and profit than to depend upon the open market for replenishing their herds.

Berks county farmers are harvesting the largest wheat crop in their history. The average yield per acre is about twenty-five bushels, but some districts report as high as forty bushels to an acre. Last year the State average was sixteen bushels to an acre.

Planning for Farmers' Institutes.

Plans for the Farmers' Institutes to be held in every county of the State during the winter are now being worked out by Deputy Secretary of Agriculture and Director of Farmers' Institutes C. E. Carothers. Every effort is being made to have the 1916-17 season the most successful since these instruction schools for the farmers of the State were undertaken.

County chairmen have already selected and notified the Department of Agriculture of the places selected and dates desired for the meetings and Secretary Carothers is now arranging a general schedule and for the assignment of instructors. The institute work will start about November 13 and will continue throughout the winter until early in March.

There will be several new features connected with the work this season. The local chairmen will be relieved of the work of issuing posters and help will be extended in advertising the meetings. Each year the interest in the Farmers' Institutes is growing and special efforts will be made this year to have the instruction in each county bear especially upon the most important agricultural industries of each section. Three features will be dwelt upon by the State speakers—dairying, poultry husbandry and horticulture. The usual custom of having two day meetings in one place will be followed and one of the sessions will be devoted to educational work that will bring out the farm and home interest to the boys and girls and be helpful to the farmers' wives. The department will supervise the arrangement of local programs and entire sessions will be given over to the special topics which are of most importance to the community.

During the past year the attendance at institutes was 155,969 and there were 398 regularly scheduled institutes, 11 specials and three days of movable schools. There was a total of 999 sessions and every county in the State was covered. In addition the State speakers were present at many agricultural meetings not under State control.
