STATE AGRICULTURAL NOTES.

Carbon county reports indicate an average production of two tons of hay to an acre.

The potato crop in the State is not up to the average and present indications point to a smaller crop than a year ago.

Adams county fruit growers have prospects of a peach crop of about 62 per cent, and an apple crop of about 85 per cent of the normal yield.

In Clearfield county there was an increase of twenty per cent in the acreage of hay harvested over last year and the average production per acre was 1.75 tons.

Reports from a farmer in Tiden township, Berks county, show that from a seven acre field 202 bushels of rye was threshed, an average of almost 29 bushels to an acre.

Butler county wheat is reported to have declined since July first on account of fungus in the stalk. The heads turned black and did not fill well. Some fields were badly infected.

There has been a marked decrease in the number of turkeys raised this year compared with average years on account of the cold wet weather in the spring which caused the death of many young turkeys.

Berks county has prospects of a wheat yield of ten per cent. more than the average, but much of the threshing remains to be done. Indications point that the rye yield will be five per cent. above the average.

Sugar Valley Campmeeting.

Campmeeting will be held August 18 to 24, in the Camp Grove near Boonville, under the able leadership of the Rev. W. L. Bollmar, assisted by Rev. H. M. Taylor, of Allentown, W. F. Saviger, of Williamstown, and other able ministers.

Efforts are being made to make this the greatest campmeeting ever held in Sugar Valley.

Good boarding is being furnished on the camp ground during the whole term at reasonable rates.

O. G. MARTIN, Pastor in Charge.

Deep cuts on all Merchandise.

Brisbin and Bartholow have made another cut on all lines of merchandise which originally were to be found in the Kremer & Son store, and those coming early will find that big saving can be made by buying now. The stock is yet up to standard; there are many good selections still to be had, so do not permit others to get ahead of you and pick the bargains.

Controlling toadstool.

Goldenrods frequently occur so plentifully as to make themselves a burden to the farmer in spite of their beauty. A fence row crowded with goldenrod is a common sight. Such a row may be a constant menace for miles of territory, due to the plumed seeds which are wind-disseminated.

There are many different kinds of golden rods. Considered from the weed view point they may be divided, according to the botany department of The Pennsylvania State College, into two classes. First, there is the type which propagates by seeds only, represented by the Common Gray Goldenrod. This type seems to prefer dry and sterile soil, which suggest the control method. The land should be thoroughly cultivated and liberally fertilized, thereby enabling more desirable plants, which prefer richer soil, to grow in such abundance as to drive out the undesirable goldenrod.

The second class includes those goldenrods which reproduce themselves not only by seed, but also by underground root stocks, such as the Canada goldenrod. These plants are far more difficult to combat. They should be attacked before the first bloom, and cut closely in order to prevent the maturing of the wind-distributed seeds. In the fall the under ground stems should be exposed by plowing. Exposure to sunlight and freezing will kill these stems.

Inspection of Steam Boilers.

All steam boilers and apparatuses in all sections of Pennsylvania carrying pressure greater than fifteen pounds per square inch are to be thoroughly inspected, every year, both internally and externally and under operating conditions according to rules made recently by the Industrial Board of the Department of Labor and Industry.

The boilers exempted from inspection, according to an announcement made recently by Commissioner John Price Jackson, of the Labor Department, are those of railroad locomotives, subject to inspection under Federal Laws, boilers on automobiles and boilers of steam fire engines brought into Pennsylvania for temporary use in times of emergency for the purpose of checking configurations. Boilers carrying pressure of less than fifteen pounds per square inch must be equipped with safety devices approved by the Industrial Board.

Millheim.

A new 1000-candle power light has replaced the old arc on the diamond. Mrs. Harry Rhine and daughter of Jeanette are visiting relatives here. Miss Hazel Emery of Centre Hall visited at the home of Mr. and Mrs. Guy Springer.

The new electric fans in the auditorium add greatly to the comfort of those who patronize the movies.

Constable Gramley took the numbers of thirty-nine automobiles on Sunday that were exceeding the speed limit through town.

Christ Walters shipped a carload of good cows last week, leaving one at the Homan barn which on account of sickness could not be shipped.

On last Thursday Mr. and Mrs. Luther Breen and Miss Helen Kremer autoed to Look Haven, spending the day with relatives.

Mr. and Mrs. Mill Musser and young son of West Union, Iowa, are visiting at the home of the former's sister, Mrs. A. Walter.

Word has been received that Mrs. Simon King, who underwent an operation several weeks ago in a Philadelphia hospital, is doing nicely and will be home in a few weeks. Mrs. King has been suffering for some time with a tumor in the stomach which has been removed.

The ball game at the town picnic last Thursday between Millheim and Linden Hall resulted in a win for Millheim, the final score being 4 to 3, the locals not scoring until the 7th inning when they tied the score and won in the 8th. The batteries for Linden Hall were Ross and Ross; for Millheim, L. Musser and R. Miller.

WINNERS IN CONTESTS.

The winners in the various contests at Millheim community picnic were as follows: Guessing contest, prize \$2.50, Guernsey Hoob; rope pulling contest, prize box of cigars, 12 men; running race, prize 50c, Charles Knarr; running race, prize 50c, Russell Cable; nail driving contest, prize 50c, Mary Brown; wheelbarrow race, prize 50c, Miss Shaffer; rope climbing contest, prize \$1.00, Linden Hall ball player; cake walk, prize \$1.00, Mrs. Lloyd Stover; egg walk, prize \$1.00, Miss Jean Coffee. Officers elected for the ensuing year were: President, F. F. Weiser; committeemen: C. E. McClellan, Ammon Breen, Geo. Secrist, William Meyer, M. A. Bateman, Clayton Boob, of Millheim; Ralph Halsey, Smithtown; Frank Kremer, Penn township; Harvey Crouse, Aaronburg; Wallace Kerstetter, Coburn; A. O. Hosterman, Penn Twp.; and M. O. Stover. They promise some new and interesting features for next year.

CENTRE MILLS

The farmers are busy hauling in their oats.

Mr. William Sweeley, who was ill last week, is able to be about again.

Mr. Decker and sister of Bellefonte visited Mr. and Mrs. Reish on Sunday.

Zettles Will Beque.

The Zettle families will hold their annual reunion in Ezra Harter's grove, in Georges Valley, on Saturday, September 2nd.

The threshing machine is busy on the wheat crop throughout the valley. The yield is proving to average around the twenty-bushel-to-the-acre point, although as high as twenty-five bushels are reported.

THE BOROUGH OF CENTRE HALL CENTRE HALL, PA. TRAFFIC ORDINANCE

Controlling the running of Automobiles, Motor Vehicles, Motor Cycles, Traction Engines, Motor Buses, as defined by the Act of Assembly July 7th, 1915. Bicycles and other vehicles, on the Streets and Highways of the Borough of Centre Hall, providing regulations of traffic and penalties for the violation thereof.

BE IT ORDAINED and enacted by the Town Council of the Borough of Centre Hall, and it is hereby ordained and enacted by authority of the same in Town Council assembled:

SECTION 1. All vehicles shall keep to the right of the centre of the street in the direction in which they are traveling.

SECTION 2. Any vehicle, including a motor-vehicle or motor cycle, OVERTAKING another going in the same direction, shall pass to the left and not pull over to the right until so far ahead as not to interfere with the progress of the vehicle passed, and such attempt to pass shall not be made or permitted unless the way be clear; and any such vehicle MEETING another vehicle heading in the opposite direction shall pass to the right as provided in Section 1.

SECTION 3. When a motor-vehicle or other vehicle meets or overtakes a street passenger car or motor bus which has stopped for the taking on or discharging of passengers, the said motor vehicle or other vehicle shall not pass the car or bus on the side on which the passengers get on or off, until the car or bus has started, and any passenger alighting shall have gotten safely to the sidewalk of the street or roadway, or any passenger that may be about to board the car or bus shall have done so.

SECTION 4. All vehicles turning into another street to the right shall turn the corner as near the right hand curb as practicable.

SECTION 5. All such vehicles turning into another street to the left shall turn around on or off, until the car or bus has started, and any passenger alighting shall have gotten safely to the sidewalk of the street or roadway, or any passenger that may be about to board the car or bus shall have done so.

SECTION 6. All vehicles crossing from one side of the street to the other, on streets where there is two way traffic, shall head in the same direction as the traffic on that side of the street, either following the traffic or stopping at the curb.

SECTION 7. No vehicles shall back to make a turn in any street if by doing so it interferes with other vehicles.

SECTION 8. No vehicle shall emerge from an alley, stable, garage or building abutting on a sidewalk at a pace faster than will allow the driver to stop immediately in case of danger.

SECTION 9. A signal shall be given by all vehicles to those behind when stopping or slowing up by raising the whip or hand horizontally.

SECTION 10. A visible or audible signal shall be given by all vehicles when turning while in motion, or in starting to turn from a standstill, indicating the direction in which the turn is to be made.

SECTION 11. All vehicles propelled by internal combustion engines shall be equipped with an adequate muffler and the use of a muffler cut-out

upon a motor-vehicle is prohibited on the streets of the Borough.

SECTION 12. In case of injury or damage to person or property, due to the operation of any vehicle, the operator or driver of the vehicle shall stop, and render proper assistance, before proceeding.

SECTION 13. Every operator of an electrically lighted motor-vehicle shall either turn out the electric search lights, or reduce their candle power to a minimum by means of a dimmer, when such cars are either standing or in motion on the principal streets of the Borough.

SECTION 14. Any constable or police officer of the Borough, may arrest, without warrant upon view, any person or persons violating any provision or provisions of this ordinance.

SECTION 15. The Burgess shall by public proclamation at such times as he may deem it necessary, close any street or streets, or portions thereof to all traffic, or direct the traffic in one direction on any portion of any street or streets; he may direct the standing or parking of any vehicle or vehicles on any portion of any street or streets in this Borough; and he may also from time to time in the same manner provide for any necessary regulation of traffic and vehicles on the streets of this Borough; he may also direct the police officers to regulate the hitching and standing of horse drawn vehicles on the streets and alleys of the Borough.

SECTION 16. Every person violating any section of this Ordinance or any provision of this Ordinance shall be liable for every such offense, upon summary conviction before any Burgess, Justice or Magistrate, to a fine not less than \$5.00 nor more than \$25.00 and costs at the discretion of such officer before whom conviction is had, to be collected as like fines and penalties, are now by law collected; or in case of non-payment or refusal of payment of said fine within forty-eight hours, he shall be liable to undergo an imprisonment for a period not exceeding ten days; and upon conviction of a second offense within a term of one year, such person will be sentenced to pay a fine of not less than \$10.00 nor more than \$50.00 and costs, and imprisonment for a period not exceeding twenty days in case of non-payment; and upon conviction for a third offense within one year, the penalty or penalties not to exceed double that of the second offense.

SECTION 17. All Ordinances or parts of Ordinances inconsistent with the provisions of this Ordinance be, and the same are hereby repealed, ORDAINED and ENACTED into an Ordinance this 4th Day of August A. D. 1916.

DANIEL DAUP, President of Town Council.

ATTEST F. W. BRADFORD, Secretary of Town Council.

Approved the 7th day of August, A. D. 1916. B. H. ARNEY, Burgess.

THE FLY AND EPIDEMICS.

Little Talks on Health & Hygiene by Samuel G. Dixon, M. D., LL. D., Commissioner of Health.

Reams have been printed about the danger from the house fly. Despite all that has been said it is a self evident fact that people do not understand how real is the danger from these pests. If they did a single season would be sufficient to wipe out the dangerous nuisances. Let people once understand the part that the fly plays in the transmission of disease and they will look upon anyone who maintains a condition which breeds them as a public enemy to be summarily dealt with.

There is much wasted advice about swatting the fly and trapping the fly. What we must learn to do is to exterminate it by going away with all breeding places.

Stables with manure piles that are left for weeks, garbage dumps and unscrubbed and carelessly constructed outhouses are the source of the fly pest. Unpleasant as this may be to consider it is true. Any community which will be able to free itself from flies will eliminate these offensive features.

While it is not definitely proven what the fly has to do with infantile paralysis, we have good reason to believe that it takes a part in the spread of the disease. That they can and do carry the germs of typhoid fever and other diseases we know. It is a wise mother who screens the baby's crib.

Thousands of children under one year of age die annually who would be saved if the fly were eliminated.
