**Save Pennies—
Waste Dollars**

Some users of printing
save pennies by getting
inferior work and lose
dollars through lack of advertising
value in the work they get.
Printers as a rule charge very reasonable
prices, for none of them get rich
although nearly all of them work hard.

Moral: Give your printing to
a good printer and save money.

**Got Something
You
Want to Sell?**

Most people have a piece
of furniture, a farm implement,
or something else which they have
discarded and which they no longer
want.

These things are put in
the attic, or stored away
in the barn, or left lying
about, getting of less and
less value each year.

**WHY NOT
SELL THEM?**

Somebody wants those
very things which have
become of no use to you.
Why not try to find that
somebody by putting a
