# GOOD EFFECTS OF TROUBLE

Much of the Advancement of the World May Be Traced to Those Pugnaciously Inclined.

Most of us love trouble-that is, most of the human race. Man cannot remain contentedly out of trouble for any length of time, it seems. And if you doubt the statement, all you have to do is to remember the numerous instances when you were getting along all right, and then deliberately "butted into" something that was not your affair.

That is to say, a lot of the people mixed up in politics are so mixed for no purpose in this world save that they may make trouble for themselves or somebody else. For it really makes little difference to the average man who is elected; indeed the average man takes an interest in politics not because he thinks by doing so he can best serve the public, but because he wants a fight.

Of course all of us like to flatter ourselves that we are doing something for though everything possible was done the nation or the country or a group by Steward John H. Kerlin. Lafferty of people. But the truth is most of us are doing nothing of the kind. But, did you know that most of the

SHORT ORDER Commission Rules Allegheny County Auto Line Must Have Certificate of Public Need.

Harrisburg-The Public Service Commission in opinions held that Bryan Blythe and W. T. Alter, operating jitneys in the vicinity of Natrona, Allegheny county, must obtain certificates of public convenience from the commission. The decisions in the main follow the lines of those handed down in the Scranton cases decided by Judge Mongahan, of Philadelphia, when a commissioner. The Allegheny Valley Street Railway Company was the complainant.

In the case of Blythe, however, it is pointed out that he had made an application for a certificate and that when a hearing was held on a protest filed by the street railway company

he did not appear. The opinion says: "The granting of certificates of public convenience authorizing individuals to engage in the business of a common carrier of passengers is of grave moment to the public. Not only the public's convenience, but their safety is involved. It seems proper that the commission should be informed of the and also as to their ability to perform @1.431/2. the service which such certificates of public convenience would impose upon them.

The opinion contains an order that

### Antidote for Loneliness.

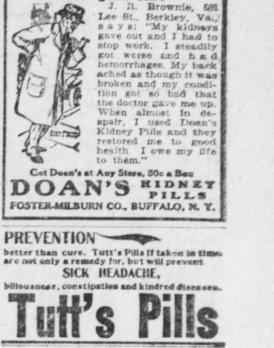

A little North side miss, whose mother is dead, lives with her little brothers and sister at the home of her grandmother. Her father, who is a physician, has his office and home in another part of the city.

Surrounded by everything which brings happiness to the heart of a child, the little girl's thoughts often wandered to poor daddy, who was all alone.

One day she surprised her grand mother with the startling remark : "Grandma, I wish daddy was a police man.

"A policeman, dear! Why? Daddy is a physician, and that is a very good profession, you know."

"Yes, grandma," persisted the child. "but if daddy was a policeman he wouldn't be so lonesome."-Indianapolis News.
