

OPPORTUNITY TO HELP WILSON WIN.

Contributions Will Assist Campaign for Retention of President in National Crisis Facing the Country.

It is the people of the United States who are on trial, not Woodrow Wilson.

No president in history has been called upon to face such a succession of tremendous problems; no president in history has ever faced problems with more courage, vision and statesmanship.

His international policies have given us peace with honor; his domestic policies have given us prosperity and justice.

Not one of those who oppose him has dared to file a bill of particulars against him; not one has had the manhood to say boldly that he would not have done that Woodrow Wilson has done, or what he would have done that Woodrow Wilson has not done.

Only general attack, only blanket criticism, only peevish fault finding only base alliance with every foreign country that is in controversy with the United States.

To reject Woodrow Wilson is to reject the wise laws that have given American industry and business such amazing impetus.

To reject Woodrow Wilson is to reject the foreign policies that have given us peace and honor and highest standing.

To reject Woodrow Wilson is to turn the United States over to chaos between November 2, 1916, and March 3, 1917, for his reputation involves the surrender of every American contention with foreign nations.

You do not have to wait until election day to make the one answer that an American can make.

An immediate contribution to the Woodrow Wilson campaign fund puts you in the fight at once on the right side.

Against the millions of the opposition, Woodrow Wilson places entire dependence upon the free offerings of the people.

Send your contribution to the Centre Reporter, Centre Democrat or Democratic Watchman, all of which papers have been authorized to receive campaign funds.

The Gun Troop at El Paso, Texas. A letter from William Bailey, a member of the Boal Cavalry Machine Gun Troop, located at El Paso, Texas, says that the troop, on its recent arrival, was greeted with one of the big sand storms for which Texas is noted.

When such a storm is in progress there is no escaping it, as it goes right through canvas, and you breathe it, eat it and drink it. The Texas temperature is 95 degrees in mid-day, but when the sun goes down there is a decided drop in mercury. He further says:

"We have just heard that the 1st Pa. Cavalry will leave the border in two weeks. We, of course, will not go with them, but are to join the regulars in Fort Bliss, or Columbus, New Mexico, where Villa made his notorious raid and slaughter of Americans some months ago.

"I met Robert Muller, of Pittsburgh, a few days ago. He is a member of Troop B, of Pittsburgh.

"We have been digging ditches for some time and find it hard work since we encounter a great deal of lava rock. The ever present sand storms make work doubly hard. So you see we have to adapt ourselves to an entire new set of conditions.

"With best regards to all back in Centre county.

"WILLIAM BAILEY."

LOCALS.

Don't burn leaves. It is contrary to good practice.

W. C. T. U. will meet Saturday evening at 7:30 o'clock.

Mr. and Mrs. James S. Stahl spent Sunday in Altoona with their sons, Claude K. and Asher C. Stahl, and families.

Mr. and Mrs. B. D. Foreman and Mr. and Mrs. A. C. Ripka attended the funeral of Mr. Saran Broad, in Georges Valley, on Monday morning.

A Chevrolet touring car has been added to the Bartholomew battery of cars. The new machine occupies a position between the Mitchell and the Ford.

Mrs. Isaac Smith and daughter, Miss Grace Smith, are spending a few days in Williamsport among friends.

Mrs. Smith is past eighty-four years of age and is enjoying her first trip away from home for some time.

Don't forget Willard Gorton, entertainer, will open the 1916-17 Lecture Course season in Centre Hall, next Tuesday evening. You will appreciate his talents and have many opportunities to enjoy a good laugh.

BROKE INTO FETTEROLF'S GARAGE

Milroy Parties Swipe Auto Tire, But Fetterolf Working on S-u-p-er-plans, succeeds in Getting signature to Check in a Hurry.

Possessed with a determination to recover the value of a stolen automobile tire or have the guilty parties subjected to the ignominy of arrest and its consequences, James I. Fetterolf, the local garage man, made a quick trip to Milroy last Thursday morning and succeeded in having little trouble in getting the guilty parties to sign their names to a check for not only the cost of the tire but also for the fourteen-mile trip over the Seven mountains.

It was last Wednesday night that a quartette of Milroy parties, some under the influence of liquor, stopped in Centre Hall to get a new tire to replace one in too bad condition to continue homeward. Mr. Fetterolf refused to sell them a tire because of their lack of funds. As the hour was late he departed for home, while the party was left in a puzzling predicament. A scheme was soon hatched and when two of the party, an hour later, went to the Fetterolf home to make sure their man was in bed by having him answer to a foolish question, the other two hurried to the garage, a short distance away, and forced an entrance by swinging the sliding door. When Fetterolf discovered the loss the following morning, the mystery didn't appear to him as requiring the services of a Burns, so he worked on his well-founded suspicions and succeeded in being paid in full.

Union County's Big Fair.

The days set for the big exhibition of the Union County Agricultural Society are October 17th, 18th, 19th and 20th. Numerous entries have already been received for races. Fairs galore will be there and many other attractions worth while.

The liberal premiums offered this year for the racing will no doubt insure a large field of entries, which promises to be one of the big features of the fair.

Special railroad rates will prevail on all roads, and on Thursday the regular excursion will be run from Centre county.

Fine musical concerts daily by the Shamokin Dam band, and the Citizens Band of Lewisburg Thursday and Friday.

Forest Fire Warden.

Following is a list of the forest fire wardens in this part of Centre county, with their addresses. Forest fires should be reported to the nearest warden as soon as noticed, and the wardens should be given every assistance in extinguishing fires.

SOME DEMOCRATIC LAWS THAT REALLY ARE HELPING THE FARMER

Rural Credits, Federal Reserve Act, Good Roads, Grain Standards, and Many Other Benefits.—Cash for Moving Crops During Money Shortage.

By FRANK G. OCELL, Editor of the Nebraska Farm Magazine

Do you know that your post office is now an employment bureau? That is one of the new things Uncle Sam has started during the present Administration. Secretary Wilson of the Department of Labor has tackled the task of bringing the jobless man and the needless job together, and now every post office is an agency of the United States employment service. The postmaster is equipped with blanks for listing applications for labor or for employment and is instructed to help get the worker and the job in contact.

While this might appear to be principally in the interest of the worker, it is really one of the numerous far-reaching things started for the benefit of the farmer by the Administration of President Wilson. The increasing scarcity of farm labor has become a problem to the farmer, especially in the wheat-growing and fruit-growing sections. This labor, which is of a seasonal character, necessarily must be performed largely by itinerant workers. Some agency which will meet this demand and relieve the laborer of the graft of employment agencies is necessary. Uncle Sam has started it.

A single illustration will show how the system works: in the Willamette Valley of Oregon thousands of temporary workers are needed in hop-picking time. On August 20 the Oregon Journal of Portland printed a news article about the new government employment agency, stating that six hundred families could obtain immediate employment in the hop yards by applying at the Portland division of the Federal employment service.

This is another item added to the mass of accumulating evidence which shows that the Wilson Administration has tried to give both labor and the farmer a square deal. For the first time in history, this Administration has placed the needs of rural districts squarely before Congress as of equal importance with the interests of financial centers.

And why not? Financial centers would not amount to much without the nine-billion-dollar crop of the American farmer. But the interests of the farmer have not always been so prominently and favorably considered by Congress as they have during the past three years. The record of Democratic claims for farmer support is a record of accomplishment. It reads like this in the passage of laws and administrative acts:

What Has Been Done for the Farmer. CURRENCY REFORM: The Fed-

This congressional district ought to be represented by a congressman in full sympathy with the Wilson way, and the way to accomplish it is to vote for Tobias. He is every inch a man, fully qualified in every way to fill the office.

When it comes to voting on questions discussed in every hamlet, Mr. Gardner, if elected a member of the legislature, will not misrepresent the sentiment of Centre county.

Meeting of Boro Council.

The Centre Hall borough council met in regular session Friday evening, the members present being Messrs. J. H. Weber, who filled the place of president D. Daur, absent; W. F. Bradford, W. H. Meyer, F. V. Goodhart, John D. Lucas, Wm. J. Smith.

The matter of repairing the road on Nittany Mountain was discussed. The street committee was instructed to patch it up this fall.

The request by J. Frank McClellan for a building permit was granted and he was allowed fifteen feet along the front of his lot for storing stone and building material for a period of six months.

The fire and police committees reported that John H. Knarr had been sworn in as a traffic officer. No commendation was named.

One of the old gasoline street lights was sold to Clymer McClellan for \$5.00.

BILLS PRESENTED AND PAID.

On reaching the report of finance committee the following bills were reported and ordered paid:

Planing mill, lumber for sign boards	\$ 7.96
Clymer McClellan, painting and lettering sign boards	2.30
F. P. Blair, two stop watches	15.00
E. C. Wagner 11 tons, 550 lbs. crushed stone	12.97
C. M. Arney, hauling oil	1.75
H. W. Dinges, hauling stone, one day	1.75
J. H. Puff, work on streets and water line, 23 hours	12.45
J. H. Puff, watching Goodhart, five hours	1.50
Elmer Runkle, 4 days on street	4.50
J. Roy Puff work on a road	7.00
Fire Police service	15.00
Fire Police service	15.00
C. E. Held, 1 day	2.00
R. D. Montgomery, 2 days	7.00
H. Runck, 1 day (including transportation)	4.00
Elmer Yeager, 1 day (including transportation)	4.00
Total	\$110.50

At a special meeting held in September one of two propositions made by Wallace White for drilling for water was accepted. The proposition calls for \$2.00 net per foot, and to go to any depth required by the council. The water committee was authorized to enter into a contract with Mr. White on the basis named. The other proposition named was \$1.50 per foot and found.

New Home For K. G. E.

The lodge of the Knights of the Golden Eagle, as well as the companion lodge, Ladies Temple, organized about six years ago, have taken a five year lease on the third story of the Reporter building and some time between now and April 1st will occupy it as a new lodge home. Their new quarters will be finished in a manner suited for lodge purposes, and in every way made neat, commodious and attractive. The main lodge room will be approximately 22 by 50 feet, with two ante rooms. The approach will be by the way of the main entrance to the reporter building.

Both lodges are in a prosperous condition and now have splendid quarters in the Kresmer building recently acquired by the local lodge of Odd Fellow, and it is because of the fact that the owners wish to use the second floor of the building for themselves that the Eagles were obliged to soar one story higher.

Approves Building Bridges in Centre Co.

An application before the state water supply commission for the reconstruction of a concrete bridge across a branch of the Sinking creek, at a point two miles east of Tusseyville, was approved last week at Harrisburg. Similar applications coming from other parts of Centre county were approved as follows: Union township—To construct a concrete bridge across the McCormick run, three miles northwest of Unionville; to construct a concrete bridge across DeWitts run, one and one-half miles north of Unionville.

New Home for J. F. McClellan.

Within a very short time excavations will be made for the foundation of a home to be erected by J. Frank McClellan, on the lot on the rear of which is located the Penn carbonating works. The structure will be about 28 feet by 28 feet in dimensions, and will be built with a view of comfort and neatness. The carpenter work will be done by the Hagens.

James Gramley Buys Farm.

James Gramley, ex-treasurer of Centre county, who returned from the west several months ago, on Saturday purchased the farm of the Thaddeus Stover heir, south of Rebersburg, and will move onto the place next spring. The farm at present is tenanted by Edwin Guisewite.

The farm was purchased for \$3250.

Williamsport Comm. col. college.

Fifty-three calls for bookkeepers and stenographers were received during August and September. We have a position for every student who finishes our courses satisfactorily. We need more graduates. Enter any time. Send for catalogue.—F. F. Healey, Proprietor.

TOWN AND COUNTY NEWS.

HAPPENINGS OF LOCAL INTEREST FROM ALL PARTS

Willard Gorton—Impersonator, artist, entertainer—in Grange Hall, next Tuesday night.

At the high cost of ammunition the hunter isn't going to take a crack at every chipmunk which comes within range.

Mrs. W. Morris Furey, of Bellefonte, and Miss Margaret Karstetter, of Curwensville, were guests of Mr. and Mrs. John G. King, on Monday.

Mrs. D. W. Bradford attended the State W. C. T. U. convention at Wilkes-Barre, the latter part of last week, representing the local organization as delegate.

The Lewisburg board of education will allow their teachers nine months pay for eight and one-half months work, on account of the enforced postponement of the school opening.

The Millheim borough authorities were offered the Spangler water plant for \$15,000. The proposition was not attractive, consequently the negotiations were brought to a standstill.

J. T. Potter attended a meeting of the Huntingdon Presbytery, held at McVeytown, last week, and was elected a delegate to the Presbyterian Synod which meets at Easton, October 24th.

Mr. and Mrs. L. L. Smith, Mr. and Mrs. D. W. Bradford, and chauffeur Warren Homan, attended the Bloomsburg fair, last Thursday. The opinion was that the Bloomsburg fair is among the very best in the state.

Mrs. Henry Lingle and daughter, Miss Blanche, were callers at the Reporter office last week. Mrs. Lingle is very much pleased over the fine crop of corn Mr. Lingle is about to harvest from the Brockerhoff farm, which they till.

G. W. Wagenseller, editor and owner of the Middleburg Post, has purchased the Juniata Star, a Democratic newspaper in Millintown. New equipment will be installed. I. C. Mitchell will be the local manager. The policy of the paper will be independent.

Apples in this portion of Penna Valley, the section the product from which is usually handled by the Centre Hall Evaporating Company, are not only a poor crop, but the quality is inferior. Orchards which were given no attention—not pruned or sprayed—are yielding few apples of any sort.

William S. Roseman, son of Merchant and Mrs. E. F. Roseman, of Spring Mills, accompanied by his wife and child, are on a two weeks' vacation at the parental home. Mr. Roseman continues to be in railroad work and at present is claim agent in the Kensington freight office, in North Philadelphia.

Mrs. A. E. Kerlin and son, William Kerlin, Mrs. Charles E. Flink and Mrs. William Bitner motored to Pottersburg on Saturday afternoon to the home of Mrs. Kerlin's brother, Rev. William Wagner. Mrs. Flink and Mr. Kerlin returned home Monday while Mrs. Kerlin and Mrs. Wagner journeyed to Dreibach to attend the meetings of the W. H. & F. Missionary society in session this week.

Mrs. D. C. Van Clavers, of Kansas City, Missouri, stopped in Centre Hall for a few moments on Thursday, having just returned from Milroy, her birthplace, where her father, Dr. T. C. Thomas, practiced medicine years ago. Mrs. Van Clavers has no recollection of her birthplace, having left Milroy when quite a child, and it was her father's praise of the little town nestled in the Seven Mountains that prompted her to make a visit to the old place on her first trip east. She was delighted with the scenery as well as the town and declared that her father had not overdone the picture. She is spending a month or more at the home of her uncle, George E. Williams, at Lemont.

Mr. and Mrs. George W. Horner, of near Linden Hall, are suffering from rather serious injuries sustained last Sunday evening when they were thrown from their buggy in colliding with another buggy. They were on their way to Tusseyville to attend church services and in turning out for one buggy, Mr. Horner, whose eyesight is not as keen as it once was, failed to see another directly behind the first rig and turned back into the road, the two vehicles coming together with great impact. The Horner buggy was pretty badly smashed up; the horse tore loose and ran down the road for some distance, while Mr. and Mrs. Horner were pitched out onto the road. A passing automobile conveyed the unfortunate people to their home where it was discovered that Mrs. Horner had sustained an injury to her hip while Mr. Horner had received painful internal injuries.
