

LOCALS

More than 1000 hunters licenses have been issued in Centre county up to the present time.

Lloyd R. Smith will make sale of a fine lot of stock next week. The date will appear next week.

Lawrence E. Runkle purchased the Bartholomew Ford car and the Bartholomew in turn purchased the old Boozer & Fetterolf Ford car and will convert it into a truck.

The state forestry commission approved an application to set aside 680 acres of the White Deer state forest reservation in Union county for the state village for feeble-minded women, which is now under construction.

Edward Jamison will move from the Homan farm, near Penns Cave Station, to the Dauberman farm along Penns Creek, and J. W. Fressler, now on the Dauberman farm, will tenant the Potter homestead, owned by J. T. Potter.

Edward Homan, oldest son of Mr. and Mrs. William H. Homan, was operated upon for appendicitis at the parental home on Tuesday afternoon, by Dr. H. H. Longwell. The young man is making splendid progress toward complete recovery.

Robert Meyer, a guard at the Western Penitentiary at Rockview, was home with his parents, Mr. and Mrs. F. H. Meyer, from Saturday until Wednesday. He reports that a new lot of sixteen prisoners were brought from Pittsburgh last week.

The past week has brought forth a considerable number of persons willing to contribute their aid to maintaining the lecture course, and this has placed the proposition on a considerably better basis than a year ago. It appears that but few citizens are not in sympathy with the movement.

The market condition for evaporated apples is so bad that the Centre Hall evaporating plant is not being operated this fall. While the apple crop is not large, many thousands of bushels of the inferior fruit could be used for evaporating if the market was favorable. The loss is directly due to the foreign war.

Mr. and Mrs. H. F. Bitner, sons Ralph E. and Lynn, motored to Williamsport on Sunday where Ralph Bitner took the train for Ithaca, N. Y., to continue his education in Cornell University. Accompanying the Bitners home was Mrs. Clyde Smith, who spent a few days in the Lycoming county seat.

D. Earl Fleming, of Baltimore, Maryland, came to Centre Hall beginning of the week to assist in having his father, Julian A. Fleming, removed to the Bellefonte hospital. Mr. Fleming has been ill for the past few months, and while his condition is not such as to give occasion for alarm, it was at his request that he was removed to the hospital.

Edward Homan, who a few days ago was operated on for appendicitis, will begin farming on his father's farm now occupied by Edward Jamison, near Penns Cave Station. Of course, Mr. Homan does not intend to "back" it, nor does Miss Elizabeth Bible, who makes her home with her sister, Mrs. Frank Decker, expect to live at her present home for a long while.

M. M. Condo, while picking apples in his orchard, on Saturday, had the misfortune to fall off the ladder from a height of twelve feet, turning a complete somersault in his backward descent. Several ribs were broken, besides receiving numerous bruises. Dr. H. H. Longwell rendered the necessary attention and Mr. Condo is feeling no serious effects, although still unable to walk.

William F. Colyer, east of Old Fort, will make sale of thoroughbred Poland China and grade Chesterwhite hogs on Wednesday, November 1st. Mr. Colyer finds that he must make room for coming litters and therefore has decided to dispose of more than fifty head of his choice stock. His Poland China stock is the finest in this part of the state, each porker being a direct descendant from the best two herds in the state of Iowa. See register and sale bills.

A four hundred mile auto trip, which required two days on the road, came to an end Thursday afternoon when a party of six from the state of Connecticut arrived at the Dr. H. H. Longwell home. The tourists were delightfully entertained until Monday morning when the return trip was begun. The following composed the party: Mrs. George B. Austin, who is the mother of Mr. Longwell; Joseph Adams, both of Guilford, Conn.; Mr. and Mrs. George F. Hale and daughter Doris, of Unionville, Conn.; and Mrs. H. B. Austin, of Hartford, Conn.

The leaves from the many beautiful shade trees in Centre Hall are beginning to fall, and, of course, those tidy about their homes will gather them, but they should not be burned. First, the leaves can be made of value for the improvement of the truck patch by placing them on a compost heap; second it is hazardous to burn leaves in the open, and third, it is a violation of the state laws to burn anything on the public streets. The practice of burning leaves, once so common in Centre Hall, is pretty well done away with, and this notice is to remind the few who perhaps thoughtlessly fell to the old habit last year, not to do so in 1916. Of course, clean up the leaves, but do not burn them.

Please keep in mind that the first number of the Centre Hall lecture course will come Tuesday night of next week, and if you have not already bought a season ticket for \$1.00 you should do so at once. The committee is "out of the woods" on finances, but money is not the object of this movement. The purpose is to give a series of clean, wholesome, elevating lectures and entertainments, and it is on this basis that the support of the community is asked. There will be a number of new course ticket holders, quite a few of the younger people—single and married—having been interested. No dollar that you will spend in the next six months will bring you more than the dollar that will admit you to six entertainments, any one of which will cost you fifty cents in the larger places. No one is making money out of this movement. Progress Ground, for last season's accommodations—mail, light and heat—having received but \$12.00.

Piedmonts pay no duty -no ocean freight -no marine insurance

All the value of Piedmonts is in the cigarette itself—where it should be.

The reason is that Piedmonts, being made of Virginia tobacco, pay no duty. They're ALL Virginia tobacco—mild, and mellowed by Virginia's golden sunshine.

If you ask a tobacco expert, he will tell you that Virginia is the best cigarette tobacco on earth.

"A package of Piedmonts, please."

Liggatt & Myers Tobacco Co.

An ALL Virginia Cigarette—

Piedmont The Cigarette of Quality

NOTE:—It is impossible to sell a package of 10 cigarettes of all Turkish tobacco for 5c. Not that this Turkish tobacco costs more than Virginia, but because duty, ocean freight, marine insurance, and expensive handling charges must be added to the cost of all Turkish tobaccos. But Piedmonts, made of highest-grade Virginia tobacco, have none of these valueless expenses. All their value is in each cigarette.
