The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

**Dogs and Kerosene**

You've seen a stray dog—thin, scary and half-starved. Let some one take him home and give him real food—he's likely to turn out to be an excellent watchdog and a fine companion for the children. Good food makes the difference.

It's the same with your lamp and oil stove. If they're smelly, smoky and bothersome—if you get hazy light and unreliable heat—you're using the wrong kind of kerosene. Give them

**ATLANTIC Rayolight OIL**

and you'll enjoy the fine, clear, brilliant light and the steady, radiant heat you've always wished for. Good kerosene makes the difference.

Atlantic Rayolight Oil is refined to the n<sup>th</sup> degree, from the highest grade crude petroleum obtainable. Always ask for it by name.

It doesn't smoke, smell or char the wick. It burns slowly—therefore is most economical. If you believe in preparedness, you'll load up a barrel of Atlantic Rayolight Oil. Be sure to look for the brand name on the barrel.
