RESERVE ARMY OF 4,000,000 MEN

General Staff's Universal Service Bill in Senate.

ANNUAL COST \$472,258,746

The Scheme Would Enroll About 500,000 Youths 19 Years Old, Mentally and Physically Fit, With No Dependent Parents.

Washington.—The Army General Staff Universal Service Bill was transmitted to the Senate Military Committee by Secretary Baker without a definite expression by the administration either on the general subject or the special proposal.

The Secretary said it was not thought that Congress could give so intricate a problem consideration in the closing days of this session, but suggested that wide publicity be given the staff plan "to the end that both Congress and the War Department can, in any subsequent consideration given to the subject, have the benefit of an enlightened, thoughtful public opinion upon the needs and wishes of the country."

"As yet," the letter of transmittal continues, "I am not prepared to say officially for the War Department that the need of the country can reasonably be said to be so great an establishment nor can we yet, without further study and deliberation, be confident that the means suggested are the most appropriate to the need which it shall be determined wise to foresee."

Force of 4,000,000 Men.
In round numbers the staff plan would supply a trained force of 4,000,000 men, with one year of intensive military instruction.

Paralysis, with which he was stricken, caused the death of Roundsman Wilton Billet at York.
John W. Hemery, of Bootwyn, 68, returned with his daughter, Mrs. Harry Moore, from a trip in Chester, and fell dead of heart disease at the feet of his faithful horse in the stable.

The purpose of the bill is to constitute the first reserve as a fully organized and equipped fighting force with a strength of 1,500,000 ready to respond instantly to a call to arms.

In addition to these forces there would be a regular army, composed of men choosing military life as a profession, of 24,400 officers and 285,886 enlisted men.

Within the past year bounties of \$313 were paid by the State Game Commission for the destruction in Carbon county of seven wildcats, 49 foxes, 33 mink and 134 weasels.

There are too many foreigners running around with weapons," remarked Judge McKeen, at Easton, recently, when he sent Joseph Gatchie to jail for two and a half years for slaughtering John Patro with a razor.

Irvin Pasick, of Millintown, was killed at the Standard Steel Works when a block of steel weighing 500 pounds fell from an overhead crane, crushing him.

At a public sale on the farm of Frank Miller, near North Wales, every potato offered was snapped up, buyers paying a uniform price of \$3.20 a bushel.

Nicholas Lapon, of Parkesburg, has been committed to prison, accused of criminal attack upon Miss Ethel Walter, of the same town.

Gallagher Brothers, of Chester, have purchased ground at Seventh and Sprout streets, and will build on the site a \$40,000 garage.

Quakertown painters have advanced their working scale to 35 cents an hour.

Renewal of a \$10,000 appropriation for the Hudson River bridge-tunnel project was effected by the Hudson County Board of Freeholders at Jersey City.

Dredging of the Passaic River to make it navigable between Paterson and Newark has been reported on unfavorably by the Harbor Line Board.

One of the elements that enter into the retardation of the development of Port Newark Terminal and other meadow lands is the fact that the property is hemmed in by the Central Railroad.

Lloyd L. Simickson succeeds Isaac C. Smashey as president of the Salem Business Men's Association.

Archibald Eichlin, of Bloomsbury, died from injuries received in a fall from his wagon.

At the annual meeting of the Burlington County Funeral Directors' Association, George W. Slack, of Burlington, was elected president and William Grobler, of Moorestown, secretary and treasurer.

John Carling, of Phillipsburg, whose death occurred a few days ago, is credited with operating the first engine that made the run over the Lehigh Valley Railroad between Jersey City and Phillipsburg, in 1875.

The Salem County Board of Freeholders has voted to inspect some of the improved roads of New Jersey State.

George O. Hoch was overcome by gas while at work at the Bethlehem Steel Works, and his death ensued.

PENNSYLVANIA STATE ITEMS

Jonathan Stackhouse, a Horsham section farmer, sent an auto load of potatoes to Philadelphia and obtained an average of \$3 a bushel for the 150.

When the lights got out of order Edward Godshall's auto collided with Elmer Foley's team, near Black Rock, and the horse had to be killed because of a broken leg.

The yearly expense of maintaining prisoners from Chester county at the Eastern Penitentiary is \$9759.

Skippack Fire Company will get a new engine, and has ordered 1000 feet of hose.

More than 600 employees of the Pennsylvania Railroad, outside of the train service at Sunbury, were surprised to get a notice of a voluntary increase in wages of 10 per cent.

As John Marks was ready to go to work at the American Iron and Steel plant, Reading, he was stricken with heart trouble and died.

David Evans lost his life through a mine cave-in in the western section of Scranton. Evans was asphyxiated by gas.

A master in divorce in Berks Court reported favorably in the case of Nelson R. Crisman, of Reading, against his wife, Katherine D. Crisman, of Brookly.

Alleged to have stolen a gold watch from William Horning, of Parkersford, Benjamin Koury was held in Pottstown to answer a charge of highway robbery.

Although he tossed pennies by the handful to Reading kids, John Kelly, 35 years old, was arrested for begging on Reading streets and fined \$11.25.

Paralysis, with which he was stricken, caused the death of Roundsman Wilton Billet at York.

John W. Hemery, of Bootwyn, 68, returned with his daughter, Mrs. Harry Moore, from a trip in Chester, and fell dead of heart disease at the feet of his faithful horse in the stable.

The Catawagua School Board has elected W. R. Thomas a member in place of Mrs. Elizabeth De Groot, resigned.

NO FIAT CURRENCY

NATION HAS AN ABUNDANCE OF CIRCULATING MEDIUM.

Never a Time in Its History When the Country Was So Well Prepared, Monetarily, to Meet Any Emergency.

There never yet has been a suggestion of war in this country, or an approach of war, which did not bring forth in congress a flood of bills for the unlimited issue of government fiat currency. The present occasion is no exception to the rule.

But there has never been a time in the whole history of the American nation when such proposals could be so wanted and so utterly without excuse, even from the flatlist point of view, as they are now. The country fairly riots in the abundance of a circulating medium. Its banks are carrying some \$300,000,000 more in cash than they were carrying only two years ago.

The present per capita circulation of \$43.50 is in excess of \$8 more than at the outbreak of the European war. It is more than double what it was in the silver and fiat campaign year of 1896 and more than double what it was at the height of the paper-money era of the Civil war. And it is now mostly gold, whereas it was mostly paper and depreciated silver in 1896 and fiat paper in 1865.

The fiat-money proposers of this time merit the contemptuous neglect of congress, and are likely to get it.—New York World.

"Southern Domination."

The terrible thing about "Southern domination" in our government is not the fact, if it be a fact, but the indifference to it of the North. The Chicago Tribune went to the trouble of writing a letter to every senator and representative at Washington, showing not only how the disfranchisement of negroes gave the South an unfair representation in congress and in the electoral colleges, but also depicting "graphically how the South, dominating congress, has contrived to impose taxes bearing more heavily upon the North than the South while carrying out tremendous pork-barrel raids on the national treasury."

What was the result? Of the ten senators from New York, New Jersey, Delaware, Pennsylvania, and West Virginia, comprising the East outside of New England, just three replied. Two of these were Republicans, and said that they would work for the reform. One was a Democrat, who was non-committal.

The representatives did even worse. Less than a fourth of the 98 responded, 14 favorably, one unfavorably, and nine non-committally. Seven of ten senators and 74 of 98 representatives asleep at the switch! The worst of it is that other sections of the country displayed no great enthusiasm, either. And "Penrose, who 'assumed leadership' of the movement in this group of states, was at Harrisburg, engrossed in a fight over a very different sort of domination.

Presidential Knew Situation.

It occurs to the New York World to say that "it is doubtful if many Americans today regret that the Pershing force is out of Mexico, or that the Latin-American republics are friendly toward the United States." That is a backward look worth taking, because it places a troublesome problem in the right perspective. Same persons, with the slightest understanding of the topography of Mexico, and sense of what an attempt "to clean it up" would mean in the way of unifying that country against such an effort, are glad that President Wilson has stood as a friend to Mexico so far as this has been permitted to him.

No this will doubt, either, that national preparedness has been advanced by our vexing Mexican troubles. There is no question that the president was knowing to many things of which his critics were ignorant, and so looked farther ahead than they.

Causes of Victory.

"I have studied the result in the presidential election," said a western senator. "In my opinion, the victory of the president was due, first, to the very serious split between the Progressives and Republicans; secondly, to the conviction among the women voters that the president had kept the country out of war, and thirdly, to an appreciation of the progressive legislation enacted by a Democratic congress."

Pershing's Men.

It is reported that a foreign military attache who had looked upon the German, Japanese and British troops, both in peace and in action, has also gazed at General Pershing's little body of 12,000 men, and pronounced it "the finest fighting machine in the world." Because of this verdict, if for no other reason, the sojourn in Mexico finds justification. For that hazard of new fortunes the government spent much money. If the result has been as the foreign attache has said, never was money better invested.

Too Sick To Work

Many Women in this Condition Regain Health by Taking Lydia E. Pinkham's Vegetable Compound.

Ridgway, Penn.—"I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old."

Mrs. Lindsey Now Keeps House For Seven.
Tennille, Ga.—"I want to tell you how much I have been benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited."

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Timely Device.

TAKES OFF DANDRUFF
HAIR STOPS FALLING
Girls! Try This! Makes Hair Thick, Glossy, Fluffy, Beautiful—No More Itching Scalp.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any store, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine. Adv.

Strawberries derive their name from the fact that they were one time sold strung on straws.

Wright's Indian Vegetable Pills are not a "coal-tar product" nor a "confection," but a good, old-fashioned dose of medicine for regulating the stomach, the liver and the bowels. Get a box and try them. Adv.

Florida and New Mexico are thunderstorm centers. The Pacific Coast is freest from them.

Whenever there is a tendency to constipation, sick headache or biliousness, take a cup of Garfield Tea. All druggists. Adv.

As there is no success without effort there is no honor without progress.

What Is Uric Acid?

Everyone has uric acid in the system, but naturally in small quantities. Excessive amount is caused by eating too much meat and foods that ferment in stomach. The kidneys, being the filters of the blood, are supposed to separate and throw the poisons out of the system. Weak, tired and overworked kidneys fail to do this, hence the uric acid accumulates and the urate salts are carried by the blood to the solid tissue structure, causing backache, lumbago, rheumatism, dropsy, drowsiness, and tired feeling.

To overcome the trouble is only a matter of toning up the kidneys, and this is best done by a treatment with Anuric, three times a day. Anuric is a recent discovery of Dr. Pierce of Buffalo, N. Y., and can be obtained at any drug store. Experience taught Doctor Pierce that Anuric is a more powerful agent than lithia in dissolving uric acid, and it is then carried out of the system.

THE ONWARD MARCH OF Bronchitis, and deep seated Coughs is arrested by Doctor Pierce's Golden Medical Discovery. In those scrofulous conditions of the blood which invite Consumption; in severe, lingering Coughs, and Weak Lungs, which threaten you with this fatal disease, and when other help has failed—this medicine is a proved remedy.

As a blood-cleanser, strength-restorer, and tonic it is sure to benefit. In all lingering Bronchial and Throat affections, and in every disease that can be reached through the blood, it never fails to benefit or cure. In tablet or liquid form.

The machinery of the body needs to be well oiled, kept in good condition just as the automobile, steam engine or bicycle. Why should the human neglect his own machinery more than that of his horse or his engine? Yet most people do neglect themselves. Clean the system at least once a week with Dr. Pierce's Pleasant Pellets.

For Horses
Horsemen agree that Yager's Liniment is the best and most economical liniment for general stable use.
