

LOCALS.

B. D. Brislin, whose having seen service in the Civil war doesn't signify old age, took out his big car on Monday and made a trip to Bellefonte unaccompanied. Two more days and then we are in April, and to a certain class the 19th of that month looms up with great significance, for the wily trout may then be sought after.

A breakdown on the west-bound passenger train near Paddy mountain tunnel, on Tuesday morning, was responsible for a lateness of over three hours in arriving at Centre Hall. A small advertisement in the columns of the Reporter will cost only a few cents and may be the means of disposing of a buggy, sleigh, horse, or even a house and lot. Try it and see.

Mr. and Mrs. R. P. Campbell, of Peas Cave, Mrs. H. W. Kreamer and Mrs. J. F. Lutz, of Centre Hall, attended the sessions of the M. E. Conference at Lewisport, on Saturday. Many calls were made at this office within the past week for the government seeds which are being distributed gratis. There are still a number of packs to be had, for those who come early.

The entertainment in the Grange hall Saturday evening by the Venetians, was the last number of the Lecture course for the year, and it was a grand success. It was attended by a large number of people, who were delightfully entertained for two hours. The committee have selected a course for next year which promises to be even better than last year's.

A bill to make Clinton county a separate judicial district promises to pass in the legislature. At the present time Clinton county is a part of Judge Hall's district, comprising the counties of Clinton, Elk and Cameron. The "dry" forces are back of the movement for a separate district because Judge Hall and his associates have been entirely too liberal in their license grants.

Arrests Made at Philipsburg.

State troopers arrested three members of the Lotta family, all Italians, at Philipsburg last Thursday, and the police are of the opinion that the mystery surrounding the dynamiting of the Western mine tippie, in Lock township on Memorial Day of last year, is likely to be cleared.

The dynamited tippie, the property of the Moshannon Coal Mining Company, of which Congressman Charles H. Rowland is president, entailed a loss of \$10,000. Mining operations had been suspended for the holiday and none of the employees were on the premises at the time of the explosion. The secretary of the chamber of commerce at Philipsburg has been conducting a quiet investigation of the dynamiting for several months.
