IS CHILD CROSS, Look, Mother! If tongue is coated, give "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhea. Listen, Mother! See if tongue is coated, then give a tenspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well child again. Millions of mothers give "California

Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Adv.

Children Have First Place in the Season's Celebrations in Tyrol Region.

EASTER IN GERMANY

HE far-famed region of the Tyrol is one of the most superstitious countries in the war zone. On the evening before Easter companies of musicians in queer garments still go about the country singing Easter

hymns, in accompaniment to mellowvoiced guitars. On hearing the music at the door everyone comes out and joins in the chorus, all rejoicing together in the happy day.

In the most remote districts the "Easter riding" is yet customary. The procession starts from the tiny town Easter morning with the people walking behind priests and crossbearers on horseback, and goes cross-country through the fields, begging the blessings of heaven upon the havests, and finally returns to the little church with the cross above it, for a brief service.
