**POLITICAL ANNOUNCEMENTS**

**JURY COMMISSIONER.**

We are authorized to announce the name of A. C. Ripka, of Centre Hall borough, as a candidate for the nomination of Jury Commissioner on the Democratic ticket, at the Primaries, September 18, 1917.

**War Work on the Farm**

The planting season in most sections will soon be over. Tillage and harvest follow without pause. Young farm laborers are scarcely to be had at any wage.

The Government intends not only to excuse but to refuse recruits employed in useful war work, and that includes the work of the farm. To meet its purpose, that intention should be made known at once, that the flow of labor from the farm may not be only checked but reversed.

It may be well to follow a foreign example and give railroad, factory and farm laborers badges to certify that they are in Government service; then, in President Wilson's phrase, the farm laborer would be recognized as a "soldier of the commissary."

Some farm workers may need reassurance that they will not be drafted to bear arms. A far greater number should be inspired by official word that in tilling the soil they are doing war work for their country and aiding its cause.

**Pine Grove Mills.**

Some of our farmers are sowing oats. Born to Mr. and Mrs. Homer Grubb, at Pine Hall, a son.

Mrs. Samuel Grenoble is quite ill with bronchial trouble.

Hon. J. W. Kepler caught six speckled beauties on the first day of the season.

Robert Wilson spent Sunday at the parental home, driving a new 8-passenger Cole car.

Miss Beulah Fortney and mother, of Boalsburg, motored here on Sunday to visit mother Dannelly, who has not improved much.

Little Madeline Shreck had her right arm broken below the elbow on Monday. Dr. Kidder adjusted the fracture.

Dr. Thomas Glenn, of Bradford and Olie A. Meek, of Philadelphia, were called here to attend the funeral of Miss Sarah A. Meek, on Monday.

Last Thursday morning, J. W. Sunday, a successful poultry raiser, lighted the lamp in his brooder and about noon neighbors saw smoke and fire raising from it. A bucket brigade was formed but the fire completely destroyed the brooder, together with several dozen peeps.

Three auto loads from Bellefonte and a goodly number from State College and Boalsburg and Centre Hall lodges were present at the installation of Penns Valley lodge I. O. O. F. officers for the ensuing term, on Saturday evening. The new officers are W. S. Markel, N. G.; C. M. Rose, V. G.; W. H. Glenn, Sec., with full corps of subordinate officers. Refreshments were served.

Messrs. Lentz, Connard Bratton, and Louis Morgan were a trio that stopped off at Centre Hall on Thursday night after having made a run from Harrisburg with a new International auto truck which was being delivered to the Phillipsburg Hardware company. The party lost their bearings at Reedsville and instead of going to Milroy, followed the road to Belleville, thereby going out of their course by eighteen miles. The trip to Phillipsburg was made on Friday morning. The first named gentleman is from Harrisburg while the latter two are Phillipsburgers.

Of course, without sowing there can be no reaping.

**Breon-Mitterling.**

On Monday evening at the Reformed parsonage in State College, by Rev. M. L. Horn, Clayburn Breon, of Millheim, and Miss Laura Mitterling, of Centre Hall, were quietly united in the holy bonds of wedlock. They were attended by the bride's brother, Cleveland Mitterling, and younger sister, Miss Carrie.

The groom is a son of Mr. and Mrs. Peter Breon, of Millheim, and for the past year has been giving his services to the farmers about Centre Hall, being at present employed in tilling the Reporter's acres. He is a young man of excellent character. The bride is the third daughter of Mr. and Mrs. William J. Mitterling and is a young woman of home-making qualities, kindly nature, and enjoys the esteem of a large circle of friends. The young couple have no plans for the immediate future.

The reporter joins the many friends of these young people in wishing them happiness and prosperity.

**Young Man Loses Arm at Elbow.**

Henry Sweeley, the nineteen-year-old son of Mr. and Mrs. William Sweeley, of near Millheim, had the misfortune to have his right hand drawn into cogs of the machinery at the grist mill at Centre Mills, operated by J. A. Kline, on Friday morning, and frightfully crushed. He was rushed to the Bellefonte hospital where it was found that the bones in the forearm were crushed and the circulation of the arm cut off owing to the arteries being severed. An amputation was found to be necessary and this was performed on Tuesday morning, the arm being taken off at the elbow, the young man stood the ordeal very well and is getting along as well as may be expected. Young Sweeley was employed as an apprentice in the grist mill.

**Cow Has Twin Calves.**

Bloomer Weaver, who began farming this spring on the Treaster farm, near Egg Hill, starts off with a streak of good luck, a cow which he purchased at the sale held to the rear of the Reporter office a month ago, having given birth to twin calves on Saturday. The calves are well formed and give promise of developing into vigorous stock.

**Auction Sale at Meigs'**

Another auction sale will be held at the Meigs Store, Colyer, on Saturday evening. Come for bargains.

**State College Gives Camps to U. S. for Training Camp.**

Athletic fields, the 300-acre campus and the building of the Pennsylvania State College have been offered to the War Department and to the National Guard of Pennsylvania for training camp, drill grounds and such other purposes to bring the wireless telegraph corps and the field hospital contingent of the regimental cadets into condition for immediate field service.

Women of the faculty and the girl students who have organized a Red Cross nursing staff, under the direction of Mrs. E. E. Sparks, wife of the college president, and an officer of the Women's Preparedness League, are to have free use of the college buildings and other facilities for their activities.

For the past three weeks the cadets of the college regiment have received instructions in First Aid work. The staff of the college physicians and nurses taught the students bandaging, care of wounds, disinfecting and all elementary hospital work.

This week the student regiment resumed outdoor drills and maneuvers after spending the winter in classroom study of tactics. Five hours each week will be given to extensive field practice by the sophomore companies.

**Free Delivery Service for Millinburg.**

The borough of Millinburg will have free letter delivery service in a short time, made possible by the post office being raised to the second class, which will come about in the near future. Speaking on the subject the Millinburg Telegraph says:

Only last week Mr. Crawford, an active and observant Post Office Inspector, visited the office with a view of establishing free delivery service within the corporate limits of the town, with two deliveries daily; but to accomplish this good thing certain requirements must be observed. The houses must be uniformly numbered; pavements placed in good condition, all the streets numbered, and receptacles for mail matter established at all residences proposed to be served, of which there must be at least 85 per cent. Our streets we think are already numbered, the pavements largely in good condition, and we doubt not our business people and all others will gladly aid in furthering this fine project.

Lastly and mainly, our borough authorities will doubtless issue an ordinance covering the project and thus hasten it to a happy consummation. The hearts of our councilmen beat in unison for betterment, for progress, therefore the belief that they will do all in their power to bring about free delivery of the mails in Millinburg. Speed the happy day.

**Build to LAST, Mr. Farmer!**

Don't begin this Spring to patch up spots about the house and barn with lumber. To do that simply means to repeat the operation in a few years. Neither is it wise to build new with lumber where cement can be used. Nothing is coming into greater use on the farm than cement for building and repairing. But remember, when thinking of buying cement don't merely ask for "cement", but be sure that you get

**ALPHA PORTLAND CEMENT**

You will then be sure that you have the best. Concrete work made from this brand is bound to stand the most severe tests, and you have the satisfaction of knowing that you have BUILT TO LAST.

We are ready to supply you with Alpha Portland Cement.

**Essenkay**  
"ENDS TIRE TROUBLES"

**Positively Prevents Punctures**

NOW, please don't say, "Oh, just another one of those tire-fillers," and let it go at that! ESSENKAY is a tire-filler, but not the kind you probably have in mind. It is nothing like the ones that have been tried and found wanting, but is a wonderful discovery that has at last solved the problem of a real substitute for air.

**Cuts Your Tire Cost in Half**

ESSENKAY not only positively prevents punctures and "blowouts," (there is no air to puncture or "blowout"), but also doubles life of your castings and saves half your tire cost. First cost of ESSENKAY is your last cost, as it lasts for many years and is transferrable from one set of castings to another indefinitely.
