HARRISBURG NEWS LETTER

(Continued from first page.)

are scores of Republican members of the present Legislature that frankly admit (privately and not for publication, of course), that they don't expect to be in the next House. They say that their districts are hopelessly lost to their party, already. This is true of all doubtful districts, probably. What is more significant Republicans themselves admit that it is true of more than one district heretofore counted safely Republican. The thing which most angers the Republicans who are party men from principle and have no special interest in "plums" is that the party is split thru no higher motive than a sordid scramble for spoils. They likened both the Penrose-McNichol and Brumbaugh-Vare leaders to Kaiser—fighting without knowing what they're fighting for except power.

Signs that an open rebellion may materialize in the House before the end of the do-nothing session have been seen on several occasions. When necessary, Speaker Baldwin fires up the steam roller and tears her throttle open. "Dick" Baldwin is no artist with the steam roller; he is just a plain engineer. There was skill which compelled a certain sort of admiration in the gang rule administered in years past by such speakers as McClain and Walton and Marshall. Not so with Baldwin. His crudeness in steam-rolling only makes matters worse.

The night last week when Baldwin and the clerks jamm'd thru the bill raising salaries of judges of Philadelphia municipal court (an un-called-for Penrose McNichol measure) almost provoked a riot. Edwin E. Cox, leader of the Vares, challenged the roll-call and got formidable backing. Baldwin steered his steam-roller out of the ditch by adjourning the House with much haste but little dignity.

It is almost unbelievable that a Sunday-school teacher in Harrisburg could be so devoid of gray matter as to set on fire a forest under the impression that any one had the privilege to start a fire anywhere in the forests provided buildings were not endangered. But it is true, for a warden found her with a class of boys watching a fire, started by her, rage while a thirty-mile gale was blowing.

The first conviction of the year for setting forest fires was obtained in Johnstown, where two boys fired the hills in Lower Yoder township, Cambria county. The boys will probably be sent to the Ebensburg jail for a short term as a lesson to other boys of the community.

FRUITTOWN.

Mr. and Mrs. Daniel Royer and children, of Millin county, spent Sunday at the home of Mrs. Long.

After spending several weeks at this place Thomas Horner returned to his home in Youngville last week.

Mrs. Ruth Dippery and two sons spent last week visiting friends and relatives in Reedsville and Lewistown.

Harris Bubb spent a few days last week with his parents here.

Mrs. Copenhagen and daughter, of Pottery Mills, spent part of last week at the former's home in this place.

FARM AGENT AT WORK.

Has his Office in Court House, Bellefonte, and is Ready to Hear from Farmers.

At a meeting of the Executive Committee of the Centre County Farm Bureau, R. H. Olmstead assumed his duties as a County Extension Representative. Mr. Olmstead's office will be at the Court House, with Mr. Etters, County Superintendent of Schools. He will be glad to meet any one to whom he can be of any assistance. For the present he will spend most of his time getting acquainted with farmers and farming conditions throughout the county.

Mr. Olmstead can be reached on either phone, by letter, or by personal call at his office. Saturday will be observed as office day. The Extension Representative may be found in the office on that day and on other days by appointment. Arrangements have been made to answer telephone calls at all times. If he is not in the office when you call leave your name, address and telephone number so that he may get in touch with you as soon as possible. Whether it be an office call or personal farm visit the services of the Farm Bureau are free. It is hoped that residents will cooperate to make the Farm Bureau of the greatest value to the county.

MARSHALL JOFFRE'S CHICAGO RECEPTION.

(Continued from first page)

be given in their honor, which will be witnessed by hundreds of thousands of people. Following that, yet another public greeting will be given in an amphitheatre seating 18,000 persons, which will bring the public ceremonies to a close.

As a second city on the Western Hemisphere, Chicago is acquitting herself nobly in paying court and homage to her distinguished guests of a sister republic that has thrown off the yoke of kings and emperors forever.

France and our own beloved Nation are nobly and beautifully entwined in a holy, patriotic fellowship for the advancement and uplifting to a higher standard of government, justice and equity whereby the people of every land and tongue may become exalted for all time.

The epoch has been reached when the "divine right" felix toward potentates must be abandoned, when "royal blood" shall no longer be considered essential in the government of people, and when human intellect must be exalted as a paramount force through and by which the nations of the earth will conduct their affairs. "Government of the people, by the people, and for the people" must henceforth be the force to control affairs to the end that all men may enjoy the benign blessings of freedom in all things leading to greater advancement and happiness.

Build to LAST, Mr. Farmer!

Don't begin this Spring to patch up spots about the house and barn with lumber. To do that simply means to repeat the operation in a few years. Neither is it wise to build new with lumber where cement can be used. Nothing is coming into greater use on the farm than cement for building and repairing. But remember, when thinking of buying cement don't merely ask for "cement", but be sure that you get

ALPHA PORTLAND CEMENT

You will then be sure that you have the best. Concrete work made from this brand is bound to stand the most severe tests, and you have the satisfaction of knowing that you have BUILT TO LAST.

We are ready to supply you with Alpha Portland Cement.

BAUGH'S FERTILIZER

A big supply of this old reliable crop producer on hand and we will be pleased to have your order.

We are Closing These Out :

Plows, Harrows, Land Rollers

There are only a few implements and since we have decided to close out the line entirely, some farmer is going to get a chance to buy new machinery at a low figure. If you want it, come soon.

BINDER TWINE

The Plymouth-Cordage brand has proved to give the right kind of service. It's a good twine to stick to.
