GERMANY AS FOE TO FREEDOM

Wilson Declares Germany Has Left No Choice But War.

STERN WARNING TO TRAITORS

He Shows Up Germany's Scheme For World Domination - Has Made Puppets Of Her Ailies, Whom She Is Bending To Her Uses.

Washington.-America is at war with Germany because that country's "extraordinary insults and aggressions" left America no choice but to defend itself in defense of its rights, as a free people, and of its honor as a sovereign government.

Bare-headed, with a heavy raincoat buttoned up to his throat and with a Secret Service man holding an umbrella over his head, with the rain beating in his face and the wind at times almost blowing the sheets of his address out of his hand, President Wilson, in a storm such as this city has not seen for years, stated the reasons why this country is at war with Germany in a remarkable Flag Day ad- 97 dress which he delivered to about 2,000 prople at the grounds surrounding the Washington Monument.

The Intrigue Of Peace.

His address had been very carefully prepared, was marked by an aggressive ring and an emphasis of attack on the German government that has never appeared before. Mr. Wilson repeated the suggestion in his recent address to the Russian government that Germany foresaw its coming defeat, saying today that the German government "wishes to close its bargain before it is too late, and it has little left to offer for the pound of ed and wounded. Other places were protecting powers - France, Great flesh it will demand." He solemnly warned the American people against the "intrigue of peace" which Germany is engineering both in this country and abroad, and he gave notice to nounced number 534, including 97 killthe traitors in America who, having ed and 437 wounded. Fifty-five men or group of men will be permitted to killed and 122 women and 94 children stand in the way of the vindication of were wounded. every principle that this country holds tion of nations.

In Raging Storm

Never, in the history of the flag, has its birthday been celebrated as it was of persons fell victims to the explohere today! Shortly after 12 o'clock a sions. In one instance alone 10 chilterrific hall storm, accompanied by dren were killed in a school and 50 respecting the abdication of King lightning, one stroke of which killed a man, swept over the city and made it almost impossible to carry out the program for the open-air meeting in the were about completed to hold the meeting at the building of the Pan-American Union, which faces the grounds, but when President Wilson heard of the proposed change of the program he forbade it, stating that he would speak on the grounds "rain or shine." Mr. Wilson unselfishly sacrificed his own comfort, feeling that many people who could attend the gathering in the Monument grounds would be disappointed if the meeting were held in the Pan-American building. Accordingly, shortly before 3 French, commander of the home de be put into effect in the government o'clock, he entered his car, accompanied by Mrs. Wilson, and drove to the grounds. The rain was pouring in torrents, but, undismayed, Mr. Wilson left his car and, protected only slightly from the downpour by an umbrella held over him by one of the Secret Service men, he walked to the stand that had been erected, where Secretary Lansing and a number of other distinguished men awaited him, many of them in raincoats and all of them trying to keep off some of the rainverm by umbrellas.

Secretary Lansing Brief.

Secretary Lansing's introduction under the circumstances was naturally brief, for conditions did not conduce ing train. Seven persons were killed to oratory. Several thousand people and 17 injured here. Another bomb stood in front of the stand under umbrellas and several hundred more sat drawn to keep out the rain. At the caused. President's request Mrs. Wilson did not leave the car. Mr. Wilson smiled grimly as the rain beat into his face. Mr. Lansing introduced him briefly. "I have the honor, ladies and gentlemen," he said, "to introduce the President of the United States and the Commander-in-chief of the Army and the Navy." Mr. Lansing himself is a graceful speaker and he had prepared a brief address for the occasion, but this address must remain unspoken unless, indeed, some future occasion

offers. It is not improbable that the majorfty of the thousands who stood before the President under their umbrellas heard nothing of Mr. Wilson's address. He read it, nevertheless, word for word, and was occasionally rewarded by little outbursts of applause from the ingenious few who, in some way, found it possible to clap their hands Atlantic with a loss of 190 men. and hold their umbrellas at the same time. AMERICAN TANKER AND U-BOAT BATTLE

Four of Moreni's Crew Lose Their Lives.

Foe Lauds Captain For His Game Fight-British Merchant Cruiser and Five Norse Ships Are Destroyed.

Washington.-American naval gunners have met their first defeat in open fight with a German submarine. Official dispatches announced the destruction of the tank steamship Moreni, abandoned ablaze June 12 by her crew and armed guard after a desperate running fight in the war zone, which cost the lives of four of

Picked Up In Half Hour.

Half an hour after the tanker had been sent to the bottom her 43 survivors, including all of the members of the armed guard, were picked up with their lifeboats by a passing steamer. The German commander had set them adrift after congratulating the American skipper upon his game fight and having the wounded men treated by the submarine's surgeon.

The submarine began the action at a range of 8,000 yards, four nautica! miles, when she hardly was visible to the steamer without glasses. Presenting virtually no target herself, she sent 200 shells at the big tanker, making many hits, while the American gunners wasted 150 shots without harming the speck from which the deadly hail came.

German Courtesy Commented On. Naval officers assume that the sub-

marine was armed with the six-inch rifles mounted by most of the newest undersea boats. No statement was available as to the armament of the Moreni, nor as to whether she was one of the vessels that sailed without waiting for full equipment, including a range finder. The failure of the gunners to get the submarine was attributed generally to the long range and small target.

British Cruiser Sent Down.

London.-The British armed merchant cruiser Avenger was torpedoed and sunk in the North Sea on Wednesday night. All but one were saved. News dispatch from Copenhagen.

Eight French Ships Sunk.

Paris -Four French ships of more than 1,600 tons, one under that size and three fishing boats were sunk by mine or submarines during the week ending June 14. Six ships were unsuccessfully attacked during the same period, while 1,034 vessels of all nations entered French ports and 1,015 left.

PLANS TO DOMINATE AIR.

Aircraft Board Expects U. S. To Turn Scales In War.

Washington.-A program of aircraft production through which it is hoped to dominate the fighting lines of Europe within a year has been worked out by the Aircraft Production Board of the Defense Council, and will be submitted to Congress soon with a request for a large appropriation to carry in into effect.

Howard Coffin, chairman of the board, stated that although details would not be revealed now, the plan was so comprehensive that he was sure Congress would approve it quickly. For weeks Mr. Coffin has been in conference with the country's leading aircraft and material makers and the plan he will submit is believed to have the approval of all the interests which will do the actual construction work.

SILVER AND LEAD GOING UP.

Lessened Production and War Demands Given As Cause.

New York.-War demands, which long ago virtually swept the market bare of spot copper, are rapidly diminishing the market supplies of silver and lead. Bar silver rose to 77 cents an ounce, an advance of 21-8 cents over the price of the early part of the month and within 2 cents of the extreme price of last February. Quotations for lead varied, some producers asking 12 1-2 cents a pound, the highest price for 30 years, although 11 cents was quoted by the more extensive dealers.

Secretary McAdoo announced the over-subscription of the loan in the following statement: "The Liberty Loan has been over-
