

The subject will be developed by Dr. Yocum and Prof. N. E. in George A. O'Neil.

The first "World War Talks" will be given in Grange Arcade, Thursday evening, October 4, 7:30 o'clock, by Dr. E. H. Yocum and Prof. C. R. Neff. Neither of the speakers need introduction to the readers of this local paper. It is because they are personally known and have been heard from on the platform that they have been asked to talk on the subject named. Dr. Yocum's Memorial address in Centre Hall so thoroughly pleased the large number who heard it that there has since been a great desire to hear him again. With this in view the senior editor of the Centre Reporter arranged for the meeting as announced above, and will bear the expenses. Prof. Neff has long been a favorite local speaker, and for the reason that like Dr. Yocum his talks are always confined to the subjects announced and are full of information. It is due the speakers to say that they are giving their service free, except for transportation.

Dr. Yocum will divide his address into four parts:

"The World War"—

- I. The Message of Humanity,
- II. How It Came About,
- III. How We Got Into It,
- IV. The Patriotism Needed to Win.

The subject "Germany's form of Government" will be developed by Prof. C. R. Neff, thus:

- (a) Our earliest information about the German people.
- (b) Their part in the overthrow of the Roman Empire.
- (c) Their attempt to restore the Roman Empire.
- (d) The rise of Prussia.
- (e) How the creation of the German Empire of today was brought about.

Previous to the speaking, a brief period will be devoted in memoriam to Hon. Leonard Rhoads.

The Bellefonte High School orchestra, twenty pieces, under the direction of Prof. Weir, will furnish the music. This musical organization is a perfect delight, and is better this year than any time heretofore. The concert will begin promptly at 7:30.

A section of the hall will be reserved, and for these seats tickets will be issued, but no charge made for them, the admission being absolutely free to all parts of the hall. Just before the concert begins all seats not already occupied will be at the disposal of the ushers, who will locate the guests not previously seated.

Two things are requested of the guests:

1. Enter the hall prior to 7:30.
2. Give attention.

After the exercises a light lunch will be served the speakers and members of the orchestra.

What more truthful than that expressed in the following paragraph by "The Jew," in the Lewistown Sentinel: Men sit in clubs with sideboard attachments or at other places indulging in liquid refreshments secured through agents, and bemoan the fact that War is hell and causes so much death, suffering and distress, when it is a fact that booze kills more people and raises more hell than War ever did.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
