Woman Tells How \$5 Worth of Pinkham's Compound Made Her Well.

lacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman

after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterds, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

—Mrs.JENNIE MOYER, 342 E.North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, ner-wousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

## Help to Save Nation's Food Supply

In this time of high cost of living, everybody should use all possible means to prevent waste and to help save food. No one means can be more effective than a vigorous campaign to exterminate rats which destroy over two hundred million dollars worth of foodstuffs annually. Keep garbage in rat-proof cans, stop up their holes, and above all exterminate them with Stearns' Paste, which can be bought for a few cents at any store. A two cunter how will usually rid a house or barn of covery rat. It destroys mice, cockroaches and waterbugs as well. Adv.

### HERMIT SCULPTOR IS FOUND

Spends Time Modeling Little Masterpieces Which He Promptly Destroys Upon Completion.

There has been discovered at Cape Scott, one of the most solitary points in Vancouver Island, by the chief epgineer of the public works department of British Columbia, a sculptor who epends his time in modeling little masterpieces from lumps of clay and then destroying them, relates an exchange.

He is A. F. Whittier, and he calls himself a "prospector." Living entirely alone, he has for the past two years been carrying out lonely investigations of mineral claims in his neighborhood. His sculptor's tools are of the simplest kind, and it is his habit to work with the same piece of clay, which weighs scarcely five pounds, but with that he has modeled scores of objects.

The government engineer found him fust as he had completed a bust of the martyred British nurse, Edith Cavell. Mr. Whittier was about to destroy the work in order that he might use the clay for a miniature statue of his son, who was recently killed. He was, however, persuaded to part with the bust. which is to be auctioned in aid of the Red Cross funds.

# HORNSBY IS SINGULAR

Gives His Opinions on Pitching and Baseball in General

New York Reporter Interviews Cardinal Player and Leaves With Impression That He Is Most Extraordinary Young Man.

A scribbling sharp in New York sought to interview Roger Hornsby of the Cardinals on his opinions concerning hitting, pitching and baseball playing in general.

"How do you figure a pitcher?" was one of the questions asked the Card- 48@50. inal swatsmith.

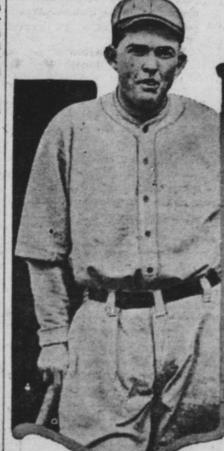

"Figure him? Not much to figure." said Hornsby. "All any pitcher's got 28@261/4. is a fast one or a slow one or a curve or maybe a spitter. If he don't get it over you walk. If he does, bust it on

This was not enlightening, so the cribe tried a new tack.

and hustle it to some base. Or if you're playing first, you got to get the throws they give you if you can. If you don't you're no good.'

"How do you account for your success in the big league?" was the next thing fired at Hornsby.

"'Count for it? Say, how do the rest of 'em 'count for it? They just do the best they can, don't they? Well, that's what I do."

The newspaper reporter retired with the opinion that Hornsby is a most extraordinary young man.
